MEMORANDUM FOR DEPUTY SECRETARY OF DEFENSE

SUBJECT: Korea Program Memorandum (Inter-Agency Program Analysis, NSSM-27) (U)

*1. Korea Program Analysis
Chapter I, 1-1, 1-2, 1-3, 1-4*

A copy of the Korea Program Memorandum (Draft) (Inter-Agency Program Analysis, NSSM-27) is attached. This draft is the product of an Inter-Agency Study Group that worked under the direction of members of my staff. This is a final draft, though it is subject to modification in accordance with the process specified in NSSM-27. This process will be supervised by the NSC Program Analysis staff.

KOREAN
012

In developing this study, the Military Departments, the JCS, and various field commands were of great assistance in placing capable people on the Study Group, preparing special studies, making data available, and reviewing drafts. To further the formal review process within DOD, advance copies of the study have been distributed to each of the agencies that assisted in its preparation.

According to the provisions of NSSM-27, the responsibilities of the Project Director, Earl C. Ravenal, OASD (Systems Analysis), and the responsibilities of the Military Departments and JCS representatives on the study, end with this edition. However, they will be available for any assistance they might be called upon to give.

I appreciate the support that you have given to this project.

W. S. Sullivan

15 MAR 1958

MEMORANDUM FOR SECRETARIES OF THE MILITARY DEPARTMENTS
CHAIRMAN OF THE JOINT CHIEFS OF STAFF

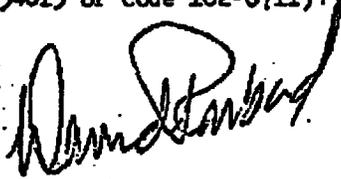

SUBJECT: Interagency Planning-Programming-Budgeting Study for Korea (S)

NSSM-27 directs the continuation of the Interagency Planning-Programming-Budgeting Study for Korea substantially in accordance with its original authorizing memorandum, SIG #85.

If we are to arrive at concrete conclusions on how to improve our Korean posture and ability to fulfill our commitment to Korea, further analysis of the elements of our strategy is necessary.

To assure full emphasis on this project within the Department of Defense, I am asking that you continue to furnish to the study group a full-time representative, who could also serve as a point of contact with your staff for additional assistance, information, or augmentation.

For your information, attached are copies of NSSM-27 and the original SIG directive and terms of reference. The point of contact and project director is Mr. Earl C. Ravenal, (ext. 54015 or code 182-8711).
