MEMORANDUM FOR SECRETARY OF DEFENSE
DEPUTY SECRETARY OF DEFENSE

THROUGH: UNDER SECRETARY OF DEFENSE FOR POLICY

FROM: Assistant Secretary of Defense for International Security Affairs
Prepared by: (b)(6)
ISA/AP, (b)(6)

SUBJECT: Congressional Report on Past Military-to-Military Contacts with the People's Republic of China (U)
-- ACTION MEMORANDUM

PURPOSE: To request SECDEF signature on letters to Congressman Spence and Senator Warner forwarding Congressional Report on "Past Military-to-Military Contacts with the People's Republic of China."

DISCUSSION: The FY2000 National Defense Authorization Act directs the Secretary of Defense to submit a report to the Committee on Armed Services of the Senate and the Committee on Armed Services of the House of Representatives "on past military-to-military exchanges and contacts between the United States and the People's Republic of China." The report shall be unclassified but may include a classified annex. The report is to include a listing of all flag and general officer visits since 1993; their role, if any, during the Tiananmen incident; DOD contacts and visits since 1993; future exchanges for 2000; documentation on the exchanges/visits; and any exposure to classified information.

This report, submitted in response to the FY2000 National Defense Authorization Act, includes data from OSD offices and the services. The data is incomplete since in many instances documentation is not available. In addition, OSD Policy has determined that policy discussions/talking points would not be included in the report, only official cables. Thus, a small classified annex is also included with the report.

RECOMMENDATION: SECDEF sign letters at TAB A.
