1/ Includes the initial deposit of $1 billion from the UN "Oil for Food" fund, $1 million of paid interest, and $70 million for proceeds from the sale of Iraqi wheat. It does not include $200 million of Iraq assets provided by the United States in 1992 to the UN for humanitarian aid to the Iraqi people, which should be deposited into the DFI. Proceeds from the sale of Iraqi oil will be deposited in this fund for the benefit of the Iraqi people; projected oil revenue through September 2003 is $1 billion using the current market price.

2/ These assets are those Iraqi assets blocked and confiscated in the US, which the President vested in the Treasury Department, and are being used for requirements to benefit the Iraqi people.

3/ For the DoD, these costs are financed from the Iraq Freedom Fund.
