(~~FOUO/LES~~) On 10JUN06, at approximately 0403 hrs, Master at Arms (MA) Second Class(2) (b)(3) (b)(6) (b)(7)(C) USN was interviewed within a break room at Camp Delta, Guantanamo Bay, Cuba. The interview was conducted by Reporting Agent (RA), Special Agent (SA) (b)(6) (b)(7)(C) Criminal Investigation Task Force (CITF), Guantanamo Bay Cuba.

(~~FOUO/LES~~) (b)(3) (b)(6) s currently assigned to 7.0 Bravo Company and is a block guard at Camp One, Alpha block. According to (b)(3) (b)(6) Alpha block has 29 detainees and five Military Police officers. According to (b)(3) (b)(3) Camp One, Alpha block is a compliant block.

(~~FOUO/LES~~) RA asked (b)(3) (b)(6) to describe the events that transpired in Camp One on 10JUN06. (b)(3) (b)(6) explained the night was calm and the detainees in Camp One, Alpha block started chanting. According to (b)(3) (b)(3) he detainee's were singing different songs. A detainee in cell number (b) explained the other detainee's were chanting Taliban songs and stated, "kill them all, kill them all, the Americans". The guards called for a translator to come over to Alpha block and translate what the detainee's were singing. An interpreter from (b)(2) came over to Alpha block and listened to the detainee's chanting. The unidentified translator explained to the guards the detainee's were simply singing. (b)(3) (b)(6) (b)(7)(C) left Alpha block at around 2300hrs, to go eat. According to (b)(3) (b)(6) he and (b)(3) (b)(6) were gone for approximately forty five minutes. Shortly before 1200 hrs (b)(3) (b)(6) (b)(7)(C) returned to Alpha block. At this time (b)(3) (b)(6) was "walking the block" and was going to be relieved by (b)(3) (b)(6) According to (b)(3) (b)(6) (b)(7)(C) wanted to take (b)(3) (b)(6) shift. Some time after 1200 hrs (b)(3) (b)(6) took over the block watch. (b)(3) (b)(6) was unsure how long (b)(3) (b)(6) was walking the block.

(~~FOUO/LES~~) According to (b)(3) (b)(6) (b)(7)(C) noticed something suspicious on Alpha block, cell number 8 during the course of his shift. (b)(3) (b)(6) left Alpha block and went into the NCO's office to get (b)(3) (b)(6) According to (b)(3) (b)(6) (b)(7)(C) asked (b)(3) (b)(6) to come and look at something "fishy" on the block. (b)(3) (b)(6) (b)(3) (b)(6) (b)(7)(C) went over to cell number 8 which was occupied by Internment Serial Number (b)(2) 000093. (b)(3) (b)(6) witnessed what appeared to be a small torso under the blanket. (b)(3) (b)(6) could not see the head or feet which were covered up by the blanket. (b)(3) (b)(6) called for the detainee to wake up but did not get a response. (b)(3) (b)(6) also noticed a blanket hanging in the corner of the cell. According to (b)(3) (b)(6) detainees are allowed to hang sheets up to dry in the cells. (b)(3) (b)(6) again called out for the detainee but got no response. This was after 1200hrs and (b)(3) (b)(6) believed the time may have been 1230hrs. (b)(3) (b)(6) and (b)(3) (b)(6) were the "primary ERF team" (Emergency Removal Force) on Alpha block.

(~~FOUO/LES~~) (b)(3) (b)(6) (b)(7)(C) both went back to the NCO's office and told the NCO, (b)(3) (b)(6) (b)(2) (b)(2) (b)(3) (b)(6) (b)(7)(C) went back to Alpha block cell number 8 and started calling for the detainee in cell number 8 to wake up. At this time other detainee's on the cell block were saying, "shut up, shut up" to (b)(3) (b)(6) (b)(7)(C) explained the detainees get upset at night if the guards make any kind of noise. (b)(3) (b)(3) opened the cell, pulled the blanket back and jumped back. (b)(3) (b)(6) explained (b)(3) (b)(6) went to pull the hand from under the blanket but ISN 093 was not there. There was a make shift body which consisted of toilet paper and other items form the cell. (b)(3) (b)(6) explained he called (b)(3) (b)(6) over for help. (b)(3) (b)(6) explained he

was fearful of entering the cell because of "snowballing" (term used to describe detainees throwing items at guards). (b)(3) (b)(6) reopened the cell and the three person team, (b)(3) (b)(6) (b)(7)(C) entered the cell and cautiously approached the blanket hanging in the corner of the cell. (b)(3) (b)(6) was outside of the cell at this time. (b)(3) (b)(6) did not recall who pulled the blanket down from the cell. Once the blanket was removed from the wall (b)(3) (b)(6) witnessed a detainee ISN 093 hanging from the cell ceiling. The detainee had a tightly wrapped sheet around his face, neck and a "wad of sheet in his mouth". (b)(3) (b)(6) recalled someone other than himself lifted ISN 093 from the dangling sheet. (b)(3) (b)(6) cut the sheet and managed to get ISN 093 down from the ceiling. According to (b)(3) (b)(6) (b)(7)(C) laid ISN 093 down. (b)(3) (b)(6) recalled observing ISN 093's fingers as being blue and SN 093 appeared to be dead. (b)(3) (b)(6) stated, "I knew he was dead". (b)(3) (b)(6) attempted to get the sheet out of ISN 093's mouth. At this point the rest of the detainees on the cell block became loud. According to (b)(3) (b)(6) "the block went crazy". A medical board/stretcher was brought for ISN 093 and (b)(3) (b)(6) recalled medical being called for but never showed up. All three guards placed ISN 093 onto the board and ran to medical. (b)(3) (b)(6) explained not waiting for medical is not the normal procedure but due to medical not arriving on scene ISN 093 was rushed to the hospital.

(~~FOUO/LES~~) (b)(3) (b)(6) expanded on the condition of the cell and explained numerous items were placed under the blanket. A sheet was hanging from the cell mesh and it was reportedly hard to see into the cell because of rugs and other items hanging inside the cell. (b)(3) (b)(6) commented on the blanket that was hanging from the cell mesh and stated, "they are allowed to do a lot of things that led to this. According to (b)(3) (b)(6) the detainees have not had the opportunity for recreation in recent days so the detainees would use water bottles to wash the sheets and hang the sheets to dry.

~~(FOUO/LES)~~ Upon (b)(3) (b)(6) returning from the hospital to Alpha block he noticed people were all over the cell blocks and noticed there was a problem with Alpha block cells number 12 and 5. (b)(3) (b)(6) recalls being a member of all three entry teams into the cells. (b)(3) (b)(6) recalled entering cell number 5 but can't recall cell number 12 because so much was happening and the "adrenaline" was taking over. RA asked MA2 HUNT if he could describe what he observed in cell number 5. (b)(3) (b)(6) recalled entering cell five and observing the "same thing" a blanket was hanging from the ceiling. (b)(3) (b)(6) recalled yanking the blanket and noticed it was hard. (b)(3) (b)(6) described the blanket finally falling and lifting the detainee's torso to the ground. When asked to identify the detainee in cell number 5, (b)(3) (b)(6) thought the detainees ISN was 693. (b)(3) (b)(6) recalled (b)(2),(b)(7) the detainee's legs and noticed the detainee was cold to the touch. (b)(3) (b)(6) explained he knew the detainee was "gone" because he smelled feces. (b)(3) (b)(6) helped put the detainee on the ground and onto a backboard. According to (b)(3) (b)(6) someone else took the detainee to the hospital. (b)(3) (b)(6) again reiterated "medical never showed up, it seemed like they didn't know what was going on". (b)(3) (b)(6) described vomiting after the series of events and after all three detainees were removed to the hospital.

(~~FOUO/LES~~) RA asked (b)(3) (b)(6) to describe the sequence of cell entries (b)(3) (b)(6) explained they first went into cell number 8 then number 12 and finally number 5. (b)(3) (b)(6) could not recall going into cell 12 and stated, "I think I might have". (b)(3) (b)(6) again described the adrenaline rush he felt as the series of events took place. RA asked (b)(3) (b)(6) how long it took to remove all detainees to medical. According to (b)(3) (b)(6) it was under 30 minutes for the complete removal of the detainees. RA asked (b)(3) (b)(6) if any of the other detainees were making statements when the commotion was ongoing. (b)(3) (b)(6) explained other detainees were asking "what happened? what happened to my brother Yousef?". RA asked (b)(3) (b)(6) if any one was on the hunger strike. (b)(3) (b)(6) explained the only detainee who was on the hunger strike was the detainee in cell block 1. RA asked (b)(3) (b)(6) if he observed anything that seemed unusual or suspicious about the other detainees. (b)(3) (b)(6) explained the detainee in cell number 48 is very friendly and would always talk to the guards and warn them about things that are about to happen but on 09JUN06, he was extremely quiet. (b)(3) (b)(6) found this to be very suspicious. (b)(3) (b)(6) stated, "he is friendly but not tonight". According to (b)(3) (b)(6) he just laid in his rack. RA asked (b)(3) (b)(6) to provide a sketch of the cell block and identify the cells where the suicides took place. (b)(3) (b)(6) provided a sketch of the Alpha block. (b)(3) (b)(6) appeared shocked and surprised while talking about the events that took place on 10JUN06. At approximately 0450hrs, the interview ended and (b)(3) (b)(6) was released back to his command.

~~FOR OFFICIAL USE ONLY // LAW ENFORCEMENT SENSITIVE~~

(~~FOUO/LES~~) On 10 Jun 06, (b)(3) (b)(6) (b)(7)(C) Joint Task Force, Guantanamo Bay (GTMO), Cuba, was interviewed by Special Agent (b)(6) (b)(7)(C) Criminal Investigation Task Force (CITF-GTMO) and provided the following information:

(~~FOUO/LES~~) She was on duty at the time of the three detainee's deaths and was actually involved in assisting her team mates in removing YASIR TALAL ABDALLAH AL ZAHRANI (b)(2) -000093DP), herein referred to as ISN 093 from his cell after he apparently hung himself. She was also present when two other detainees were discovered hanging in their cells and was instrumental in removing these individuals and seeing that they were transported to the detainee medical clinic for medical treatment.

(FOUO/~~LES~~) (b)(3) advised she arrived for duty at approximately 1715, 9 Jun 06 and was schedule for duty until 0600, 10 Jun 06, as a guard for Squad 1, Platoon 2, at Alpha block, Camp 1. Those duties included patrolling the detention block to insure the safety and welfare of the detainees and guards on duty.

(~~FOUO/LES~~) While on duty Friday night, she recalled the detainees singing and chanting in their native language and she recalled a translator being summoned to the block to interpret/translate what the detainees were saying It was her understanding they were chanting words such as killing Americans.

(~~FOUO/LES~~) She went to dinner and returned to duty about 0040, 10 Jun 06 and shortly thereafter (approximately 0043) she called in a self initiated threat to one of the detainees, commonly referred to as a (b)(2) This was based on a walk through of the block to check on the detainees with the (b)(3) (b)(6) (b)(7)(C) (b)(3) (b)(6) was unable to see ISN 093 on his bed in cell 8 and attempted to walk around at different angles of the cell looking for ISN 93. He summoned (b)(3) to assist in inspecting the cell because a blanket and a sheet was hanging in the cell and degrading their view. (b)(3) thought the detainee may be on his bed, but was uncertain and attempted to remove a covering lying on the bed. While the exterior of the cell was being inspected, she obtained the (b)(2) from the forward guard shack and brought it to the cell. This is a normal procedure in the event of an unusual situation and provides the guards with items that assist in helping and/or restricting the movement of a detainee in his cell. She advised the (b)(2) (b)(2) (b)(2) (b)(3) (b)(6) (b)(7)(C) entered cell 8 and found ISN 93 hanging in his cell. (b)(3) grabbed ISN 093 by the legs to hold him up and release the pressure on the neck while (b)(3) cut him down. ISN 93 was then taken from his cell and placed on the floor where she put on leg and arm restraints. (b)(3) (b)(6) (NFI) brought in a back board and ISN 93 was placed on the board and carried to the detainee clinic by her (b)(3) (b)(6) (b)(7)(C) and (b)(3) (b)(6) (NFI). She stated that while all this was taking place, the detainee clinic was notified of this incident and that ISN 93 was enroute to the clinic.

(~~FOUO/LES~~) (b)(3) stated that ISN 93 had apparently hung himself using the hem or some part of the bed sheet which had been torn or separated from the sheet and then twisted or braided and then tied to the highest portion of the cell. He also apparently tied his wrists (b)(2) of the sheet as well as used part of the sheet as a mask around his ears and forehead. At the time of his removal from the cell, that material found on him remained with the body when ISN 93 was taken to the clinic. (b)(3) further advised that (b)(2) which is next to and left of

ISN 93 was not being used at the time of this incident.

(~~FOUO/LES~~)(b)(3) stated a walk through of the block is conducted every 30 minutes and stated she walked through the cell block with her Platoon Leader at 2300-2330 and all detainees were sleeping at the time. Also, there are two sets of lights in Alpha block but at night, one set is turned off. The lights on the side where ISN 93 resided were turned off, decreasing vision to the cells on that side of the block. She stated Alpha block can contain (b)(2) (b)(2) The last part of the block is empty. There are five guards on duty for this cell block including herself,(b)(3) (b)(6) (b)(7)(C) elated that their have been a number of (b)(2) ncidents since the May 19th incident (disturbance in Camp 4) and that new procedures are in place to include verifying that self-harm incidents to detainees are carefully verified and that the guard force is not putting themselves in harms-way when entering the cells.

(~~FOUO/LES~~) (b)(3) stated that as they were taking ISN 93 to the clinic, the SOG, (b)(3) (b)(6) (b)(7)(C) and Platoon leader (b)(3) (NFI), came to Alpha block and told her they would cover for her and her team while they took ISN 93 to the clinic. When she came back, she heard another detainee (ISN 588) in cell 12 had been found hanging and she used her keys to let them in. She does not know who cut the detainee down, but she removed the (b)(2) She observed that the situation appeared to be the same, but that detainee ISN 588 did not (b)(2) All items found with the detainee and taken (b)(2) remained with the detainee when he was removed to the clinic. While handling the incident, she was called to bring shears to cell 5 (ISN 693) and she had to go to(b)(2) to obtain the shears. When she returned, the cell had already been opened and individuals were working on ISN 693. She did not see anything as ISN 693 was already on the floor and the best that she could recall was that soldiers from Escort may have taken ISN 693 to the clinic.

(~~FOUO/LES~~) (b)(3) stated that after these three incidents, they had the detainees remove all items from the cell (b)(2) She was uncertain as to the time she was actually relieved.

(~~FOUO/LES~~) (b)(3) advised that she (b)(3) (b)(6) normally work the block together and have done so for the past three weeks. She is not really familiar with the other members of the Alpha block team.

(~~FOUO/LES~~) In conclusion (b)(3) (b)(6) provided the following information about her and stated she had been at GTMO for approximately eight months, arriving in Oct 05 and departing after a one year assignment in Oct 06. She transferred from Okinawa, Japan and will be reassigned to Rota, Spain. (b)(3) (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C)

Between 1830 - 1900, (b)(3) (b)(6) assisted in the distribution of dinner, handling the right side of the block (b)(2) due to the disruptive nature of the detainee in (b)(2 towards women (b)(3) (b)(6) distributed dinner to the detainees on the left side of the block, (b)(2) After dinner, the prayer call went down and the detainees began to pray for thirty minutes to one hour. The majority of the detainees began singing around 2030 - 2100; some detainees did not participate in the singing. (b)(3) (b)(6) (b)(7)(C) a linguist had listened to the singing from (b)(2) block and said there was nothing to worry about, the detainees were just singing. The singing went on for awhile which (b)(3) (b)(6) said was not normal. (b)(3) (b)(6) asked the detainee in cell (b)(2 what the group was singing about. The detainee said he did not know and that he only understood their curse words. After the singing, the detainees in Alpha block were real quiet. (b)(3) (b)(6) said it was difficult to determine the mood of the detainees although he did say he believed there was "strong emotion."

(~~FOUO/LES~~) (b)(3) (b)(6) (b)(7)(C) mopped the tier and took watch by himself for the (b)(2) shift. All the detainees were awake and the last prayer call occurred at 2200. (b)(3) (b)(6) went to eat dinner at 2300 and returned to the block around 2345 - 0000 after handling administrative leave issues. (b)(3) (b)(6) wanted to take a break later in his shift to finish his leave issues so he entered Alpha block around 0036-0037 to take over that half-hour shift, enabling him to finish his leave issues later that morning. (b)(3) (b)(6) had already started the walk-around and was halfway down the right side of the cell block. (b)(3) (b)(6) (b)(7)(C) in the middle and walked back to the entrance with him as he left. (b)(3) (b)(6) (b)(7)(C) then began the walk-through by starting again on the right hand side of the block, (b)(2) and working all the way down the right hand side to the last cell on the right, (b)(2 (b)(3) (b)(6) said he took his time by looking in each occupied cell and making sure he could at least see the detainee's chest moving while breathing. (Agent's note: During sleep hours, only one side of the block is illuminated with overhead lights. On this night, the right side overhead lights were turned on and the left side of the block was in darkness).

(~~FOUO/LES~~) (b)(3) (b)(6) (b)(7)(C) made the following observations from his walk-through: The detainee in (b)(was sitting up, looking up with his hands on the mesh wall and wearing a blanket on his head. When he saw (b)(3) (b)(6) he removed the blanket from his head but made no comment. The detainee in (b)(2 was awake in his cell but made no verbal exchange. The detainee in (b)(, an older man, sometimes lay on his stomach while sleeping and (b)(3) (b)(6) (b)(7)(C) remained at the cell a little longer than usual to ensure the detainee was breathing normally.

4. REMARKS (Continued)

(~~FOUO/LES~~) When (b)(3) (b)(6) arrived at cell A25, he noted the detainee had his blanket covering his head while sleeping. (b)(3) (b)(6) knocked on the bean hole quietly and said, "(b)(2) The detainee in cell (b)(2 awoke and asked "Is it talky talky time?" (b)(3) (b)(6) said it was not but he needed the detainee to keep the blanket off his head while he was sleeping. The detainee said, "Sorry, MP" and went back to sleep. (Agent's note: (b)(3) (b)(6) (b)(7)(C) stated the detainee in (b)(2 had been involved in a minor assault earlier in the day, on 9 Jun 06. The detainee yelled at (b)(3) (b)(6) and a medical troop saying, "You bastards, I'll kick you asses, stupid Americans." The detainee apparently did this because he wanted his Ensure drinks. He later apologized for his actions).

~~(C)~~ (b)(3) (b)(6) continued the walk-through by working the left hand side of the block, starting at cell (b)(2 (b)(3) (b)(3) arrived at cell A8 (ISN 93) around 0040-0045. Looking into the cell, he noticed ISN 93's green mattress was rolled up to the front of the cell on top of the bunk, limiting the view inside the cell. Leaning to one side, MA3 LOPEZ was able to see the silhouette of a body on the bunk of the cell (bump at top, torso and separated legs). However, the silhouette did not look normal to him and looked like a small person, much smaller than ISN 93. (b)(3) (b)(6) also noticed the detainee's blue blanket hanging in the left corner in front of the sink area, attached to the back window and the cell wall next door (b)(2) This was not unusual as he had previously seen ISN 93 washing the blanket around dinner time with a water bottle and hanging the blanket up to dry. MA3 LOPEZ banged on the bean hole but there was no answer. (b)(3) (b)(6) then noticed a white sheet hanging on the mesh wall inside cell A8 blocking the view from Cell (b)(This was unusual as (b)(3) (b)(6) had not seen a white sheet hung up like this earlier in the day. When (b)(3) (b)(6) saw the white sheet hanging up he felt something was wrong and whispered, "Fuck." (b)(3) (b)(3) left the block at a fast walk and returned with (b)(3) to look at the cell. They both agreed the silhouette on the bunk did not look normal. They banged on the bean hole again, saying, "Hey, A8?" There was no response. They banged again, saying, "Number 8? Number 8!" There was no response. At this time, some of the detainees had awoke from the noise and were saying, "Shhh! Quiet!"

~~(C)~~ (b)(3) (b)(6) noticed the Sergeant of the Guard (SOG), (b)(3) (b)(6) (first name unknown), walking past the entrance of Alpha block. (b)(3) (b)(6) (b)(7)(C) from the guard shack and they all approached cell A8. (b)(3) (b)(6) (b)(7)(C) they could not awaken the detainee in A8 and there was something odd about the set-up of the cell. The guards could not see anything from either side of the cell. (b)(3) (b)(6) (b)(3) (b)(6) (b)(7)(C) decided to drop the bean hole and pull the blanket off the "body" on the bunk. When the blanket was pulled off the bed, they saw linens had been lined on the bunk in the shape of a body; they did not see ISN 93.

(~~FOUO/LES~~) Joining the group was (b)(3) (b)(6) who came into the block with (b)(2) prepared for a possible self-harm situation. (b)(3) suggested someone go outside and check through the back window. (b)(3) (b)(6) (first name unknown) had also joined the group from the sally port and went to check the cell from the outside. Upon seeing the back of the cell, (b)(3) (b)(6) yelled out "He's hanging! He's hanging! Get him down!"

~~(C)~~ The cell door was opened and (b)(3) (b)(6) pulled the blue blanket down. ISN 93 was hanging in the corner of the cell by a white sheet which was wrapped around his head lengthwise and around his forehead. (b)(3) (b)(6) (b)(3) picked up ISN 93's body to loosen the slack on the sheet and (b)(3) (b)(6) cut the sheet with a pair of scissors. (b)(3) (b)(6) noted ISN 93 had urinated and his fingers and feet were tinged blue. ISN 93 was placed on the tier floor and (b)(3) (b)(6) (b)(7)(C) rushed to get a stretcher from outside the cell block. When they returned to Alpha block, ISN 93 was in the middle of the tier floor with (b)(3) (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) (first name unknown) and various, unknown members of an escort team which had arrived on-scene (b)(3) (b)(6) tried to check for a pulse and also tried to remove the sheet that was lodged down ISN 93's throat but was unsuccessful. (Agent's Note: (b)(3) (b)(6) stated that during this time there was a lot of cross-talk and arrival of personnel and he remembers someone shouting to open the sally ports. (b)(3) (b)(3) did not recall when or if the lights on the left side of Alpha block were turned on).

~~(C)~~ ISN 93 was placed on a stretcher with (b)(3) (b)(6) (b)(7)(C) maintaining control over ISN 93's head. (b)(3) (b)(6) (b)(7)(C)

carried the stretcher out of Alpha block along with (b)(3) (b)(6) (b)(7)(C) ISN 93 was carried to the medical clinic around the corner and (b)(3) (b)(6) banged on the door. They entered the clinic yelling, "Get up (b)(2) (Agent's Note: (b)(3) (b)(6) stated (b)(2) was code for a self-harm situation). They carried ISN 93 into the clinic (with the hanging contraption still affixed to his head) as medical personnel were getting up and putting on their coats. They were instructed to place ISN 93 on another stretcher and were told by a corpsman to leave. (b)(3) (b)(6) threw his latex gloves into a trash can on the way out of the medical clinic. (Agent's Note: (b)(3) (b)(6) did not believe the medical personnel were aware they were coming).

~~(C)~~ Once outside (b)(3) (b)(6) heard guards shouting, (b)(2) We've got another one!" (b)(3) (b)(6) began running back to Alpha block. In the sally port, (b)(3) (b)(6) met up with an unknown Warrant Officer and Assistant Officer-In-Charge (AOIC) who yelled, "Come on!" They grabbed two stretchers and heard more guards shouting out "Alpha! Alpha! Alpha!" (b)(3) (b)(6) entered Alpha block and saw a number of MPs (military police) at cell A5. They brought ISN 693 out of the cell and attempted to undo the contraption around his face and throat. (b)(3) (b)(3) handed a member of the escort team a stretcher and was provided gloves by (b)(3) (b)(6) (b)(3) (b)(6) put the gloves on, assisted placing ISN 693 onto the stretcher, and carried him out of Alpha block to the medical clinic.

~~(C)~~ Upon arrival at the medical clinic, (b)(3) (b)(6) saw doctors performing CPR on ISN 93 with chest pumps and electric shock. They entered the clinic with ISN 693 and were told to place him in the last room on another bed. While still in the medical clinic, MPs entered with the third detainee, who (b)(3) (b)(6) believed was in cell A12. (b)(3) (b)(3) did not have any involvement with the team that discovered and brought the detainee from cell A12 to the medical clinic.) After ISN 693 was secured at the medical clinic, (b)(3) (b)(6) left the clinic and returned to Alpha block.

~~(C)~~ Back at Alpha block, many of the guards were very emotional. (b)(3) (b)(6) was really upset and was crying. (b)(3) (b)(6) said he was very emotional himself but tried to pull himself together for the sake of the rest of the team. The detainees inside Alpha block did not say anything. (b)(3) (b)(6) noticed the detainee in (b)(2 had a look on his face that (b)(3) (b)(6) described as "distraught"; a "I can't believe he did that" type of look. The mood in the block was somber. (b)(3) (b)(6) thought back to the singing and chanting that occurred earlier (Friday, 9 Jun 06), around 2030 - 2100 and wondered if the group had been saying goodbye to their fellow detainees.

~~(C)~~ (b)(3) (b)(6) recalled his interactions with the detainees in A5 and A8 earlier in his shift (9 Jun 06). When (b)(3 (b)(3) distributed dinner to ISN 693 (A5), he asked (b)(3) (b)(6) to give him eight apples. (b)(3) (b)(6) said he would give him one apple (normal ration). That type of banter was usual from ISN 693. (b)(3) (b)(6) noted ISN 93 (A8) did not eat dinner on 9 Jun 06. He was very somber when (b)(3) (b)(6) gave him his milk.

~~(FOUO/LES)~~ (b)(3) (b)(6) also recalled the detainee in cell (b)(was usually very funny and always joking around and talkative. During (b)(3) (b)(6) shift on 9 -10 Jun 06, the detainee was very quiet, even during the singing. (b)(3) (b)(3) remembered the detainee in (b)(2 was also very quiet on the day of the detainee riots in May 06. At the time, (b)(3) (b)(6) attributed the block's somber mood and non-combative attitude for the last few days to the rainy environment.

~~(FOUO/LES)~~ After the incidents, all detainees were instructed to pull down any sheets or bed hangings from the walls. (b)(3) (b)(6) spoke with (b)(3) (b)(6) who told him to keep his head up. (b)(3) (b)(6) said he spoke with a detainee on (b)(block who asked what happened tonight? When (b)(3) (b)(6) said he did not know, the detainee said, "I know. I know who it was too."

~~(FOUO/LES)~~ (b)(3) (b)(6) said he believed the ISN 93 might have died sometime while he was at dinner, between 2300 - 0000, because ISN 93's fingers and feet were tinged slightly blue. (b)(3) (b)(6) (b)(7)(C) had the watch between 0000 - 0030.

4. REMARKS

Witness Interview of: (UNK) (b)(3) (b)(6) (b)(7)(C)

~~(FOUO//LES)~~ On 10Jun06, (b)(7)(C) Criminal Investigation Task Force (CITF), interviewed of (b)(3) (b)(6) (b)(7)(C) USN, NON-PO, Joint Detention Group, Joint Task Force, Guantanamo Bay, Cuba at the Information Operations Facility aboard U.S. Naval Station Guantanamo Bay, Cuba. (b)(3) (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) The interview was conducted in an effort to obtain amplifying information surrounding the apparent suicide of three detainees occurring on 10Jun06, at approximately 0030 a.m., within Alpha block, Camp Delta, Guantanamo Bay, Cuba.

(~~FOUO//LES~~) During the interview, (b)(3) (b)(6) (b)(7)(C) related he has been assigned to the Joint Task Force since 05Oct05, with a rotation date of 05Oct06. (b)(3) (b)(6) said that on the evening of 09Jun06, he was assigned to perform guard duty on Alpha Block, within Camp Delta, Guantanamo Bay, Cuba. (b)(3) (b)(6) explained his responsibility entailed conducting routine security checks along the cell corridor of Alpha Block, and otherwise helping maintain the general welfare of the detainees housed within.

~~(FOUO//LES~~) (b)(3) (b)(6) explained he started his shift at approximately 1745 by reporting for Guard Mount. (b)(3) (b)(6) related that while at Guard Mount (b)(3) (b)(6) the Watch Coordinator, advised him he would be assigned guard duty within Alpha Block, Camp 1, within Camp Delta. (b)(3) stated that after receiving his instructions with respect to where he was assigned, he proceeded to Camp 1 wherein he subsequently relieved the guards assigned to the previous shift. (b)(3) (b)(6) said his shift officially started at approximately 1800.

(~~FOUO//LES~~) (b)(3) (b)(6) stated the beginning portion of his shift passed in a routine fashion, meaning that he conducted his duties in similar fashion as he had done time and again. (b)(3) (b)(6) said there was nothing that stood out abnormally as far as the detainee dynamics on the block were concerned. (b)(3) added, that since there was not any recreation scheduled for the day, he passed most of the early portion of his sift conducting walkthroughs up and down the block corridor.

(~~FOUO//LES~~) (b)(3) (b)(6) continued to explain the only increase in detainee activity occurred at approximately 1945, when the detainees on the block began chanting. (b)(3) (b)(6) explained detainees housed within the blocks periodically chant in unison and otherwise sing songs which he described as being anti American. When asked how he was able to tell the songs were anti American in nature, (b)(3) (b)(6) answered he heard English words like "Allah Akbar, Zarqawi, America, and Cuba" littered within the song; consequently causing him to ask a detainee (Internment Serial Number (b)(2),(b)(6) about the song's meaning. According to (b)(3) (b)(6) (b)(6) explained the song was an old Talib song, sung in remembrance of the Taliban and Afghanistan. (b)(3) (b)(6) related that despite the explanation given by (b)(6) he still speculated the purpose of the song was more about disparaging the United States and frustrating the guards on the block than anything else. Nevertheless, (b)(3) (b)(6) said the chanting continued until approximately 2100, wherein it was essentially interrupted by the call to Prayer. (b)(3) said, following the last call to Prayer, the chanting resumed for approximately fifteen minutes before ultimately stopping with most of the detainees turning in for bed.

(~~FOUO//LES~~) (b)(3) (b)(6) (b)(7)(C) maintained that during the next few hours, he continued his security checks until approximately 0035, when he left the block to eat his meal and otherwise take a break. (b)(3) (b)(6) said walked from Camp 1, to just outside of the Joint Detention Group (JDG) office, where he proceeded to take a "dip" of smokeless tobacco. (b)(3) (b)(6) said that shortly after arriving outside the JDG office, he observed (b)(3) (b)(6) (b)(7)(C) running towards

4. REMARKS (Continued)

his location, screaming "someone is hanging." (b)(3) (b)(6) said that after (b)(3) (b)(6) old him to return to Alpha Block, he immediately ran there and joined with (b)(3) (b)(6) (b)(7)(C)

~~(FOUO//LES)~~ (b)(3) said that upon arriving and placing his surgical gloves on, he observed (b)(3) attempt to remove a noose from around detainee Alpha 8's neck. (b)(3) said he also observed what appeared to be white (b)(2) (b)(3) continued to explain that although (b)(3) tried to remove (b)(2) (b)(3) (b)(6) (b)(2)

~~(FOUO//LES)~~ (b)(3) (b)(6) related that after someone arrived at their location with a backboard, he assisted in strapping the detainee to it, and in carrying Alpha 8 to the Detainee Medical clinic. (b)(3) (b)(6) said he was only at the clinic for a few minutes before he was advised to return to the cell block.

(~~FOUO//LES~~) (b)(3) (b)(6) said that moments after arriving back at Alpha block; he noticed (b)(3) (b)(6) standing near the cell door of detainee Alpha 12, attempting to get Alpha 12's attention by calling out Alpha 12's number. After not receiving an answer from Alpha 12, (b)(3) (b)(6) (b)(7)(C) join him at Alpha 12's cell and help verify Alpha 12's welfare. (b)(3) explained however, that after joining (b)(3) (b)(6) and attempting a few times to elicit a response from Alpha 12, he attempted to peer into the cell and obtain a visual on the detainee's condition. (b)(3) (b)(6) said because his field of vision was obstructed, he ran from the block, to the back of the adjacent Recreation yard to obtain a better field of vision. (b)(3) (b)(6) said that after arriving at the back of the recreation area and peeking through a window gap near Alpha 12's cell, he was only able to make out what appeared to be Alpha 12's hands, noting however, that due to the hands appearing to be hanging higher than normal, he suspected Alpha 12 was actually suspended within his cell. Consequently, (b)(3) said he yelled (b)(2) in an attempt to alert the other guard personnel of another suicide attempt, and ran back to Alpha block.

(~~FOUO//LES~~) (b)(3) (b)(6) explained that once inside the block, he immediately went to Alpha 12's cell and observed (b)(3) (b)(6) (b)(7)(C) tending to Alpha 12. (b)(3) (b)(6) said he watched (b)(3) cut the ligature and remove Alpha 12 from his suspension. (b)(3) (b)(6) remarked that just like Alpha 8, he noted Alpha 12 had also appeared to have a shirt around his head, covering his mouth. (b)(3) (b)(6) continued to explain that after restraining Alpha 12 to another backboard, he assisted (b)(3) (b)(6) (b)(7)(C) escort Alpha 12 to the medical clinic. (b)(3) (b)(6) said that after escorting Alpha 12 to clinic and subsequently leaving him under the care of the medical personnel, he started his return to Alpha block. (b)(3) (b)(6) explained however, that while en route to the block, he observed (b)(3) (b)(6) and other guard personnel (NFI) carrying Alpha 5 to the clinic.

(~~FOUO//LES~~) (b)(3) (b)(6) asserted that upon arriving back on Alpha block, he and (b)(3) (b)(6) proceeded to walk the block and advise all the remaining detainees to remove any articles they might have had hanging from their cells, fold up their belongings, and place everything in a sack near the back of their cells. (b)(3) said he then grabbed a clipboard and conducted a roll call of the detainees in an attempt to ensure they had accounted for everybody. (b)(3) (b)(6) continued to explain that once roll call was complete, he was advised to report to the JDG office wherein he would prepare a report of the incident. (b)(3) (b)(6) said however that prior to finishing his report, he was instructed to simply wait within the JDG conference room, where he was told someone would come and interview him.

(~~FOUO//LES~~) When asked if he could recall any additional information, (b)(3) (b)(6) added that the only thing he could recall that appeared out of the ordinary for the day; was a DIMS (Detainee Information Management System) entry he had observed regarding (b)(6) According to (b)(3) the entry reflected that (b)(6) was not acting like his usual self, and appeared to be more reclusive than usual. (b)(3) (b)(6) stated this entry struck him as unusual because (b)(6) was known by the guards to be more outgoing and talkative with respect to the detainee dynamics on the block. (b)(3) (b)(6) opined that if there was one detainee that might have possessed foreknowledge of the suicides, he suspected it would've been (b)(6) Because (b)(3) (b)(6) was unable to provide any additional information, RA terminated the interview at this juncture.

Witness Interview of: (UNK) (b)(3) (b)(6) (b)(7)(C) [redacted]

~~CONFIDENTIAL~~

(~~FOUO//LES~~) On 10 Jun 06, (b)(3) (b)(6) (b)(7)(C) [redacted], Master at Arms (MA), United States Navy, was interviewed by (b)(6) (b)(7)(C) [redacted] Criminal Investigation Task Force (CITF-G), Guantanamo Bay, Cuba. (b)(3) (b)(6) is currently assigned as a JTF guard in (b)(2) [redacted] Camp Delta. The interview was conducted at CITF-G headquarters and lasted one hour.

(~~S~~) BACKGROUND: In the early morning hours of 10 Jun 06, Joint Task Force Guards assigned to Alpha Block, Camp Delta, located three detainees hanging by the neck in their assigned cells. The three detainees were identified as: YASSER TALAL AL ZAHRANI, ISN (b)(2) -000093DP; MANA SHAMAN ALLABARD AL TABI, ISN (b)(2) -000588DP; and ALI ABDULLAH AHMED, ISN (b)(2) 000693DP.

(FOUO//LES) The purpose of the meeting was to determine (b)(3) (b)(6) knowledge of the incident and extent of his participation in the subsequent guard force response. (b)(3) (b)(6) confirmed (b)(7)(C) was the first official to speak with him regarding the incident. (b)(3) (b)(6) provided the following summary of events.

(FOUO//LES) On 10 Jun 06, he was assigned to (b)(2) Camp Delta. His duty hours spanned the period from 1715 to 0600. Four additional JTF guards patrolled (b)(2) They are identified as (b)(3) (b)(6) (b)(7)(C) (b)(3) (b)(6) (b)(7)(C) was unable to provide the full name of fourth individual.

(~~S~~) (b)(3) (b)(6) reported two incidents he regarded as unusual. At an undetermined time prior to 2130 prayer call, an unidentified detainee requested a private meeting with the chaplain. He was aware of the incident via (b)(3) (b)(3) (b)(6) (b)(7)(C) sought aid in inputting the request into the detainee information management system. (b)(3) (b)(6) did not explore the request further. The second incident involved the mass singing by detainees on Alpha Block. Shortly before the 2130 prayer, he heard Arabic singing on Alpha Block. Based upon the volume of voices, he believed all of the detainees were participating. He spoke with (b)(3) (b)(6) (b)(7)(C) about the music and received disturbing information. (b)(3) (b)(6) reported an entry in the detainee information management system identified the subject of the songs. According to the database, detainee (b)(6) (b)(2),(b)(6) told guards detainees were singing about Al-Zarqawi. Furthermore, (b)(6) alleged Alpha block detainees were singing a song known as "Kill them all". (b)(6) declared this song was used by Al Qaeda and Taliban after they killed an American.

(FOUO//LES) (b)(3) (b)(6) continued routine duties including monitoring the guard radio frequency. At an undetermined time a few hours after prayer call, he heard the code word, (b)(2) on the radio. (b)(2) is a JTF code word used by guards to identify a detainee attempting to commit self harm. The location of the incident is also broadcast with the codeword. (b)(3) (b)(6) recalled hearing cells A5, A8, and A12 were involved. Almost simultaneous to this broadcast, the Sergeant of the Guard (SOG) entered (b)(2) and requested guard assistance. He and (b)(3) (b)(6) left with the SOG to assist on Alpha Block.

(~~FOUO//LES~~) (b)(3) (b)(6) never made it to Alpha Block. He saw an unidentified detainee on a stretcher being moved from Alpha Block via the Camp 1 causeway. (b)(3) (b)(6) was approximately 20 feet away from the detainee.

4. REMARKS (Continued)

The detainee was lying supine with his hands (b)(2),(b)(7 to the front. The detainee was not moving or speaking. (b)(3) (b)(6) did not see any medical personnel, but the JTF guards were moving in the direction of the camp hospital.

(C) (b)(3) (b)(6) returned to (b)(2), assuming his assistance was no longer needed. He stayed at his post for approximately 3-4 minutes before the SOG returned. The SOG directed him back to Alpha Block. (b)(3) (b)(6) reported directly to Alpha Block and observed ISN (b)(2) -000693DP (Cell A5) being loaded onto a stretcher by JTF guards. ISN 693 was fully clothed and lying supine. ISN 693's hands were (b)(2),(b)(7) to the front. A white cloth was also tied around the detainee's wrists. A torn T-shirt, approximately 3 feet in length, was lying inside on the cell floor. ISN 693 had no visible wounds, was not speaking, and made no physical movements.

(~~FOUO//LES~~) (b)(3) (b)(6) noted a blanket was hanging inside the cell. The blanket was stretched from the front of the cell to the rear at an angle. The placement of the blanket effectively shielded the sink section of the cell from view. From the tier, the only area visible inside the cell was the detainee sleeping area.

(C) (b)(3) (b)(6) moved to the third cell (A12) and saw three unidentified JTF guards cutting a detainee (later identified as ISN (b)(2) -000588DP) down from a white cloth around his neck. ISN 588's hands were tied in the front with a piece of similar white cloth. A blanket was stretched across the cell in the same fashion as Cell A5. ISN 588 had no obvious external injuries that (b)(3) (b)(6) could identify.

(C) By this time, several detainees on Alpha Block were awake and verbally communicating. ISN (b)(2) (b)(2) asked (b)(3) (b)(6) if ISN 588 was still alive. (b)(3) (b)(6) did not respond to the inquiry. (b)(3) (b)(6) believes ISN (b)(2) was speaking to others on the tier in Arabic. Numerous additional detainees were trying to look under their cell doors in an effort to observe the scene.

(~~FOUO//LES~~) The SOG next directed him to wake up all detainees in cells (b)(2) (b)(3) (b)(6) conducted a welfare check on the detainees with nothing significant to report. He remained on the tier for approximately 10 minutes before reporting back to (b)(2) (b)(3) (b)(6) directed him to (1) secure all the shutters closed on (b)(2) Block, (2) Turn off all water to cells on (b)(2) and (3) Wake all inmates in (b)(2) for a welfare check. He and (b)(3) (b)(6) (b)(7)(C) performed all three assigned duties.

(~~FOUO//LES~~) Shortly after completing these tasks, (b)(3) (b)(6) told him and (b)(3) (b)(6) (b)(7)(C) to report to the Joint Detention Group trailer for interviews.

(~~FOUO/LES~~) On 10 Jun 06 at approximately 0412, (b)(3) (b)(6) (b)(7)(C) [redacted] (b)(3) (b)(6) [redacted] Guantanamo Bay, Cuba (hereafter referred to as (b)(3) [redacted], was interviewed by (b)(6) (b)(7)(C) (b)(6) (b)(7)(C) [redacted], Criminal Investigation Task Force (CITF), at CITF, Guantanamo Bay, Cuba. (b)(3) (b)(6) was interviewed in reference to the three detainee deaths which occurred in the Alpha cell block during his shift in Camp Delta.

(~~C~~) (b)(3) [redacted] was the primary Incident Response Force (IRF) for Camp one assigned to (b)(2) [redacted] on 9-10 June 06 when he overheard the Sergeant of the Guard (SOG) and Platoon leader (PL) say 'someone was trying to hang himself.' (b)(3) (b)(6) was then instructed to wait in the causeway of (b)(2) [redacted] in the event the IRF was called. (b)(3) [redacted] went to Alpha block where the incidents were occurring and saw guards carrying AL ZAHRANI, YASSER TALAL, (b)(2) [redacted] 000093DP (hereafter referred to as ISN 093) to the medical clinic. (b)(3) [redacted] was instructed to walk the block and perform a head count of the detainees. During this time, (b)(3) [redacted] walked by Alpha 12, the cell of AL TABI, MANA SHAMAN ALLABARD, (b)(2) [redacted] 000588DP (hereafter referred to as ISN 588) who appeared to be sleeping. (b)(3) (b)(6) was then asked to check on Alpha 5, AHMED, ALI ABDULLA H, (b)(2) [redacted] 000693DP (hereafter referred to as ISN 693) to see if he was breathing. On the way to ISN 693's cell he walked past ISN 588 and noticed he was not under the sheets. (b)(3) [redacted] called to (b)(3) (b)(6) (b)(7)(C) [redacted] The guards looked into ISN 588's cell and saw his sink was covered with a blanket from the bottom up. They called to ISN 588 to remove the sheet and received no response. (b)(3) [redacted] went outside to look in the window of ISN 588 where he saw him hanging. He called out (b)(2) [redacted] (the code called when someone is trying to kill themselves). (b)(3) (b)(6) [redacted] and (b)(3) (b)(6) [redacted] called (b)(2) [redacted] to the SOG and they arrived at Alpha 12 to open the door. Once the cell door was opened, (b)(3) (b)(6) and the other guards pulled the blanket down and saw ISN 588 hanging by what appeared to be a t-shirt ripped apart and tied together to make a rope. ISN 588 was cut down and placed on the floor where he was restrained. (b)(3) [redacted] was holding ISN 588's head and shoulders down and checked for a pulse. No pulse was found and (b)(3) [redacted] noted that ISN 588 felt cold. At this time, (b)(3) [redacted] heard another guard yell (b)(2) [redacted] for ISN 693. According to (b)(3) [redacted] these events occurred within approximately five minutes of one another.

(~~C~~) (b)(3) (b)(6) stayed with ISN 588 until a board was brought in to transport him to the medical clinic. After ISN 588 was taken from Alpha block to the medical clinic, (b)(3) [redacted] remained in Alpha block to assist with anything else needed. He walked the tier to observe the remaining detainees instructing them to remove their sheets and anything on the wall. He woke everyone up to ensure they were okay. After approximately five to ten minutes, (b)(3) [redacted] was told to return to (b)(2) [redacted] where he reported to his block non-commissioned officer (NCO). At this time, all of the lights were turned on in (b)(2) [redacted] and the movements checked of each detainee.

~~(FOUO/LES)~~About 0400, 10 Jun 06, (b)(7)(C) interviewed (b)(3) (b)(6) (b)(7)(C) who stated how he was in the clinic when (b)(3) received a call about an unresponsive detainee. When the guards brought the first detainee in he was on a medical board and he was placed on an exam table. He stated the medical "ABC's" (A=Check the airway, B=Check for breathing/bleeding, C=Control shock) were initiated; however, the detainee did not have a pulse and he had no vitals signs detected. An oxygen mask was placed on him and he started to set up the AED for use while another nurse was putting an IV in the detainee.

~~(FOUO/LES)~~ (b)(3) (b)(6) (b)(7)(C) stated the first detainee that came in had what appeared to be a large piece of white gauze in his mouth. He was unsure of which nurse pulled the gauze out. He did not see anything tied around the detainee's neck or body. The detainee's eyes were rolled back and his jaw was locked closed.

~~(FOUO/LES)~~ About 0408, 10 Jun 06, (b)(7)(C) interviewed (b)(3) (b)(6) (b)(7)(C) who stated how he responded to the deceased detainees. (b)(3) (b)(6) stated about 0030, 10 Jun 06, a call came in from a block that a detainee was unresponsive and he started to set the trauma room up to receive the patient. (b)(3) (b)(3) was taking orders from (b)(3) and helped with initiating all life saving measures on two of the detainees. (b)(2) (b)(2) . The second detainee came in at that time and he assisted with initiating life saving measures on. After an IV was started on the second detainee, (b)(3) (b)(6) (b)(7)(C) and he started CPR where they continued to rotate between chest compressions and oxygen. He saw a dark red line around his neck and his body was stiff. A doctor (NFI) came in about 0105hrs, and pronounced the first detainee dead at 0105hrs and was transferred to the Naval Hospital, GTMO. (b)(3) (b)(6) stated he did not assist with the third detainee that was brought in. Furthermore, he did not know where the cloth went after he threw in on the ground due to so much going on in the clinic.

~~(FOUO/LES)~~ About 0415, 10 Jun 06, (b)(7)(C) interviewed (b)(3) (b)(6) (b)(7)(C) who stated how he responded to the deceased detainees. (b)(3) (b)(6) stated as the detainees came in he assisted in checking their vital signs and initiating life saving measures which all met with negative results. He stated all the detainees that were brought were unresponsive. (b)(3) I was assisting (b)(3) with conducted CPR on the second detainee that was brought in. (b)(2) (b)(2) and his jaw was locked shut. (b)(3) (b)(6) stated he accompanied the body that was transported to the Naval Hospital, GTMO, and then returned to the Detainee Clinic.

(b)(3) (b)(6) stated about 0045 ISN 693 came in and was immediately treated with life saving measures. She assisted (b)(3) (b)(6) in giving him CPR while (b)(3) brought in the AED machine and placed the pads on him. After they said "stand clear" the machine told us to continue; however, after a couple of minutes ISN 693 remained unresponsive. She stated she saw a bruise around his next and white cloth tied around his stomach. She didn't pay attention to his mouth or eyes but his body was stiff. She checked for circulation from his fingernails but they remained blue. (b)(3) (b)(6) further stated the detainee did not have a pulse upon arrival to the clinic.

(~~FOUO/LES~~) About 0520, 10 Jun 06, (b)(7)(C) interviewed (b)(3) (b)(6) (b)(7)(C) who stated how she responded to a call on the radio as she was at the dining facility in the camp. (b)(3) stated about 0045hrs, she got a call from (b)(3) (b)(6) on her radio to return to the clinic as soon as possible. When she arrived to the clinic the guards had already brought in a detainee and she relieved (b)(3) (b)(6) (NFI) from conducting chest compressions. She didn't notice anything in the detainee's mouth nor did she see any written notes within his property. (b)(3) (b)(6) placed him on a gurney at which time the paramedics took him to the Naval Hospital, GTMO.

~~(FOUO/LES)~~(b)(3) stated one of the detainees had a white belt-type cloth tied around his stomach and had noticed it while he was being hooked up to the AED. Witness Interview of: (UNK)(b)(6) [redacted]

~~(FOUO/LES)~~ About 1437, 10 Jun 06, (b)(3) (b)(6) (b)(7)(C) [redacted] Internment Serial Number(ISN) (b)(2),(b)(6) [redacted] was interviewed by Special Agents(b)(7)(C) [redacted] Criminal Investigation Task Force (CITF) at Camp Delta, Guantanamo Bay, Cuba. Mr. Khalid OMRAN provided the English/Arabic translations during the interview. The interview was conducted in reference to the recent death of three detainees,(b)(2) [redacted] 0000093DP,(b)(2) [redacted] -000693DP, and(b)(2) [redacted] 000588DP.

~~(FOUO/LES)~~(b)(2),(b) stated about 2100, 9 Jun 06, he fell asleep after their evening prayer. At an unknown time he was woken up by the guards who were yelling at one of the detainees to wake up, but the detainee didn't. He stated after about five minutes the guards were yelling again at another detainee. They were yelling "#12, #12, #12, wake up". About another five minutes had past and the guards were yelling again for another detainee to wake up.(b)(2),(b)(stated they were yelling the numbers of the cell in which each detainee were in. He saw the guards take his "three bothers" away and additional guards instructed them to stay quiet, and didn't allow them to talk between the cells. They were then all moved out of the block to a different block.

~~(FUOU/LES)~~(b)(2),(b)(stated he did not know the three detainees before coming to GTMO. He met them here and they were friends only because of being down here. He stated all the brothers here love each other more than they loved the Americans here. He had no knowledge of the three detainees' plans of harming or killing themselves nor did he know if there were any more like this to come. He stated the three were very young and had a full life ahead of them. He stated no one knows what they were feeling deep inside because it is not typical to share those feelings with another person. He stated we all know that if you put so much pressure on a person they are going to explode and that's what he suspects happened to these three brothers. The pressures from the "Colonel" and his officers and guards are to blame for this incident because they are too harsh on them.(b)(2),(b) talked for about 20 minutes about how things here at the camp got worse when the "Colonel" took over. He explained examples of how the torture of force feeding, being left in a very cold room for many days and nights, and forbidden to pray as a group were only some of the pressures the detainees were experiencing in the camp. After allowing (b)(2),(b) to make his statement as to why there was so much pressure on them,(b)(7)(C) [redacted] brought the focus of the interview back to the incident.

(~~FOUO/LES~~) (b)(2),(b) stated the lights in the cell block were on and it always stayed on. After dinner and before their last evening prayer, usually on Fridays, all the brothers sing and joke because it is like a holiday for them. This was not an unusual event and the songs they sang were songs of Islamic origin, or religious songs. No songs were sung last night that would insinuate an anti-American message.(b)(2),(b) stated he did not participate in the singing because he had something wrong with his throat in which the doctors have not treated him yet. Furthermore, he did not notice if the three detainees participated but saw nothing unusual in the actions last night or within the past week. It was normal for detainees to wash their sheets and hang them up to dry in front of their cell. Two of them were placed in his cell block approximately two days ago. He knew that two were on hunger strike and were forced to eat thru the feeding tube.(b)(2),(b) explained they were put on the "death chair". The other brother had been on hunger strike for six months before but did not know of any recent cases.(b)(2),(b) stated the three were eating normally the past few days and he had no prior knowledge this was going to happen. He further stated that if this were to happen again he would only be concerned for himself and would not want to be hurt but what those three brothers did to themselves was for unknown reasons.

(~~C~~) BACKGROUND: In the early morning of 10 Jun 06, military guards (MPs) on Alpha block, Camp Delta, discovered three detainees hanging by the neck in their cells. The detainees were identified as Yasser Tala AL ZAHRANI, (b)(2) [redacted]-000093DP (ISN 93), cell A8; Mana Shaman Allabard AL TABI, (b)(2) [redacted]-000588DP (ISN 588), cell A12; and Ali Abdullah AHMED, (b)(2) [redacted]-000693DP (ISN 693), cell A5. (b)(2),(b)(6) [redacted] (next to ISN 693, A5) and was interviewed as a witness to the events.

(~~C~~) (b)(6) [redacted] stated he was in good health and was willing to answer questions. He relayed the following: On Friday, 9 Jun 06, the detainees in Alpha block had dinner and then conducted their sunset prayers. ISN 693 told (b)(6) [redacted] he would say his sunset and evening prayers together as one which (b)(6) [redacted] said was okay if a detainee wanted to go to bed a little early. As it was Friday, the prayer also consisted of chanting. (b)(6) [redacted] chanted with the group, finished his evening prayers and went to sleep.

(~~C~~) Around 2345 to 0000, (b)(6) [redacted] awoke and saw the MPs running back and forth along the center aisle of the block. The MPs began yelling, "Number 8? Number 8?" (b)(6) [redacted] was surprised by the noise and saw the MPs pass in front of him with ISN 93 on a stretcher. (b)(6) [redacted] looked next to him at cell A5 and saw a blanket covering the cell room wall between him and ISN 693. (b)(6) [redacted] figured ISN 693 was sleeping and had not heard the commotion. (b)(6) [redacted] tried to go back to sleep.

(~~C~~) (b)(6) [redacted] soon heard the guards shouting, "Number 5? Number 5?" (b)(6) [redacted] watched as the MPs removed the blanket covering in cell A5 and he saw his neighbor, ISN 693, hanging. He watched as the MPs removed ISN 693 from the cell. (b)(6) [redacted] conveyed that this was the extent of the information he had regarding the events.

(~~C~~) (b)(6) [redacted] said the atmosphere in Alpha block on Friday night was quiet. He said there were no voices at all and he did not hear anything coming from the cell next to him. There was nothing suspicious about that evening and the other detainees were doing nothing out of the ordinary.

(~~C~~) (b)(6) [redacted] was originally in cell (b)(2) [redacted] and was moved to cell (b) [redacted] on 7 or 8 Jun 06 due to disruptive activities of the detainee in cel (b)(2) [redacted] (Agent's note: This detainee has been identified as (b)(6) [redacted] did not spend much time talking and getting to know ISN 693 prior to this incident. (b)(6) [redacted] only interacted with ISN 93 and ISN 588 to say Salaam and pray and chant. (b)(6) [redacted] last spoke with ISN 693 on Friday night, 9 Jun 06. ISN 693 was chanting and speaking normally. ISN 693 said, "I will pray my sunset and evening prayers; don't wake me up."

(~~C~~) (b)(6) [redacted] had not heard any information about plans for mass suicides around the camp or in Alpha block prior to the events and was surprised this happened. (b)(6) [redacted] had not seen the three detainees (ISN 693, ISN 93 and ISN 588) talking amongst themselves in Alpha block or during recreation time. When asked if (b)(6) [redacted] thought the detainees were ordered to do this, he replied, "No, I haven't heard anything." (b)(6) [redacted] said this is the first time

something like this has happened. When asked why the detainees would hang themselves, he replied, "I don't know; someone who has been in prison for five years, what do you think?" (b)(6) said he did not know of any future plans for detainee suicides at the camp.

~~(FOUO/LES)~~ (b)(6) said two of the detainees who died were on the recent hunger strike and were being fed through the feeding tubes. Five days ago (approximately 5 Jun 06), they broke their fast and started eating. Life was normal and they were participating with prayer. (b)(6) said if he knew of detainees who were planning on harming themselves, he would inform the MPs. (b)(6) relayed an incident three years ago in which an Iranian detainee was planning on committing suicide and (b)(6) informed the MPs. He said he still alerted the MPs even though Iranian detainee was Christian and not Muslim.

~~(FOUO/LES)~~ At the end of the interview, (b)(6) asked about the condition of the three detainees. (b)(6) said they were his brothers and he would take what information the agents had. (b)(7)(C) said she knew as much as he did at this time, that the detainees were found hanging and were taken to the medical clinic. (b)(7)(C) said she had no additional information as the agents have been busy all morning with interviews and would not get updated information until later. (b)(7)(C) said she would pass along (b)(6) concerns to the MPs. (Agent's Note: (b)(7)(C) and (b)(7)(C) did not inform (b)(6) of the deaths of the detainees due to safety concerns and the unknown reaction of (b)(6)

(~~FOUO//LES~~) On 10 Jun 06, (b)(6) [redacted] Internment Serial Number (ISN) (b)(2) [redacted] was interviewed by (b)(7)(C) [redacted] Criminal Investigation Task Force (CITF), Guantanamo Bay, Cuba. The interview was conducted in Arabic with translation provided by (b)(3) (b)(6) (b)(7)(C) [redacted] The interview began at 0905 and lasted fifty five minutes.

(~~C~~) BACKGROUND: In the early morning hours of 10 Jun 06, Joint Task Force Guards assigned to Alpha Block, Camp Delta, located three detainees hanging by the neck in their assigned cells. The three detainees were identified as: YASSER TALAL AL ZAHRANI, ISN (b)(2) [redacted] 000093DP; MANA SHAMAN ALLABARD AL TABI, ISN (b)(2) [redacted] 000588DP; and ALI ABDULLAH AHMED, ISN (b)(2) [redacted] 000693DP.

(~~FOUO//LES~~) The purpose of the meeting was to determine the extent of (b)(6) [redacted] knowledge regarding the detainee deaths. (b)(6) [redacted] reported he was in satisfactory physical and mental condition. He refused (b)(7)(C) [redacted] offer of a chaplain's meeting.

(~~C~~) (b)(6) [redacted] is housed in cell (b)([redacted] located directly adjacent to YASSER AL ZAHRANI, ISN (b)(2) [redacted] 000093DP. (b)(6) [redacted] last spoke with ISN 93 immediately prior to the 2130 prayer call. ISN 93 ate dinner alongside other detainees on "A" block and participated in prayer. During prayer, an inmate identified as (b)(6) [redacted] ISN (b)(2) [redacted] disrupted the service by yelling Arabic curse words. The inmates participating in prayer, including ISN 93, were upset about the distraction.

(~~FOUO//LES~~) After prayer, ISN 93 told (b)(6) [redacted] he was going to wash his blanket. ISN 93 washed the blanket in his sink and hung it up in the cell. ISN 93 hung the blanket across the cell at an angle, effectively blocking the corner sink section of the cell. (b)(6) [redacted] went to sleep shortly thereafter.

(~~FOUO//LES~~) (b)(6) [redacted] was awakened by the sound of guards in ISN 93's cell. (b)(6) [redacted] saw several guards laying ISN 93 on the floor of the cell. ISN 93 appeared to be unconscious (b)(2) [redacted] (b)(2) [redacted] ISN 93 never spoke or made any physical movements. The number of guards coupled with the hanging blanket made it difficult for (b)(6) [redacted] to see what was happening in the adjacent cell. The guards loaded ISN 93 onto a stretcher and (b)(2),(b)(7)(E) [redacted] They quickly removed ISN 93 from the cell and left the tier. (b)(6) [redacted] never saw the guards strike or otherwise use force on ISN 93.

(~~FOUO//LES~~) (b)(6) [redacted] denied any prior knowledge of the incident. He believed two other detainees may have died, but had no confirmation. (b)(6) [redacted] is unaware of any future plans for detainees to harm themselves. (b)(6) [redacted] said he would report that type of information to guards.

(b)(6) [redacted] provided no additional information regarding this incident.

~~(FOUO//LES)~~ (b)(6) [redacted] saw ISN 93 lying on his bed in the supine position. A white sheet or blanket was wrapped around ISN 93's neck. The number of guards coupled with a hanging blanket made it difficult for (b)(6) [redacted] to see what was happening. The guards quickly loaded ISN 93 onto a stretcher and handcuffed him. They hastily removed ISN 93 from the cell and left the tier. (b)(6) [redacted] never saw the guards strike or otherwise use force on ISN 93. Concerning the guards' response (b)(6) [redacted] stated, "The MP's are good at coming in and getting people before they get hurt". (b)(6) [redacted] added, "It was good they would try to save him".

~~(FOUO//LES)~~ (b)(6) [redacted] denied any prior knowledge of the incident. (b)(6) [redacted] is unaware of any future plans for detainees to harm themselves. ISN 93 could not expand on this rational or explain how this would constitute a defensive act. (b)(6) [redacted] said had he been aware of any detainee planning to hurt himself, he would have reported it promptly to the guard force.

Witness Interview of: (b)(6) [redacted]

~~CONFIDENTIAL~~

(~~C~~) On 10 Jun 06 (b)(6) [redacted] (b)(2) [redacted], herein referred to as (b)(6) [redacted], was interviewed at Camp Delta, Guantanamo Bay, Cuba, by (b)(7)(C) [redacted] and (b)(7)(C) [redacted], Criminal Investigation Task Force, Guantanamo Bay, Cuba. The interview was conducted in Arabic and translation was facilitated by linguist (b)(2) [redacted] The interview lasted one hour and 25 minutes.

(~~C~~) The purpose of the interview was to obtain information from detainees located on Alpha block, Camp 1, regarding the alleged suicides of three detainees, YASIR TALAL ABDALLAH (b)(2) [redacted]-000093DP), herein referred to as ISN 93; MANI SHAMAN TURKI AL HABARDI AL UTAYBI (b)(2) [redacted]000588DP), referred to as ISN 588 and ALI ABDULLAH AHMED (b)(2) [redacted]-000693DP), referred to as ISN 693, which apparently occurred sometime during the evening of 9 Jun 06 and the early morning of 10 Jun 06.

(~~C~~) (b)(6) [redacted] advised that at approximately 0030 to 0035, 10 Jun 06, he was awaken by guards standing near cell 8, yelling "wake up". The guards pulled the detainee from that cell and he saw what appeared to be (b)(2) [redacted] (b)(2) [redacted] He also heard the guards saying that he was not breathing and that he was dead. About 15 minutes later he again heard guards coming and they were at cell 12. They took this detainee out of his cell and said the same thing that the detainee was not breathing. About five minute later (ten minutes to 0100), he heard a guard screaming about the detainee in cell 5 and they took him out the same way. After that, the guards moved him and the other detainees to (b)(2) [redacted] (b)(6) [redacted] stated he lived in (b)(2) [redacted] and could not see what was going on very well. He claimed to have known all three detainees as personal friends and identified them as MANEA (Unk ISN) in cell 12, YASSER TALAD ABDULLAH (ISN 93) in cell 5 and ALLEH ABDULLAH (Unk ISN). One was Yemen and the other two were Saudis. He indicated that after five years of imprisonment, you become "brothers" with everyone held at GTMO.

(~~C~~) (b)(6) [redacted] stated that on Friday evening the detainees on Alpha block engaged in singing religious songs something they do every Friday. They like to have a party on Friday as Friday is like a holiday and they sing Islamic music and sing about Mohammed and the Islam religion. However, there was no singing or chanting about killing Americans on this particular day. This lasted until about 2120, at which time he went to bed. He was not aware of any plans that included these individuals taking their lives. He did think it was unusual that this happened and that it was not normal for three "brothers" to take their lives at the same time. Two of the detainees had been on a hunger strike about six months ago and had feeding tubes because they had refused to eat. (b)(6) [redacted] was not aware of any plan, nor did he have any part to play in the taking of their lives and thought the death was the result of the administration and pressure the detainees have had to incur while at GTMO. (b)(6) [redacted] indicated that there are different guards every night and that the guards walk the block frequently and past his cell all the time. (b)(6) [redacted] indicated that he would never encourage any of his "brothers" to take their lives and would stop them before they could hurt themselves. (b)(6) [redacted] was unaware of any sounds made by these individuals and did not know what was going on until the guards woke him up with their yelling. He has no reason as to why these individuals killed themselves.

(FOUO//LES) Following the questions posed by the above mentioned investigators, (b)(6) [redacted] spent the majority of the time addressing the injustices which included unlawful detention, stress, force feeding and generally the mistreatment of all prisoners.

~~FOR OFFICIAL USE ONLY/LAW ENFORCEMENT SENSITIVE~~

~~(FOUO/LES)~~ On 10JUN06, at around 1100, (b)(6) [redacted] Internment Serial Number (ISN) (b)(2) [redacted] was interviewed by (b)(7)(C) [redacted] Criminal Investigative Task Force (CITF) at Camp Delta, Guantanamo Bay, Cuba. (b)(3) (b)(6) (b)(7)(C) provided Arabic/English translation during the interview. The interview was conducted in reference to the recent deaths of three detainees, Yassar Talal AL ZAHRANI, ISN (b)(2) [redacted] 000093DP, Mana Shaman Allabard AL TABI, (b)(2) [redacted] 000588DP and Ali Abdullah AHMED, ISN [redacted] -000693DP.

~~(FOUO/LES)~~ Prior to interview, Agents introduced them selves and explained the reason why they were interviewing him. Agents noted that (b)(6) [redacted] refused to greet agents and displayed an angry attitude during the entire interview. When (b)(7)(C) attempted to ask him about the incident that occurred the night before, (b)(6) [redacted] stated that he refused to talk about the incident but would give us some news. (b)(6) [redacted] blamed the Americans for the deaths of the three detainees and said throughout the interview that he wanted the General or someone of rank in the camp to come down and speak with him. (b)(6) [redacted] stated that he felt sorry for the deaths and that Islam forbids the killing of oneself but believes the Americans are the reason for the deaths of the three detainees.

~~(FOUO/LES)~~ (b)(6) [redacted] also said that the agents are not living among them to see the situation they face but the US Military are and they know. Agents tried to elicit information about the situation he and the other detainees face but (b)(6) [redacted] refused to answer but only said "when the hunger strike occurred, the General came down and talked to us but why not now when there are deaths". (b)(6) [redacted] did say that there is more pressure on the detainees in "A" block and the reason being all the incentives were taken away from them. (b)(6) [redacted] did mention that he was asleep in his cell and awoke to hearing the guards knock on a cell and saw him take a detainee out of the cell. (b)(6) [redacted] again stated he believed the American killed them.

~~(FOUO/LES)~~ (b)(6) [redacted] near the end of the interview said that the three detainees were on hunger strike and he knew the General had spoken to them and perhaps as a result, the three committed suicide, but (b)(6) [redacted] knows nothing further. (b)(6) [redacted] also stated that he wants to have special prayers for the three detainees and wants this information passed onto higher camp authorities. (b)(6) related prayer was conducted the evening of 09Jun06, however, it ended circa 2130 and he then went to sleep. (b)(6) was asked about who was the most senior person of the three deceased detainees on the cell block. (b)(6) replied ISN 93 has been there the longest, and both ISN 588 and ISN 693, have been moved around to other cell blocks. (b)(6) was asked who the prayer leaders were in the cell block. 4. REMARKS

Subject Interview of: (UNK) (b)(6) [redacted]

~~(FOUO//LES)~~ On 10Jun06, (b)(7)(C) [redacted], Criminal Investigation Task Force (CITF), interviewed of (b)(6) [redacted] Internment Serial Number (ISN) (b)(2) [redacted] at Camp Delta, Guantanamo Bay, Cuba. The interview was conducted in an effort to obtain amplifying information surrounding the apparent suicide of three detainees occurring on 10Jun06, at approximately 1230 a.m., within Alpha block, Camp Delta. The interview was conducted in Arabic, as translated by (b)(3) (b)(6) (b)(7)(C) [redacted]

~~(FOUO//LES)~~ Upon explaining the nature of the interview, Reporting Agent (RA) asked (b)(6) [redacted] to describe the day of 09Jun06, from the time he awoke in the morning, ending with his realization that three of his fellow cell block detainees had apparently taken their own lives. (b)(6) [redacted] responded to the query by stating that since he is detained, he typically follows a set pattern or routine behavior on a daily basis. (b)(6) [redacted] continued to state that the day of 09Jun06 was no different than any other day. (b)(6) [redacted] said he woke in the morning, ate breakfast, read the Koran until breaking for lunch, and then proceeded to take a nap. (b)(6) [redacted] continued to explain that upon awaking from his nap, he casually conversed with some other detainees on the block (NFI), until it became time for Friday's session of chanting. After being questioned regarding what he meant by "Friday's chanting session," (b)(6) [redacted] explained Friday is considered to be a type of holy day within Islam; consequently, Muslims will often sing religious songs of inspiration. (b)(6) [redacted] added, the purpose of the chanting, as it relates to those in the camp, is to bolster solidarity and otherwise cheer up one another. After being asked to confirm whether this particular chant session included comments glorifying Abu Musab AL ZARQAWI, criticizing the United States, or ridiculing the guard force operating on the blocks, (b)(6) [redacted] conceded the detainees on his block sometimes add their own commentary to entertain themselves (AGENT'S NOTE: A previous witness interview of (b)(3) (b)(6) (b)(7)(C) [redacted] Joint Detention Group, disclosed a similar account of the chant session; however (b)(3) (b)(6) [redacted] account reflected the detainees (NFI) were overheard saying recognizable English words such as "America, Cuba, MP (presumed to be a reference to the Military Police working the block, as well as Zarqawi).

~~(FOUO//LES)~~ Upon finishing his explanation of the chanting session, (b)(6) [redacted] continued to explain that the remainder of the day passed without his observing any unusual behavior. (b)(6) [redacted] said upon completing the aforementioned chanting session, he read the Koran and went immediately to bed following the evening call to prayer. (b)(6) [redacted] related he wasn't aware of any problems within the block until being woken up by guard personnel after discovering one of the detainees (NFI) had apparently hung himself.

~~(FOUO//LES)~~ RA asked (b)(6) [redacted] if he observed any unusual behavior demonstrated by any of the three victims (b)(2) [redacted]-00693DP, Ali Abdullah AHMED, (b)(2) [redacted]-00093DP, Yasir Talal Abdullah AL ZAHRANI, (b)(2) [redacted]-00588DP, Mani Shaman Turki Al Habardi AL UTAYBI). (b)(6) [redacted] responded that he personally had not observed anything unusual. (b)(6) [redacted] added that although he was not particularly close with any of the victims, he believed all three were generally well liked by the other detainees on the block. (b)(6) [redacted] added however, that despite his belief that the three victims were somewhat social with the rest of the block, he doesn't believe any of the other detainees on the block were aware of the victims plan to harm themselves.

~~(FOUO//LES)~~ After being asked to describe why he believes the three victims would take their own live, (b)(6) [redacted] responded that he doesn't know, but opined it had something to do with the general way detainees are treated within the camp. (b)(6) [redacted] then stated the majority of detainees believe they are being treated inhumanely and suffer constant humiliation by the guard personnel, either in the form of verbal abuse or having to stand idly by while camp

personnel disgrace their religion. (b)(6) added all three victims were formerly on a recent hunger strike, and were considered by the other detainees on the block to be the most resolute in their cause to end the above described behavior. Moreover, (b)(6) stated that when the brothers (referring to the three victims) returned to the block after being on the aforementioned hunger strike, he and the other detainees were surprised as they were convinced none of the victims would've ended their recent hunger strike so easily. (b)(6) further asserted that even the guards assigned to Alpha block appeared to think their return was strange (b)(6) said their return seemed so out of character, that the guards appeared to be watching them more closely; conducting even more roaming patrols of the block. When asked to be more specific by his comment of more patrols, (b)(6) said the guards constantly walked up and down the blocks, oftentimes interrupting the detainees' sleep by their (guards) frequency in which they passed the cells.

~~(FOUO//LES)~~ RA asked (b)(6) if he or any of the other detainees on the block had inquired with the three victims as to the reason behind their giving up on the hunger strike. (b)(6) answered no, but then clarified that he meant not recently. (b)(6) explained he spoke with Yasir (ISN 093) one time before when he (Yasir) had returned from a longer hunger strike, occurring approximately one and a half months earlier. (b)(6) related he joking asked ISN 093 why he stopped, especially considering the fact that ISN 093 had made previous comments claiming he would not come off the hunger strike until he is returned home. According to (b)(6) ISN 093 responded that he was too fatigued to continue with the strike, and needed an opportunity to recover his strength.

~~(FOUO//LES)~~ RA asked (b)(6) if he had recently observed the three victims passing time together. (b)(6) answered by stating that in addition to all three being on hunger strike together, they also communicated amongst one another during recreation time. (b)(6) added that although much of the past week's recreation was cancelled due to rain, he nevertheless recalls seeing the three victims talking together during one recreation session at least once within the last few days. Due to (b)(6) being unable to provide any additional information; the interview was terminated at this juncture.

(b)(6) [redacted] initially stated he was not willing to speak in any interrogation without them (his lawyer and interrogator). (b)(6) [redacted] stated he was not willing to believe that someone would write down exactly what he said and he cited a recent incident in which his lawyer showed him notes from a previous interrogation where (b)(6) [redacted] feels the information was not recorded correctly. (b)(7)(C) [redacted] explained to (b)(6) [redacted] that she and (b)(7)(C) [redacted] were with the CITF and were interviewers not interrogators. (b)(6) [redacted] went to sleep after prayer at approximately 2200 before being awakened by the guards calling to ISN 093 several times with no response. According to (b)(6) [redacted], the guards then opened ISN 093's cell door where he saw a blanket hanging up. When the blanket was lifted, (b)(6) [redacted] saw ISN 093 hanging and stated his hands and feet were tied. He could not distinguish what material ISN 093 had hung himself with or what was wrapped on his hands and feet. 4. REMARKS (Continued)

~~(FOUO/LES)~~ Approximately, 10 minutes after ISN 093 was removed from the cell block, (b)(6) attempted to go back to sleep when he heard the guards calling on another cell room out of (b)(6) sight. (b)(6) stated he assumed it was the same incident as ISN 093 when he saw another guard taking a stretcher towards the cell. Before the second detainee was removed, (b)(6) stated the guards were busy with a third detainee. He, as well as other detainees, began asking the guards what was happening. According to (b)(6) one guard stated "they died" and another stated "No, they didn't". At this point, (b)(6) stated he did not know what had happened to the other detainees.

~~(FOUO/LES)~~ (b)(6) did not notice any unusual behavior in ISN 093, ISN 588, and ISN 693 in the evening or days prior to the incident. He stated he was aware ISN 693 and ISN 588 were on a hunger strike for several days but had returned to eating normally earlier in the week. He did not inquire as to their mental status after returning from the hunger strike due to fear of embarrassing them. (b)(6) exchanged casual greetings with ISN 093, ISN 588, and ISN 693 but nothing further. He also stated he was unaware of any times where ISN 093, ISN 588, and ISN 693 were together unless scheduled by the block guards for recreation.

~~(FOUO/LES)~~ (b)(6) was asked if he had known ISN 093, ISN 588, and ISN 693 were planning to harm themselves. He replied that it is well known that he does not support killing oneself and that it is unlawful in Islam to kill oneself. (b)(6) further related if he had known of any detainee plans to harm themselves he would have immediately informed the guards. (b)(6) stated he did not know why someone would 'do this' (harm themselves). He stated that after four years of not knowing ones fate, it is natural to have a "psychological collapse". (b)(6) related he went through something similar but not to the point of harming himself. He related he was surprised by what happened as were other detainees in the cell block. (b)(6) is unaware of any future incidents. He reiterated it was his religious duty to tell if he knew of a plan to harm oneself.

~~(FOUO/LES)~~ (b)(6) expressed concern for the health of ISN 093, ISN 588, and ISN 693. He asked SAs (b)(7)(C) to be honest with him about their condition. (b)(7)(C) explained she had no further information to provide but would inform the guards (b)(6) wished more information on their condition. (b)(6) also complained of being placed in the cell next to the guards' room which can be noisy. He requested to be moved from his noisy cell. (b)(7)(C) made no promises to (b)(6) only stating she would relay his concerns to the guards.

~~(FOUO/LES) At~~ approximately 1058 the interview was concluded by (b)(7)(C) (b)(6) appeared calm at the end of the interview and responded well to (b)(7)(C) well wishes and thanks for his cooperation.

~~(FOUO/LES)~~ On 10JUN06, at around 0930, (b)(6) [redacted] Internment Serial Number (ISN) (b)(2) [redacted] was interviewed by (b)(7)(C) [redacted] Criminal Investigative Task Force (CITF) at Camp Delta, Guantanamo Bay, Cuba. (b)(3) (b)(6) (b)(7)(C) provided Arabic/English translation during the interview. The interview was conducted in reference to the recent deaths of three detainees, Yassar Talal AL ZAHRANI, ISN (b)(2) 000093DP, Mana Shaman Allabard AL TABI, (b)(2) 000588DP and Ali Abdullah AHMED, ISN (b)(2) 000693DP.

~~(FOUO/LES)~~ Prior to conducting the interview, agents introduced themselves to (b)(6) and advised him why they were speaking with him. (b)(6) stated he understood and does not know what occurred. (b)(6) said that he had dinner and the block started singing songs like they do every Friday night. (b)(6) did not say what kind of songs but stated that they usually sing after evening prayer which starts sometime around 7:30 PM and ended sometime around 10:00 PM. (b)(6) stated he went to bed around 10:00 PM and was awoken by a strange sound in the middle of the night. (b)(6) stated he saw the "MP's" come past his area carrying three stretchers and then removed the bodies of the three detainees and left the block.

~~(FOUO/LES)~~ (b)(6) said he did not see any of the three detainees hang anything up in the cell area because he was not paying attention. (b)(6) though the three were acting normal that night but again he said he did not pay much attention to them for he was busy studying the Koran. (b)(6) was asked if anytime before this evening had he noticed any changes in behavior with the three detainees or if they talked about going to meet "Allah" anytime soon. (b)(6) said that about two weeks ago there were issues in their block in regards to the hunger strike by some of the detainees. (b)(6) stated the three detainees talked amongst themselves and the cell block behind them. (b)(6) said that one of the detainees who had been on hunger strike and had a tube in his nose for feeding (AHMED) had broke from the hunger strike and started to eat about one week ago. (b)(6) was asked if during this time, did AHMED talk about seeing "Allah" or talk about how the Americans were treating him. (b)(6) said he heard the guards treated AHMED badly and joke with him about the tube in his nose.

~~(FOUO/LES)~~ (b)(6) was asked if there was a person on the block who had any influence with other detainees or was considered a prayer leader. (b)(6) said that his religion teaches that he can not speak about deceased people and did not want to talk about ISN's 93, 588 and 693 but later admitted that AHMED was like a prayer leader from the block for he would call the block to prayer and was the one who start reading from the Koran. (b)(6) said he did not know if AHMED had any influence on the other two detainees and other in the block for he was a quiet person. At that time, (b)(6) asked if the three were deceased and was told they were. Agents noted (b)(6) became quiet and hung his head down. Agents explained that they wanted to find out why this happened so to prevent this from happening in the future. (b)(6) then said that all the detainees don't like the person who is in charge of the prison here and the "brothers" are under "pressure". When asked to explain the pressure, (b)(6) that when the Saudi Delegation came and saw them, the delegation told them to be patient and that everything would be ok. (b)(6) said his brothers were patient but then a new boss came in and changed everything in the camp turning it up side down causing the brothers too become impatient. When asked how, (b)(6) said that he has been here for four years without any reason and even AHMED when he had the tube in his nose, the guards were making jokes at him, mocking him, which was upsetting and degrading. (b)(6) said he saw the guards mock

~~(FOUO/LES)~~ (b)(6) was asked if anyone including AHMED put our a challenge or edict asking those to take their lives, to which he replied that he did not know but believes that anyone who commits suicide goes to hell. (b)(6) (b)(6) said he did not know if the three took recreation together since the guards change it everyday. (b)(6) said he did not know of anyone (b)(6) was close to but noted that he would say a greeting of "Release be soon, Allah permits" to everyone.

~~(FOUO/LES)~~ (b)(6) was asked how he felt about what occurred with Al ZHARANI, AHMED and AL TABI or if someone tried this again in the future. (b)(6) said it is forbidden to commit suicide and if he knew, he would not allowed this to happen and if he hears of anything in the future he will tell the guards so it could be stopped. (b)(6) (b)(6) said he does not know what will happen when the other detainees hear what has happened and said he is puzzled by this and does not know what else to say other than to have more relief from the pressures. (b)(6) said that he and other detainee's don't know how to get out of the predicament they are in by being detained here in the camp.

Witness Interview of: (UNK) (b)(6) [redacted]

~~(C)~~ On 10 Jun 06, (b)(6) [redacted] (b)(6) [redacted] (b)(2) [redacted] was interviewed by (b)(7)(C) [redacted] (b)(7)(C) [redacted] ITF. Contract linguist (b)(3) (b)(6) (b)(7)(C) [redacted] provided Arabic translation.

~~(C)~~ BACKGROUND: In the early morning of 10 Jun 06, military guards on Alpha block, Camp Delta, discovered three detainees hanging by the neck in their cells. The detainees were identified as Yasser Tala AL ZAHRANI, (b)(2) [redacted] -000093DP (ISN 93), cell A8; Mana Shaman Allabard AL TABI, (b)(2) [redacted] -000588DP (ISN 588), cell A12; and Ali Abdullah AHMED, (b)(2) [redacted] 693DP (ISN 693), cell A5. (b)(6) [redacted] occupied (b)(2) [redacted] and was interviewed as a witness to the events.

~~(C)~~ (b)(6) [redacted] stated he was in good health and asked if he could smoke. (b)(7)(C) [redacted] replied she did not have any cigarettes at this time but would try to make the interview brief. (b)(7)(C) [redacted] asked (b)(6) [redacted] if he was willing to answer questions about the night's events. (b)(6) [redacted] agreed and relayed the following: On Friday, 9 Jun 06, he went to sleep between 2000 and 2030. He woke up around 0030, the morning of Saturday, 10 Jun 06 to hear the Military Police (MP) yelling "Number 12? Number 12?" ISN 128 saw the MPs were looking into the cell (A12). There was a blanket hanging down in the cell. They took a look from the other sides of the cell and couldn't see anything. They went to the back of the cell and must have seen something because they told the other MPs to open the cell door. The MPs opened the cell door and brought out ISN 588. (b)(6) [redacted] heard the MPs say, "He's dead, he's dead."

~~(C)~~ (b)(6) [redacted] also heard the MPs talking about ISN 93 (cell A5) and the MPs said he had died. The MPs went to another cell room which he did not know and they said the detainee in that cell had died. After all the commotion, the MPs came to the detainees and told them to take down everything, all the hangings from the walls. (b)(6) [redacted] stayed up until about 0300 when he was transferred to (b)(2) [redacted]

~~(FOUO/LES)~~ (b)(6) [redacted] did not hear any unusual chatter or talking before going to bed between 2000 and 2030. Friday night, the group prayed and chanted together, including ISN 588 and ISN 93. (b)(6) [redacted] combined his sunset and evening prayers and then, feeling tired, he went to sleep. He did not hear any noise to suggest any detainees were moving items around their rooms such as blankets or sheets. He awoke sometime around 0030 and 0045 to "sounds of trouble." (b)(6) [redacted] originally thought there was some problem between the detainee and the guards and expected riot violence.

~~(C)~~ (b)(6) [redacted] said he did not notice anything unusual during the week about ISN 588 and ISN 93. He did not know if the three detainees interacted with one another because their cell rooms were far away from each other. (b)(6) [redacted] said there was nothing different about the detainees and that everything seemed normal. (b)(6) [redacted] mentioned that ISN 588 had previously spent time in solitary and upon his return to Alpha block, he was sad although he said nothing was wrong. ISN 588 discussed some of the procedures at (b)(2) [redacted] He spoke of a line on the ground where detainees had to line up for food. If a detainee crossed the line, the food would be placed down and the IRF team would be called. (b)(6) [redacted] said he heard of humiliation and cursing and sleep deprivation occurring in (b)(2) [redacted]

~~(FOUO/LES)~~ When asked if (b)(6) [redacted] had heard about this event possibly taking place, he replied "By God, I didn't

hear." (b)(6) was then asked if this event could have been ordered. (b)(6) said he believed "It was the General and the person under him, the guy with the bird." (Agent's note: The "guy with the bird" is probably referring to a Colonel.) (b)(6) believes they, in an indirect way, caused this to happen because of the pressure placed on everyone due to the humiliation of their religion, humiliating the Koran, the inspection of certain areas of the body, the shaving of beards, and the condition of their brothers in solitary and (b)(2) (b)(6) said he was surprised that this event occurred and that it was "truly something strange." He also said he did not believe the detainees would have done such a thing if not for the oppression. (b)(6) said, "They're dead, it's over, case closed."

~~(FOUO/LES)~~ When asked if similar events may happen in the future, (b)(6) said, "By God, I hadn't heard about such a thing." (b)(7)(C) asked what (b)(6) would do if he heard that events would take place. (b)(6) originally said he would do nothing for them, that he would sleep and not interfere because "it's you who put us like this." (b)(6) (b)(then said, in reality, if he saw a brother of his set to hang himself, he would help. (b)(6) said you must think about the reasons why this happened. He said the reasons are well known by the commander and there was no need to send interrogators. (b)(7)(C) responded that the agents present were not interrogators. (b)(6) asked if the agents were FBI or CIA. [redacted] responded that she and SA Nelson were members of CITF. (b)(6) asked if the agents were investigating the entire camp and (b)(7)(C) replied that for this incident, the agents were instructed to interview the detainees on Alpha block.

~~(FOUO/LES)~~ (b)(6) asked about the procedures for the bodies of the three detainees. He said according to their religion, there are special ways the bodies need to be washed, prayed upon and how the shrines and grave must be. He said the detainees would want to perform these actions. (b)(7)(C) said the agents were not in charge of this but the people who are in charge were probably aware of the procedures and she would pass along (b)(6) concerns.

~~(FOUO/LES)~~ (b)(6) asked why the events were being investigated since the detainees were already dead. (b)(7)((b)(7)(said it was important to find out what happened to try and make sure no-one is harmed again. (b)(6) asked what would be done with all the information he provided and (b)(7)(C) informed him the information would be passed to superiors about what (b)(6) provided and what his thoughts were. (b)(6) said that even if everyone was interviewed, it all would come down to their religion and that everyone has a right to defend their religion.

~~(FOUO/LES)~~ (b)(6) said the MPs were preventing the detainees from talking on 10 Jun 06. He did know of two or three brothers who came back and said the detainees were dead and there would be interviews all day. (b)(6) asked (b)(7)(C) if the bodies of the detainees would be buried in Cuba or returned to their homeland. (b)(7)(C) said she did not know but again would pass along his concerns. (b)(6) requested to speak with his regular interrogator (b)(3) (b)(6) with (b)(2) (b)(7)(C) said she would pass along his request.

(FOUO/LES) (Agent's Note: After (b)(7)(C) passed along (b)(6) concerns to the MPs, she returned to the interview room with contract linguist (b)(2) (b)(7)(C) informed (b)(6) that, per the MPs, he would have to contact his block NCO to request to speak with (b)(3) (b)(6) said "very good").

INVESTIGATIVE ACTIVITY: Preliminary Examination of ISN 588's Body

(S) At approximately 0315, 10Jun06, a preliminary examination of Mana Shaman Allabard AL TABI's body was conducted by (b)(7)(C) [redacted] Criminal Investigation Task Force (CITF), Guantanamo Bay, Cuba. AL TABI who is Internment Serial Number (ISN) (b)(2) [redacted] 00588DP, will be referred to as ISN 588. This examination was conducted at the Camp Delta Medical Clinic, Guantanamo Bay, Cuba. The purpose of this examination was to recover evidence and to provide photographic coverage of the body. ISN 588's body was found hanging in his cell block at Camp Delta, Camp #1, A12.

(FOUO/LES) ISN 588's body was lying on an orange spinal board which was situated on an examination table. ISN 588's body was covered with a blue sheet. ISN 588 was dressed in a Joint Task Force (JTF) issued beige two piece outfit consisting of pants and shirt. ISN 588's hands were unbound and his arms were resting by his side. There was biological substance noted on ISN 588's beard and right thumb. The IV fluid bag, 0.9 Sodium Solution Chloride was laying on ISN 588's chest. A further examination noted three separate strips of white cloth, believed to have possibly been made from bed linen. These strips consisted of smaller pieces of white cloth (again possibly bed linen), which were tied together. These pieces of cloth were located between ISN 588's legs just below the groin area. The (b)(2),(b)(7)(E) [redacted] upon initial examination; however, (b)(2),(b)(7)(E) [redacted]

(FOUO/LES) An examination of the head/neck area noted bruising in the neck area. These bruises are consistent with ligature marks as ISN 588 was found hanging in his cell by JTF Camp Personnel. These suspected ligature marks extend from ISN 588's left ear area to his right ear area. These suspected ligature marks were documented via photographs.

(FOUO/LES) At approximately 0405, a piece of white 8 ½ X 11 paper, folded in quarters was discovered on the left inside shirt pocket. This piece of paper was removed and protected for possible latent print identification. This paper was opened and revealed Arabic writing. The paper was seized as evidence and photographed. A copy of this paper is appended as enclosure (a). (b)(3) (b)(6) (b)(7)(C) [redacted] Spiritual Advisor, JTF, Guantanamo Bay, Cuba was at the Camp Delta Medical Clinic and provided the following Arabic interpretation of the letter. The note reads, "I left out of the cage despite of you. You are going to punish me for this? Put me in (b)(2) [redacted] forever."

Witness Interview of: (UNK) [redacted]

~~FOR OFFICIAL USE ONLY // LAW ENFORCEMENT SENSITIVE~~

~~(FOUO/LES) On~~ 10 Jun 06 [redacted] Hospital Corpsman, Joint Task Force, Guantanamo Bay (GTMO), Cuba was interviewed by [redacted] Criminal Investigation Task Force (CITF-GTMO), and provided the following information:

~~(FOUO/LES)~~ At approximately 0043, 10 Jun 06, a radio call was received from an unnamed person that a detainee was coming in without a pulse and that he was coming from Alpha block in Camp 1. He was unaware who the detainee was, but when he arrived, was told to start an IV. While doing this, he was told that two more detainees were coming in and to get the spine board. The second detainee apparently arrived, but he did not see him and then the third body arrived and he went into the examination room (Room 10) and attempted to find a pulse and vital signs. Because he could not find a pulse or vital signs, an unidentified nurse from the detainee hospital told him to perform CPR. He performed chest compressions and an unidentified guard performed rescue breathing and the nurse started an IV. Still no pulse or vital signs could be detected so oxygen was given to the detainee. The nurse took over the chest compressions and he did the rescue breathing. An AED (defribrillator) was connected to the detainee but the read out indicated no shockable rhythm existed. Chest compressions and breathing efforts were continued until the Doctor arrived about five to 10 minutes later. Attempts were made to input a tube down the detainee's throat. [redacted] The unidentified Doctor [redacted] An attempt was again made to insert the tube, but with no success. A nasal airway tube was then inserted and all efforts including chest compressions and CPR were performed for about 20 minutes at which time the AED was again used with the same readout that indicated no shockable rhythm. The Doctor made the determination at about 0116 to terminate efforts and then left the examination room

(~~FOUO/LES~~) [redacted] could not be sure but thought the detainee he was working on had something around or on his chest like a sheet or something similar. He suspected from the time the first detainee came into the clinic, followed by the other two, was about 30 minutes. He had no information about the other two detainees.
