To: R.Adm.(Ret.) Harry Quast - URGENT-for IMMEDIATE ATTENTION

From: Paul A.Strassmann

Subject: Open Systems "Olympics"

Please note that we are still waiting for the submission of a written test proposal for an "Open Systems" demonstration at the forthcoming Federal Computer Conference in Washington. Until we have received such a test plan and reached agreement as to our participation, the Department of Defense should not be quoted as having endorsed or committed to participation in such a demonstration.

The above reiterates prior conversations on at least three occasions concerning this matter.
