[redacted] could not provide the name of the detainee due to a lack of record keeping.

ON 23 SEP 04, [redacted] WAS INTERVIEWED AS A VICTIM AND STATED LAST YEAR HE AND THE SEVEN OTHER VICTIMS WERE WORKING A CHECKPOINT IN THE GARDEZ AREA WHERE THEY WERE 'ROUNDED UP' BY U.S. SPECIAL FORCES SOLDIERS (SF) AND TRANSPORTED TO THE GARDEZ FIREBASE UNDER PRETENSE THAT THE SF WANTED TO TALK WITH THEM AND DRINK TEA. AFTER ARRIVAL AT THE FIREBASE, THE EIGHT VICTIMS WERE SUBSEQUENTLY ARRESTED AND DETAINED. AT THE FIREBASE THEY WERE PLACED ON THEIR KNEES IN THE SNOW WHERE IF THEY ATTEMPTED TO SIT THEY WERE PUNCHED AND KICKED. DURING THE INTERVIEWS OF AMF PERSONNEL AND LOCAL NATIONAL INTERPRETERS, THE AMF PERSONNEL ALLEGED THAT SF SOLDIERS REPEATEDLY THREATENED THEM WITH EMPLOYMENT TERMINATION OR DEATH IF THEY REPORTED THE BEATINGS OR THE DEATH OF MR. NASEER. SEVERAL LOCAL NATIONALS AND INTERPRETERS REMAIN UNCOOPERATIVE AND DECLINED TO PROVIDE INFORMATION ABOUT THE PAST INCIDENTS.

ON 23 SEP 04, A CATEGORY 1 REQUEST FOR ASSISTANCE (RFA) WAS DISPATCHED TO THE REDSTONE ARSENAL CID OFFICE TO LOCATE AND INTERVIEW MEMBERS OF THE 20TH SFG, BIRMINGHAM, AL. 6. INVESTIGATIVE SUMMARY:

THE INFORMATION IN THIS REPORT IS BASED UPON AN ALLEGATION OR PRELIMINARY INVESTIGATION AND MAY BE CHANGED PRIOR TO THE COMPLETION OF THE INVESTIGATION.

"THIS IS A DETAINEE ABUSE INVESTIGATION."

3D SUPPLEMENTAL:

THIS 3RD SUPPLEMENTAL REPORT WAS GENERATED TO LIST [redacted] (NFI) AS A SUBJECT OF THIS INVESTIGATION, TO FURTHER IDENTIFY [redacted] AND [redacted] AND TO DOCUMENT [redacted] VICTIM INTERVIEW.

ON 23 SEP 04, [redacted] (NFI) OF THE LOCAL GARDEZ AFGHANISTAN SECURITY FORCES (AMF), GARDEZ, AFGHANISTAN, WAS INTERVIEWED AND STATED THAT DURING THE TIME PERIOD OF THE REPORTED INCIDENT HE OBSERVED THE EIGHT DETAINEES THAT APPARENTLY WERE BEATEN VERY BADLY BY U.S. FORCES ON THE FIRST DAY OF THEIR DETAINMENT; HOWEVER [redacted] COULD NOT IDENTIFY WHO BEAT THE DETAINEES.

ON 23 SEP 04, [redacted] WAS INTERVIEWED AS A VICTIM AND STATED LAST YEAR HE AND THE SEVEN OTHER VICTIMS WERE WORKING A CHECKPOINT IN THE GARDEZ AREA WHERE THEY WERE 'ROUNDED UP' BY U.S. SPECIAL FORCES SOLDIERS (SF) AND TRANSPORTED TO THE GARDEZ FIREBASE UNDER PRETENSE THAT THE SF WANTED TO TALK WITH THEM AND DRINK TEA. AFTER ARRIVAL AT THE FIREBASE, THE EIGHT VICTIMS WERE SUBSEQUENTLY ARRESTED AND DETAINED. AT THE FIREBASE THEY WERE PLACED ON THEIR KNEES IN THE SNOW WHERE IF THEY ATTEMPTED TO SIT THEY WERE PUNCHED AND KICKED. WATER WAS POURED ON THEM DURING SPORADIC TIMES FOR ABOUT FIVE DAYS AND THEY WERE GIVEN NO FOOD OR DRINK. THEY WERE PUNCHED AND KICKED FOR SEVERAL DAYS DURING INTERROGATIONS. AFTER ABOUT FIVE DAYS MR. NASEER WAS MOVED TO A MATTRESS IN A SEPARATE ROOM DUE TO HIS INABILITY TO WALK AS A RESULT OF THE BEATINGS. ACCORDING TO [redacted] THEY (VICTIMS) WERE ABLE TO TALK TO EACH OTHER AND ALL EIGHT VICTIMS TOLD HIM THEY WERE BEATEN, KICKED AND PUNCHED DURING AND AFTER INTERROGATIONS. MOST OF THE DETAINEES COMPLAINED THEY COULD NOT STAND AS A RESULT OF THE BEATINGS. ON ONE OCCASION SF SOLDIERS WOKE THEM UP, POURED COLD WATER ON THEM, AND TOOK THEM TO A ROOM WHERE THEY WERE BEATEN, AND DURING THIS TIME WEAPONS WERE FIRED OVER THEIR HEADS AS THEY

b6
7C

WERE THREATENED TO TELL THE TRUTH. [redacted] STATED THAT AS A RESULT OF THE BEATINGS [redacted] HEALTH DETERIORATED. SF LATER INFORMED [redacted] THEY WOULD RELEASE [redacted] DUE TO POOR HEALTH. [redacted] STATED THAT [redacted] WAS IN GOOD HEALTH AND COULD WALK BEFORE THEY WERE INTERROGATED AND BEATEN. TWO AS YET TO BE FULLY IDENTIFIED SF LATER TOOK NASEER FROM THE FACILITY. [redacted] REQUESTED TO SEE MR. NASEER [redacted] AND WAS ALLOWED OUTSIDE THE BUILDING WHERE HE FOUND [redacted] DECEASED BODY. THE BODY WAS SUBSEQUENTLY TRANSPORTED TO THE LOCAL HOSPITAL AND THEN [redacted] FOR BURIAL.

ON 24 SEP 04, [redacted] (NFI) AND [redacted] (NFI), TWO [redacted] AMF [redacted] WERE INTERVIEWED AND STATED THEY HAD OBSERVED THE EIGHT VICTIMS WHEN THEY WERE TAKEN TO THE GARDEZ DETAINEE FACILITY WHERE THEY KNEW [redacted] AND [redacted] POURED WATER ON THEM WHILE THEY WERE IN COLD WEATHER, AND DURING INTERROGATIONS PUNCHED/KICKED THE EIGHT DETAINEES.

DURING THE INTERVIEWS OF AMF PERSONNEL AND LOCAL NATIONAL INTERPRETERS, THE AMF PERSONNEL ALLEGED THAT SF SOLDIERS REPEATEDLY THREATENED THEM WITH EMPLOYMENT TERMINATION OR DEATH IF THEY REPORTED THE BEATINGS OR THE DEATH OF MR. NASEER. SEVERAL LOCAL NATIONALS AND INTERPRETERS REMAIN UNCOOPERATIVE AND DECLINED TO PROVIDE INFORMATION ABOUT THE PAST INCIDENTS.

ON 23 SEP 04, A CATEGORY 1 REQUEST FOR ASSISTANCE (RFA) WAS DISPATCHED TO THE REDSTONE ARSENAL CID OFFICE TO LOCATE AND INTERVIEW MEMBERS OF THE 20TH SFG, BIRMINGHAM, AL. EFFORTS ARE ONGOING TO INTERVIEW THE REMAINING UNIDENTIFIED VICTIMS, MEDICAL PERSONNEL, AFGHANI GOVERNMENT AND U.N. OFFICIALS TO OBTAIN THE RESULTS OF INVESTIGATIONS CONDUCTED BY AFGHAN AND U.N. AGENCIES.

INVESTIGATION CONTINUES BY USACIDC.

2D SUPPLEMENTAL:

THIS SUPPLEMENTAL REPORT IS BEING SUBMITTED TO ADD [redacted] (NFI) AND [redacted] (NFI), BOTH 20TH SPECIAL FORCES GROUP MEDICS, AS SUBJECTS OF THIS INVESTIGATION.

ON 22 SEP 04, AN INTERPRETER ASSIGNED TO THE GARDEZ DETAINEE FACILITY, GARDEZ, AFGHANISTAN, WAS INTERVIEWED AND STATED HE OBSERVED THREE

b6
7C

20TH SPECIAL FORCES GROUP SOLDIERS, TWO SPECIAL FORCES MEDICS KNOWN ONLY AS [redacted] AND [redacted] ALONG WITH ONE UNKNOWN SOLDIER, BEAT THE EIGHT PRISONERS ON NUMEROUS OCCASIONS. THE ABUSE CONSISTED OF PUNCHING, KICKING, BEING IMMERSED IN COLD WATER, THROWN ON THE GROWN, BEING BURNT WITH A HEATING STOVE, LEFT OUTSIDE IN THE SNOW ALL DAY WHILE WET FROM BEING IMMERSED IN WATER AND THEN AT NIGHT TAKEN TO A TENT AND MADE TO SLEEP IN WET CLOTHES. ADDITIONALLY, HE STATED THAT WHEN MR. NASSER WAS KILLED THAT THE SPECIAL FORCES CALLED THE LOCAL POLICE CHIEF OF GARDEZ TO COME GET THE PRISONERS AND THE BODY. LASTLY, [redacted] TOLD ALL THE GARDEZ FIREBASE LOCAL NATIONALS THAT IF THEY TOLD ANYONE WHAT HAPPENED THEY WOULD LOSE THEIR JOBS. THE INTERVIEW DID NOT IDENTIFY ANY ABUSE BY [redacted] HOWEVER, THE INTERPRETER BELIEVES [redacted] S ACTUALLY [redacted]

ON 22 SEP 04, CANVAS INTERVIEWS OF THE REMAINING PRISONERS AT THE GARDEZ DETAINEE FACILITY FAILED TO PROVIDED ANY ADDITIONAL INFORMATION PERTAINING TO ANY DETAINEE ABUSE.

ON 22 SEP 04, COORDINATION WAS MADE WITH THE EXECUTIVE OFFICER, 20TH SPECIAL FORCES GROUP, BIRMINGHAM, AL, WHO CONFIRMED THAT THE 20TH SPECIAL FORCES GROUP WAS ASSIGNED TO THE GARDEZ DETAINEE FACILITY DURING THE INCIDENT TIME FRAME.

[redacted] further related that one of the eight prisoners, Jamal NASSER was killed by the abuse and that [redacted] was also one of the prisoners. [redacted] stated the abuse consisted of punching, kicking, being immersed in cold water on thrown on the grown which had snow, and being burnt with a stove. [redacted] stated the eight prisoners were very badly beaten and that they were left outside in the snow all day while wet from being immersed in water and then at night taken to a tent and made to sleep in wet clothes. [redacted] stated that when NASSER was killed that the Special Forces called [redacted] to come get the prisoners and the body. Lastly, [redacted] told all the Gardez Firebase local nationals that if they told anyone what happened they would be fired from their job.

AGENT'S COMMENT: The present [redacted] staff in Gardez was not the same staff this office interviewed previously at the Gardez Firebase as they are rotated out from time to time.

About 1515, 22 Sep 04, SA [redacted] conducted canvass interviews of the following detainees, who stated they had not been abused and were treated well. The detainees stated they had been at the Gardez Firebase for one week:

[redacted]

About 1600, 22 Sep 04, SA [redacted] obtained photographs of the water pump outside the front gate. The tent that held the detainees along with the stove has been gone since 2003, so no verification could be made.

About 0830, 23 Sep 04, SA [redacted] conducted an interview of [redacted] Afghan Security Force, with [redacted] who interpreted the interview. [redacted] stated that last year while snow was still on the ground that U.S. Special Forces went to an illegal Gardez checkpoint that were extorting money from drivers and captured eight Afghans and brought them to the Gardez Firebase. stated that all eight of the detainees were beat very badly the first day and after that day they were moved behind the compound where no one could see what happened. [redacted] stated he was scared to ask about the prisoners, or report the incident. [redacted] stated about 15-16 days after the prisoners capture, [redacted] died at the firebase, and that he wrapped the body in the white cloth, which is his countries custom, and then transported the body to [redacted] house. [redacted] did not know the names of the U.S. Soldiers involved with the death of [redacted] and could not give this office a description of them.

About 0920, 23 Sep 04, SA [redacted] interviewed [redacted] an interpreter for the firebase, who stated that last year while snow was on the ground that U.S. Special Forces went to a checkpoint outside of Gardez and arrested eight afghans working the checkpoint that were stealing money from the local drivers. The eight were brought back to the base and [redacted] one of the captives, was very sick and thought to have a kidney infection. About 15 days later [redacted] died. [redacted] did not see any abuse.

AGENT'S COMMENT: [redacted] was very scared about the conversation and this agent does not believe he was told exactly what happened.

About 0945, 23 Sep 04, SA [redacted] interviewed the following personnel:

[redacted] a [redacted] interpreter who was talked to the last time the agent was in Gardez, stated he was not in Gardez at that time and was rotated out at another location [redacted]

[redacted] an Afghan Security Force (ASF) guard, who has been in Gardez [redacted] and not heard about any abuse.

[redacted] an ASF guard, who has been at Gardez [redacted] but had not heard about or seen abuse.

[redacted] an ASF guard, who has been at Gardez for [redacted], had not heard about or seen any type of abuse.

[redacted] a [redacted] interpreter who was talked to last time, [redacted] had not heard about the abuse or any other abuse.

About 1353, 23 Sep 04, SA [redacted] and [redacted] a Category 2 interpreter, Gardez Firebase, interviewed the following Afghan Soldiers assigned to the Setu Pass Checkpoint. [redacted] stated that [redacted] and his crew were very bad men, taking money and supplies from Afghans traveling through the checkpoint and sometimes even abusing women:

[redacted]

About 2030, 23 Sep 04, SA [redacted] and [redacted] a local Category 1 interpreter, completed in interview of [redacted] who stated last year him and seven others were working a checkpoint in Setu Pass, when American Special Forces came with two trucks, and surrounded the checkpoint. The Americans said they wanted to talk, and drink tea. Everyone had went inside, and [redacted] stated he saw Afghan Security Forces (ASF) running around outside. Upon asking the Americans why the ASF were here, and the Americans said the ASF were for security. After the tea came [redacted] stated he and 10 of his men were taken prisoner, but 3 people were released that day. The remaining eight prisoners had bags placed over their heads, and were taken to the Gardez firebase. Upon arrival at the firebase, The prisoners were made to sit on our knees in the snow. And if they tried to sit down, they were punched and kicked. The prisoners had water poured on them a lot during the five days that we were made to sit on their knees in the snow. The prisoners were not able to eat, drink, or sleep for the first five days. They were taken separately to a room to be interrogated about stealing money from people at the checkpoint. The prisoners were interrogated for 6 to 7 days straight. During the interrogations we were punched and kicked. After 6 nights were we put in individual rooms, and they prayed for the Americans to kill them rather than to beat them. About five days

later [redacted] was moved to a mattress in the room with the other prisoners, and he could not walk from the beatings. All eight of the prisoners talked, and had all been beaten by being kicked and punched. Most of the prisoners could not stand up. One night while they were sleeping the Americans came, and poured cold water on them, and made them get up. They were taken from their rooms and beaten. The Americans fired guns above [redacted] head, and said "tell us the truth or we will beat you". We were taken to our sleeping rooms again, and [redacted] health condition was getting worse and worse. On the 17th day, I requested through an interpreter for a doctor to come see him. The doctor came, and said to warm the room up for him, and asked if he had bean beaten like this, and then kicked and punched [redacted] The doctor was very angry, and moved [redacted] to another room. They said they were releasing [redacted] because he had a medical problem. I said no he was healthy before you beat him. Later, I was sitting outside, and saw two Americans carrying [redacted] and I heard him say let me sit down but they didn't. That afternoon I asked to see [redacted] and when I went outside I saw [redacted] body. The American apologized to me, and said they were sorry, but he was sick and died. [redacted] was then transported to the local hospital, and then [redacted] for burial. [redacted] further stated that [redacted] cut some bruised finger off of NASSER's body to be used later, but had bad dreams about doing this, and buried it with the body two months later. (See Statement for details)

AGENT'S COMMENT: [redacted] stated he had taken pictures of the body before it was buried which showed marks and he would give this office that film. [redacted] would not give consent to have Mr NASSER exhumed as its against their beliefs. The case agent will obtain the film from [redacted] on 24 Sep 04.

About 1030, 24 Sep 04, SA [redacted] and [redacted] a local Category 1 interpreter, interviewed [redacted] and [redacted] both of Afghan Security Forces, Gardez Firebase, who stated they had seen the 8 prisoners brought in last year when snow was on the ground. The prisoners were thrown from the trucks onto the ground and made to sit on their knees. If they moved from their knees they were kicked. [redacted] saw [redacted] threw water on the prisoners, and [redacted] saw [redacted] throw water on the prisoners and kick them. [redacted] further stated about two months before the 8 prisoners came to the camp that him and [redacted] and others he can't remember were out at a checkpoint fighting the Pacha-Khan-Zadran (PKZ) fighters. After the battle it is customary for the Afghans to bury both sides of the dead. When [redacted] found out he got angry and cut the beard off one of the dead, being disrespectful. The Special Forces and ASF, then went to the Waze Village, and there were three local villagers there. [redacted] had them all sit down, and there was no interpreter there, the villagers were un-armed, and [redacted] shouted

something at them and one stood up confused and [redacted] shot him in the face with his M-4 rifle. [redacted] was going to shot the next villager but another American stopped him.

About 1100, 24 Sep 04, SA [redacted] and [redacted] talked with [redacted] an interpreter who was on the mission at the Wazi Village who said he was securing the village when [redacted] shot the villager. He stated he was told the villager went for a gun.

AGENT'S COMMENT: [redacted] stated he did not know anything when initially talked to but became very nervous and paced the camp. About 5 minutes later he asked to speak to the case agent in private and made his statement. [redacted] stated the locals were told by Americans never to tell about what goes on or they will be fired or killed.

About 0800, 25 Sep 04, SA [redacted] interviewed [redacted] a category 1 interpreter for the Gardez Firebase, who rendered a sworn statement wherein he stated at the beginning of last year, the Special Forces unit at Gardez, went and apprehended 8 Afghani's from a Checkpoint in Setu Pass. The detainees were thrown in the snow and he saw [redacted] and [redacted] pour water on NASSER. He then went on vacation and when he came back was told that [redacted] beat NASSER to death. He further stated [redacted] is also the person who killed an innocent man in the Jadran Area (Waze village) and cut a beard off a dead man.

About 0800, 26 Sep 04, SA [redacted] completed a check of all records of the Gardez Firebase concerning the apprehending of detainees. There were no records before Oct 2003, therefore there is no way to determine who was held at the Gardez compound before that time.

About 0900, 27 Sep 04, SA [redacted] and [redacted], a Category 2 interpreter, Gardez Firebase, completed canvass interviews of the following personnel:

[redacted] who has been as the firebase for about [redacted] and has not seen or heard anything concerning abuse.

There were eleven of us at the watch Post when we were arrested. We were part of the 3rd Co division.

The Americans visited us frequently, wherever they wanted to go we would accompany them. If they needed any information about a certain area we would gladly provide that to them.

The name of this area is [redacted]. The people of this area did not want the government to their area, because these people belonged to JALALUDDIN's tribe. Once the people of that are attacked us. One person from our group was injured. We ~~transfered~~ took the injured to the Base and later on he was transfered to the hospital in Gardez. We reported this incidence to the 3rd division, We were ordered to arrest the people suspected of the attack. We arrested six people and turned them to the 3rd division Their leader was a guy named [redacted] he was also the District Chief of [redacted]. He warned us ~~the~~ to get out of the area and that they did not want us there. Then these people blamed us for taking bribes from the local people. All those arrested were released in a week after they pledged their cooperation with the government and promised that they won't do anything against the government. They pledged their cooperation to [redacted] Governor [redacted]. ~~Here~~ They were having meetings with the Government every week and they continued to say bad things about us. none of us were allowed to participate in these meetings. They also complained to the b7 b6 Americans about us.

000131

One day the Americans called us and said they want to meet with us I came to the the ~~post~~ Post at 9:00 am, I was sitting that ~~two~~ two America Vehicles came. The Americans came and told me [redacted]

[redacted]

The took brought in some tea. [redacted] They arrested me in the room and my soldier outside. They put us all in the vehicles like bags, They took our weapons. They also took our vehicles. Then they took us about 200 meters away from the building and then they blew up all our our ammunitions. They brang the rest of our weapons in a pickup truck to the base.

There were Eleven of us, they released three [redacted]. They made us Kneel down, would not let us stand. if we moved, they would kick us and punch us. They accused us of Placing road blocks and taking money from the drivers. For six or seven days they did not feed us or or let us sleep. Three or Four soldiers would beat me up, sometimes I would lose consciousness and would pray that I might die. after six days they transfered me to a different room, I did not see [redacted] for five days. After five days they threw in [redacted] into the room like a rag. He could hardly talk, he could not walk. We were sleeping when they came and started beating us They fired bullets at us. [redacted] situation got progressively worse We asked the interpreter to call a doctor. It was on the 17th day that the doctor came. The doctor said that he should be put in a warm room The put [redacted] in another room then the released him and said that they had made a mistake. They said they would take him to Bagram for the treatment. I heard [redacted] voice, he wanted to see me. But they would not let me talk with him. 000132 I asked them where [redacted] was, nobody could tell me who They told me, they had to give him a shot. I was very worried Vehicles were leaving the base in a hurry towards the Bagram An American came in with a translator and said that they came from the Bagram. and they had gone to [redacted] house. b2 b6 7C

and that [redacted] were here this morning. I told them that I wanted to see [redacted] dead or alive. The interpreter told me ~~that~~ not to worry, every body dies. I looked outside and saw [redacted] dead body there. The Americans told me very respectfully that [redacted] was dead and that he felt my pain. He told me that [redacted] had some health problems. I told them [redacted] had no health problems. I cried till one AM and insisted that I wanted to take [redacted] body home. Then the Havana and Police Vehicles carried [redacted] to the hospital and took me to the police station.

All the thing that I am writing on this paper is the best of my knowledge, I was working with [redacted] an incident happened in Wazi District of Paktia province. The story is: One of ODA groups went out to disarm one of illegal chick point in above mintioned place which was under control of [redacted] who was a famous warlord in that area. After a clash which happened at that spot one of American SF guy named [redacted] chased some of those guys that they were running the chick points, he catches some one that I am not sure that if he was one of the chick point gus or not. [redacted] had 2 AMF Solders with him but not any interperter, but one of the AMF solder could speak a few words of English. [redacted] order the guy captured by him to laydown or sitdown but the AMF Solder can't translate his words correctly and instead he translates his [redacted] 's words as (standup). [redacted] shots the guy in head This is what I heard from those people or guy that they were there at the spot. But it is really neceerry to mintioned that at that time I was not at the spot and I was back at the base waiting with [redacted] if there was need for us to go. this is what I heard from many people involved in that incident.

TAKEN AT Birmingham, AL DATED 24 Sep 04 CONTINUED

STATEMENT (Continued)

I do not know the exact number of PUCs remaining but it was between 7-10.

As a 180A Commander, I had myself and one functioning Trained 18F (intel sgt) on the Team. I only Authorized the 18F and myself to conduct interviews and interrogations of the remaining PUCs. I allowed the 18D (MEDICS) access to the PUCs for Medical Responsibility.

I conducted Interrogations with [redacted], the checkpoint Cdr. starting on the 2d day. I interrogated him using several Techniques- reward system, aggressive questioning by the 18F followed by relaxed session with me, Bombardment questioning, Open Hand Facial Slaps, and incorrect information allowing him to correct.

He was treated for a cut off his foot incurred while being transported. None of the other PUCs proved to have much information. I Authorized the 18F to use the same techniques listed above, however all Physical Contact was not allowed after it had been used during a session on the 2d or 3d day. While we obtained information, we did not have evidence to support sending the PUCs to BAGRAM. We had already had other PUCs returned to our location, so we did not feel we could Justify sending these PUCs with less evidence. ~~We had the PUCs~~ [redacted], Interrogations lasted approx 4-5 days amid ongoing operations. Arrangements were made with the Camp [redacted] to provide food and water. They were sheltered in a Bunker outside the compound and provided Blankets.

Upon determining that they did not meet PUC criteria, Arrangements were made with the Governor to move them to the Police facility. This should have occurred around the 1 week mark. Due to the Governors feud with the Police Chief, they were not picked up until the 10th day (approx.) or rather Three days after the scheduled Pick-up.

On the day of the Pick-up, One PUC died. He was a PUC that had no info to offer and was only Interrogated early. [redacted]

I had a difficult decision regarding reporting the death. They were all supposed to be gone three days ago. We were co-located with a [redacted] element and I did not want ~~them~~ the unnecessary attention at our location.

I, [redacted], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

In reference to the allegations, I remember the mission on which ODA 2021 took down the "checkpoint" on the Sait-Kandal Pass where we took into custody a number of suspected "Bad guys". We flex-cuffed their hands behind their backs and loaded the prisoners into our vehicles. After returning to base camp, I remember seperating the prisoners and placing a local assest guards on each prisoner. I don't remember how long we held the prisoners, nor what types of interrogation techniques were used during the time we had them in our custody. I belive about three days passed when I learned that all prisoners were turned over to the local authorities in Gardez. I have no knowledge of any mistreatment of any prisoners nor do I know of any of the prisoners having died while in our custody.

The prisoners were in a heated tent with blankets and were provided food + water on a regular basis. A day or two later one [redacted] I was alerted to one prisoner having some problems. Later that morning I was by the chow tent when [redacted] came running up to me to get my help and tell me the pt had expired. I grabbed [redacted] my aid bag and immediately began to revive [redacted] the pt [redacted] and myself performed CPR and intubated the pt to secure a better airway as well as deliver high flow O2 through a Bag Valve Mask (BVM). An IV of NS (normal saline) was initiated via N catheter in his arm. Here we administered cardiac meds for the asystole algorhythm. This since no EKG was present and without a pulse. This was the most logical pathway to take. After approximately 30mm of CPR and pushing meds. We decided to stop working on the pt. This decision was made due to time elapsed during our attempt to revive him. From here we notified our Commander (LT) [redacted] as to what happened.

DETAILS

About 1204, 13 Oct 04, SA [redacted] advised [redacted] of his rights, which he waived and provided a Verbal Statement, in which he admitted killing an unknown Afghani man in self defense but claimed not to have abused or witnessed any abuse to any Afghanis or other foreign nationals while deployed to Afghanistan in 2002 and 2003. (See AIR entry below for details of [redacted] Verbal Statement)

AGENT's COMMENT: [redacted] consented to be interviewed, but refused to provide a Sworn Written Statement, or to be photographed.

About 1207, 13 Oct 04, [redacted] described the events that led to his shooting and killing of an Afghani man in self defense. He stated that sometime near the end of February 2003, his team was on a patrol near the Wazi Village in Afghanistan, during the early afternoon when they received fire while at a checkpoint about two hours from his team's operation base in Gardez, Afghanistan. After a firefight of approximately three and one half hours, his team secured a village with the help of local pro-coalition Afghani fighters (PCAF). [redacted] stated he was instructed to move forward, toward a ridge after the firefight because movement had been reported by someone on his team. He proceeded toward the ridge with an unknown number of PCAFs. While moving up the ridge, [redacted] and his PCAF's spotted two men armed with AK-47's and he engaged them, with his M-4 military issue weapon, but reported missing both men who apparently escaped from coalition fighters. After this incident [redacted] and the PCAF's joined the rest of his team who were clearing houses from the top of the ridge from which they previously received fire. [redacted] stated he was walking around a residence that was being cleared when he noticed three Afghani men, who were all wearing dish dashas, and sitting on the ground near the entrance to the residence. He claimed the men were being watched by a group PCAFs. He then linked up with the senior medic [redacted] B Co, 20th SFG, and inquired about what was happening. Shortly after, they were informed by [redacted] A Co, 20th SFG, who yelled from the residence that a weapons cache had been discovered therein. Immediately after informed, [redacted] and [redacted] moved to where the three Afghani men were sitting on the ground in order to secure them. [redacted] stated he was shouting in English for the men to get down on the ground. He claimed [redacted] was shouting in broken Pashto (he was not fluent), for the men to get in a prone position on the ground, which they did not, but remained in a sitting position. [redacted] stated it was getting dark but one of the PCAFs was illuminating the three guys with a flashlight. At a distance of fifteen feet from the individuals, [redacted] continued to motion with his hand and shout in English for the individuals to get down on the ground but they instead all popped up and stood facing [redacted] and him. At this point, [redacted] and he moved in on the men at which point the man directly in front of him lunged at [redacted] immediately stepped back and brought up his weapon which made the man stop the forward lunge. [redacted] walked closer to him with his weapon still up holding it with his right hand. He stated he used his left hand to control the individual. [redacted] stated this man was at least 6'4, the biggest Afghani he had ever seen with broad shoulders and a big build. The individual slouched as if he were

going to get down but suddenly reached and grabbed the barrel of [redacted] M-4 rifle with both of his hands. He was unsure if the individual was armed, or if his hands were around the muzzle opening or just the barrel itself. At this point, [redacted] was yelling at him to let go, and physically pushed him off the rifle with his left arm, palm facing out and trying to pull the rifle from him while his right hand was on the pistol grip and his weapon was on safe. After several attempts to remove this guy from the M-4 rifle, [redacted] switched the selector from the safe position, to the semi position, and pulled the trigger, which fired the round into the center sternum of the Afghani. He was unsure whether the muzzle of the M-4 rifle was in contact with the chest of the man. The individual did not release the barrel but still was trying to pull the weapon from him. [redacted], continued with his attempt to get the man to let go of his weapon, and he fired another round hitting him roughly in the center of the body, a little higher than the previous shot, due to the recoil of the weapon. The second shot hit about even level with the collarbone. At this point, the individual still had both hands on the weapon so [redacted] fired a third and final shot which hit the individual in the mouth area, at which point the individual dropped to the ground in front of him. [redacted] claimed that simultaneous to his actions, [redacted] was "tussling" with the other two individuals. [redacted] stated that after the man he shot hit the ground; he stood over the body pointing his rifle at the fallen man to insure he would not attack anyone else. At this point, [redacted] had secured the other two individuals by flex cuffing them and letting the PCAF's guard them. [redacted] moved to the fallen individual and checked his body for signs of life, which met with negative results. [redacted] stated the two captured men were taken by the team to the holding tent at there operations base. He did not know the disposition of the deceased individual. At a debrief following the firefight and search of residences, [redacted] stated he did not in any way document the incident in which the individual was shot and killed, but his team leader [redacted] A Co, SFG, was fully aware of the incident.

Later, [redacted] was asked about the death and possible abuse of detainees at the Garnez Detention Facility. [redacted] recounted how his team had, sometime in March 2003, captured several Afghani Men (about seven or eight), at a checkpoint. The men were apprehended due to possession of weapons that were outlawed by the coalition forces. The detainees were brought back to the SF Command Post at Garnez and were incarcerated in a GP large tent. According to [redacted] there was no separated partition to the tent or a place to isolate any of the detainees. He also stated he conducted an initial physical of the detainees and made sure all the detainees were provided food and water. He related how one of the detainees exhibited all the symptoms of a bladder infection and how he provided the detainee with medication to treat the suspected infection. He was unable to remember the name or description of the detainee, other than he looked Middle Eastern and was of middle age. [redacted] claimed either he or [redacted] would check the health of the detainees and make sure they had been provided food and water every day at a minimum. [redacted] related that a few days after the arrival of the detainees, he treated the man with the bladder infection one night, and into the next morning (sometime around 0200), administering antibiotics

until he was no longer in discomfort. Around 0500 that same morning the detainee appeared to be in good health when check by [redacted] About 0700, while getting coffee, [redacted] was alerted by some of the PCAFs that a detainee needed help. [redacted] and [redacted] left immediately to the tent and found the same man they treated earlier. They discovered him in a new dish dash, slouching at the entrance of the tent. [redacted] stated that he leaned over and shook him to check his responsiveness, which met with negative results, so he started Cardiopulmonary Resuscitation (CPR). After conducting CPR, he and [redacted] presumed the detainee dead and filled out a form documenting the death. [redacted] could not remember how long the detainees stayed at the operations base, but believed it to be approximately one week, ten days at the most, which is longer than they usually keep detainees. [redacted] stated the remaining detainees were transferred to Gardez Detention facility, controlled by the local Afghani Police Chief. He also stated the detainees were transferred to Gardez due the requirement of the Bagram Detention Faculty for extensive paperwork and entry physical of all new detainees. [redacted] denied ever abusing any detainees or witnessing any abuse to detainees by any coalition forces, the entire time he was deployed.

Finally, [redacted] was asked if at any time during his deployment, he had cut the beard off of anyone. He stated that sometime in March 2003, immediately following a battle between two Afghani factions, he did take a small, folding pocket knife and proceeded to cut a small amount of the facial hair from an unknown Afghani male. When asked why this was done; [redacted] explained he did this in an attempt to prove to the some of the coalition Afghani's that the man was dead. [redacted] denied the action was done to show disrespect to the deceased and the understanding of checking the body's pulse was of disbelief to the Afghan soldiers. He claimed he removed the facial hair, as an elaborate gesture because of the reverence facial hair holds in the Middle Eastern world.

About 1350, 13 Oct 04, SA [redacted] this office, coordinated with [redacted] HHD, 3/7th Special Forces Group, FBNC, who stated [redacted] was currently deployed to the South American Theater of Operations. [redacted] stated he would have the unit commander contact this office with further information pertaining to [redacted] date of arrival back to the continental U.S., and his exact location in South America.

About 1556, 13 Oct 04, SA [redacted] coordinated with [redacted] HHD, 3/7 SFG, FBNC, wherein he stated [redacted] was stationed at the U.S. Embassy [redacted] is currently working with the Defense Attaché's Office, [redacted] Further, [redacted] is not scheduled to return to the U.S. until early December 2004.

I/DOD INTEREST/BAGRAM AFGHANISTAN/U.S. ARMY REQUEST TO INTERVIEW MR [redacted]

1. On 07Oct04, Reporting Agent (RA) received a request from U.S. Army Criminal Investigation Division (CID), Bagram Afghanistan to interview [redacted]. As background, investigation by CID revealed that between 01-18Mar03, eight Afghanistans who were working the checkpoint at Seda Konal between Gardez and Khost Afghanistan were taken prisoner by U.S. Army Special Forces (SF). According to the CID report the eight prisoners were beaten, possibly burned and doused with water and made to stay outside in winter weather. One of the detainees subsequently died, a Mr. Jimal NASEER. The prisoners were then turned over to the local police at Gardez by SF personnel. The interview was conducted at the Joint Task force (JTF), Guantanamo Bay, Cuba. Present as a translator was [redacted]

2. On 13Oct04, RA along with Participant [redacted] interviewed [redacted] who advised he was the [redacted] for Gardez and remembered the above incident. According to [redacted] the eight prisoners worked for [redacted] the "URDU" Afghanistan border police. Further, [redacted] advised the deceased prisoner [redacted] who was also one of the eight prisoners. [redacted] said his name/nickname was [redacted] advised [redacted] was the one [redacted] the checkpoint when they were picked up. According to [redacted] of Patktia Province, [redacted] and [redacted] boss, [redacted] had problems with each other or conflicts. [redacted] said allegations arose from the [redacted] office, wherein the eight prisoners were accused of stealing items, taking money and searching females at the checkpoint. [redacted] said the prisoners were picked up by Special Forces (SF) and taken to the (SF) camp. [redacted] said the checkpoint guards did not come under his jurisdiction, but worked for [redacted] and he was not aware of their arrest by SF until they were turned over to him.

3. [redacted] said there were seven prisoners turned over to him and they all appeared to have been beaten and mistreated. He explained that it was cold outside, but they were wet. He could see that their legs were beaten and it appeared they were burned on their legs by either hot water or something else. He added that one of the prisoners [redacted] was killed by SF. He said some had bruises on their faces and one had scars on his face. [redacted] said the prisoners told him they were also beaten in the stomach with fists. [redacted] said he notified the [redacted] doctor, [redacted] who is the [redacted] He believed the prisoners were treated by the doctor for several days and he said it was anywhere from one day to one month. He added the doctor told him

some of the prisoners were passing blood in their urine. [redacted] said the doctor resides in [redacted] and holds the rank of [redacted] said the prisoners were kept warm, fed and received medical attention while at [redacted] Gardez. Further, [redacted] advised the doctor visited the prisoners twice a day, giving them medicine and treating their injuries.

4. [redacted] said the seven were turned over [redacted] by SF personnel. When asked, [redacted] said one of the SF soldiers who he believed was in charge was called [redacted] He described [redacted] as being a white male [redacted] (NFI). He could not provide any information on the number of or descriptions of other SF personnel present. [redacted] said he prepared a report for the Interior Ministry, which has the names of the SF personnel mentioned in it along with the prisoner names, dates and times. [redacted] said he doesn't remember the date, but knows he has been incarcerated for 16 months at various locations and that the incident occurred a few months before that in the winter (Mar03).

5. [redacted] said he wrote a letter to [redacted] Patktia Province and to SF to inquire what to do [redacted] said he never heard anything from the [redacted] or SF personnel, so he had the radio announce anyone having information against [redacted] to come forward. When nobody came forward, [redacted] said he had [redacted] transported by vehicle to the Interior Ministry in Kabal, Afghanistan. Again [redacted] said a report was prepared and given to the Interior Ministry, who also prepared documentation.

6. [redacted] was then questioned about the prisoner who died. He advised that the SF had transported the body from their camp to the Gardez Public Hospital. The family was notified. He said [redacted] and military knew about the death and nobody asked him to cover up anything. He said the hospital made arrangements to clean the body and prepare it for burial. He further advised that no one from the family filed a complaint with the police. [redacted] said he never saw the body and nobody told him the condition of the body. However, [redacted] assumed that since the others were badly beaten that he believed the eighth man died as a results of the beatings. He added that criminal investigators from his department may have gone to the hospital, but he is not aware of any additional information concerning the death.

If the suspect/accused says "yes," have him/her read and sign the waiver section of the waiver certificate on the other side of this form.)*

SPECIAL INSTRUCTIONS

WHEN SUSPECT/ACCUSED REFUSES TO SIGN WAIVER CERTIFICATE: If the suspect/accused orally waives his/her rights but refuses to sign the waiver certificate, you may proceed with the questioning. Make notations on the waiver certificate to the effect that he/she has stated that he/she understands his/her rights, does not want a lawyer, wants to discuss the offense(s) under investigation, and refuses to sign the waiver certificate.

IF WAIVER CERTIFICATE CANNOT BE COMPLETED IMMEDIATELY: In all cases the waiver certificate must be completed as soon as possible. Every effort should be made to complete the waiver certificate before any questioning begins. If the waiver certificate cannot be completed at once, as in the case of street interrogation, completion may be temporarily postponed. Notes should be kept on the circumstances.

PRIOR INCRIMINATING STATEMENTS:

1. If the supsect/accused has made spontaneous incriminating statements before being properly advised of his/her rights he/she should be told that such statements do not obligate him/her to answer further questions.

2. If the suspect/accused was questioned as such either without being advised of his/her rights or some question exists as to the propriety of the first statement, the accused must be so advised. The office of the serving Staff Judge Advocate should be contacted for assistance in drafting the proper rights advisal.

NOTE: If 1 or 2 applies, the fact that the suspect/accused was advised accordingly should be noted in the comment section on the waiver certificate and initialed by the suspect/accused.

WHEN SUSPECT/ACCUSED DISPLAYS INDECISION ON EXERCISING HIS OR HER RIGHTS DURING THE INTERROGATION PROCESS: If during the interrogation, the suspect displays indecision about requesting counsel (for example, "Maybe I should get a lawyer."), further questioning must cease immediately. At that point, you may question the suspect/accused only concerning whether he or she desires to waive counsel. The questioning may not be utilized to discourage a suspect/accused from exercising his/her rights. (For example, do not make such comments as "If you didn't do anything wrong, you shouldn't need an attorney.")

I, [redacted], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

X In reference to Sait Kandaw Pass, the team took down an illegal checkpoint that was manned by approximately 12 persons. After subdueing and handcuffing the bad guys, we took them back to the safe house. There, the prisoners were seperated and interrogated and segregated. A couple were released within a day or two, and the rest were handed over to the Police force in Gordez. I was in charge of the day to day operations around the safe house, and did not have time to participate in the interrogations of the prisoners.

In reference to the Wazee pass/village incident, I was providing covering fire; first with the Barrett Sniper Rifle, and later with the M240B mounted on the HMMV. I don't recall anything other than what I heard

Q: Did you go on the trip to the Sate Kandow Pass to apprehend the local nationals at the checkpoint.
A: No
Q: Did you go out on the mission to the Waze village where PKZ troops attacked the Special Forces and AMF guards?
A: Yes
Q: Can you describe what happened.
A: ODA 2021 was conducting a patrol from the town of Gardez to the town of Khowst. Upon entering the town of Waze, ODA 2021 came under heavy enemy fire. Over a period of the next several hours, we assaulted through the ambush, reorganized and headed back to Gardez. Several villagers in the area came and told us on their own accord, that it was in fact PKZ and his militia that attacked us.
Q: Had you ever heard that Dr[redacted]shot and killed a villager in the Waze village?
A: Yes.
Q: Where you in the area when this occurred?
A: Yes
Q: Can you describe what happened?
A: It was about ¾ though the fight and we were searching houses of villages that were participating in the ambush. The houses were located along the same ridge line that a suspect machine gun position was. Individuals were brought out of the house, numerous weapons were found inside this one house. In the process of detaining these individuals, a villager assaulted [redacted] by grabbing the barrel of his weapon, in which [redacted] responded with justified lethal force.
Q: Had you ever heard that [redacted] cut the beard off of a dead PKZ troop while fighting in the Waze village?

ADDRESS/ORGANIZATION
122d Air Support Squadron, Camp Beauregard, Pineville, LA 71360

I, [redacted], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

I deployed from the 122d Air Support Squadron, and was attached to the Combined Joint Special Operations Task Force (CJSOTF), Afghanistan, from 23 Jan 03 through 4 Jul 03. I was located at the Gardez Firebase, Gardez, Afghanistan. I was there most of my tour except for about two and a half weeks in Mar or Apr 03, when I had to fly to Germany to have an MRI done because I was having bad headaches. And then my last month in Afghanistan I spent at the Bagram Airfield. I was responsible for providing close air support for the firebase while I was at the Firebase.

Q: SA [redacted]
A: [redacted]
Q: Who was at the firebase with you?
A: I remember I knew [redacted] (Medic), [redacted] (Demo), [redacted] (Medic), [redacted] (Intelligence) [redacted] (Weapons), [redacted] (left 19 Feb 03), [redacted] (he was with the 122d), and [redacted] Team Leader). I don't know any of their last names as we were on a first name basis and we didn't wear our name tape on our uniforms.
Q: Did you see any abuse during your time frame at the firebase?
A: Actually I didn't; although, we were all together when the guys were arrested at the Setu Kandow pass.
Q: How many people were arrested?
A: About 8 or 9.
Q: Do you know why they were arrested?
A: Actually I don't.
Q: Do you remember how long they were detained on the firebase?
A: I think three days.
Q: After the detainees were arrested what did you and the others do with them next?
A: They were arrested at the top of the pass, flex cuffed, we put sand bags over their heads and we drove back to the fire base.
Q: What time of day would you say this was?
A: It was around mid morning.
Q: What was your responsibility during this mission?
A: To provide close air support and local security. I wasn't responsible for detaining any of the guys.
Q: What happened after the detainees were put in the trucks?
A: We drove back to the firebase. They were unloaded and I went back to down load our equipment and get something to eat.
Q: Where were the detainees downloaded?
A: Just outside the inner perimeter gates of the firebase. I continued thru with my vehicle and entered the compound.
Q: Why were they downloaded outside of the firebase?
A: Because no one other than US Soldiers were allowed inside the firebase. All of the detainees were maintained between the Hescoes and the gates of the firebase.
Q: Did you see anyone pouring water on any of the detainees while you were at the firebase?
A: No, Sir. Matter of fact I didn't see the detainees after that until the day they were released.
Q: Did you see any of the detainees who had looked battered and bruised?
A: No.
Q: Do you recall one of the detainees dying while at the firebase?
A: Not from the time we arrived to the firebase to the time the detainees got released, No.
Q: Did you go out on the mission to Waze village where PKZ troops attacked the special forces and AMF gaurds?
A: Yes, I was there.
Q: Can you describe what happened?

STATEMENT *(Continued)*

A: Around 1100 in the morning, about a week after the detainees were apprehended, we were conducting a patrol through the Waze Valley when we got ambushed on the outside of the Waze Village by hostiles who were up on a hill top and in the road. We were in a firefight on and off all day that day and didn't get back to our safe house until midnight that night. I called in close air support and we had two A10's and two Apaches drop live ordinance.

Q: Did you hear of [redacted] shooting and killing a villager in the Waze village?

A: No.

Q: Did you hear of [redacted] cutting the beard off of a dead PKZ troop while fighting in the Waze Valley?

A: No, Sir.

Q: Are you aware it is a violation of the UCMJ to provide this office with a false statement?

A: Yes.

Q: Are you being truthful here today?

There were eleven of us at the watch Post when we were arrested. We were part of the 3rd ~~Co~~ division.

The Americans visited us frequently, whenever they wanted to go we would accompany them. If they needed any information about a certain area we would gladly provide that to them.

The name of this area is ZAORAN. The people of this area did not want the government to their area, because these people belonged to SALALUDDIN'' tribe. Once the people of that are attacked us. One person from our group was injured. We ~~transfered~~ took the injured to the Base and later on he was transfered to the hospital in Gardez. We reported this incidence to the 3rd division, we were ordered to arrest the people suspected of the attack. We arrested six people and turned them to the 3rd division. Their leader was a guy named [redacted], he was also the District Chief of Showak? He warned us ~~the~~ to get out of the area and that they did not want us there. Then these people blamed us for taking bribes from the local people. All those arrested were released in a week after they pledged their cooperation with the government and promised that they would do anything against the government. They pledged their cooperation to [redacted], Governor [redacted]. ~~The~~ They were having meetings with the Government every week and they continued to say bad things about us. None of us were allowed to participate in these meetings. They also complained to the Americans about us.

One day the Americans called us and said they want to meet with us. I came to the ~~the~~ Post at 9 am. I was sitting that ~~the~~ two American Vehicles came. The Americans came and told me that they wanted to have tea with me. When I entered the room the ASF soldiers were everywhere. They told me that not to worry, it was for security purposes. They told me not to allow my soldiers to come in. They want to talk to me alone. I asked my soldiers to leave their weapons in the other room. and one of my brothers was [redacted]

brought in some tea. As I reached for the tea and candy the American attacked me and put the guns to my head and told me not to talk or move. They put a bag over my head. They inserted me in the room and my soldier outside. They put us all in the vehicles like bags, They took our weapons. They also took our vehicles. Then they took us about 200 meters away from the building and then they blew up all our our ammunitions. They brought the rest of our weapons in a pick up truck to the base.

There were Eleven of us, they released three because two of them were guests. ([redacted]). They made us kneel down, would not let us bend. if we moved, they would kick us and punch us. They accused us of placing road blocks and taking money from the drivers. For six or seven days they did not feed us or let us sleep. Three or four soldiers would beat me up, sometimes I would lose consciousness and would pray that I might die. After six days they transfered me to a different room. I did not see my brother for five days. After five days they threw in my brother into the room like a rag. He could hardly talk, he could not walk. We were sleeping when they came and started beating us. They fired bullets at us. My brother's situation got progressively worse. We asked the interpreter to call a doctor. It was on the 17th day that the doctor came. The doctor said that he should be put in a warm room. They put my brother in another room then the released him and said that they had made a mistake. They said they would take him to Bagram for the treatment. I heard my brother's voice, he wanted to see me. But they would not let me talk with him. 000442

I asked them where my brother was, no body could tell me who. They told me they had to give him a shot. I saw many armed Vehicles were leaving the base in a hurry towards the Bagram. An American came in with a translator and said that they came from the Bagram. and they had gone to [redacted]

[illegible] his mother and father were here this morning. I told them that I wanted to see my brother dead or alive. The interpreter told me not to worry, everybody dies. I looked outside and saw my brother dead body there. The Americans told me very respectfully that my brother was dead and that he felt my pain. He told me that my brother had some health problems. I told them my brother lived with me in the same house and had no health problems. I cried till one AM and insisted that I wanted to take my brother's body home. Then the Government and Police Vehicles carried my brother to the hospital and took me to the police station.

DETAILS

About 1300, 17 Jul 06, SA [redacted] and SA [redacted] Detainee Assessment Task Force, HQ USACIDC made coordination with [redacted] Staff Judge Advocate (SJA), US Army Special Forces Command (Airborne) Fort Bragg, North Carolina 28310, [redacted] stated the US Army Special Forces Command requested [redacted] conduct an investigation into the facts and circumstances with regards to CID Reports of Investigations 0062-04-CID369 and 0133-04-CID369. This inquiry was being conducted for the purposes of preparing these cases for prosecution.

On 24 February 2006 SJA prosecution representatives' were appointed to conduct a prepreferral investigation into allegations of detainee abuse and the death of a detainee in the area of Gardez, Afghanistan on or about March 2003. Simultaneously CID was continuing with its investigation. A summary of these investigative findings are set out below:

The investigation was consolidated into three areas; first, does the available evidence support the allegations of detainee abuse, specifically for the offenses of Voluntary Manslaughter, Aggravated Assault, Maltreatment of a PUC, and Assault; second, if the evidence supports the allegations of detainee abuse did this abuse lead to the death of one detainee; and third, was there any misconduct that warrants further action? Investigation found the available evidence did not support the allegations of detainee abuse; the second finding was that detainee abuse did not lead to the death of the detainee; and the third finding was that there was misconduct that warrants further action. These findings were based on the following; a comprehensive review of the previous investigations into this matter by both United States Army Criminal Investigation Command and the Afghanistan Military Attorney General's office investigation; and personal interviews conducted in Gardez, Afghanistan with the five eyewitnesses to the events in question, all of whom had previously been interviewed. These interviews were conducted in person through an interpreter. Two other Afghan Nationals could not be interviewed because their current whereabouts were either unknown or in an area that was unsafe for travel.

On or about March 2003 ODA 2021 members operating out of Gardez firebase, supported by local ANA soldiers under the command of [redacted] detained 11 Afghanistan individuals under the command of [redacted], also known as Commander [redacted]. These individuals were members of the Paktia province National army and were suspected of operating an illegal checkpoint at Seda Konal pass, east of Gardez, Afghanistan consisting of firearms trafficking and extorting money from persons traveling through the pass. This suspicion was based primarily on complaints to local authorities from local national personnel passing through the area. The ODA's action was authorized by the local area Governor. The ODA was comprised of members of 1/20th SFG(A) and one member of 7th SFG(A). Upon arrival at the pass, the ODA [redacted]

[redacted] flex cuffing both their hands and feet for transport back to the firebase. During a search of the area, a cache of both heavy and light weapons was found in a nearby mosque. These weapons were subsequently removed from the mosque and destroyed. Upon their return to the firebase, the detainees were offloaded and made to kneel on their knees in front of a hesco barrier wall until they could be screened and processed. There was snow on the ground at the time. The detainees were taken one at a time into the inner portion of the firebase, where the ODA members lived, where they subsequently processed the PUC's. During the screening processing, 2 of the detainees were released. It was also noted that one of the remaining detainees had what appeared to be a possible urinary tract infection or other stomach ailment, which was treated by the ODA medics. Arrangements were made for the feeding and sheltering of the detainees outside of the Special Forces portion of the compound. During that time they were guarded by ANA soldiers. On the second day ODA members began questioning the detainees for further information. The questioning was conducted primarily by the team leader, [redacted] and the ODA's 18F, [redacted] One method used by [redacted] during the initial questioning of the checkpoint commander was open handed slaps to the face. This method was authorized for use by [redacted]. After approximately one week it was determined that the detainees did not meet PUC criteria and arrangements were made for them to be turned over to the local Gardez police for further investigation into their suspected criminal activity at the checkpoint. This turnover did not occur for an additional period of between 3 to 8 days, and during that time the detainee with the stomach ailment died. Attempts to revive him by team medical personnel were unsuccessful. His body was subsequently released to the local hospital facility in Gardez and the other detainees were then turned over to the local Gardez police chief, [redacted]. No mention of the detainee's death was made by [redacted] in subsequent reports to higher headquarters. The detainees were kept by the local Gardez police for approximately two months and then turned over to the Interior Ministry in Kabul, Afghanistan for further investigation into their suspected criminal activities at the checkpoint. While there they made statements for the first time that they had been severely beaten and abused by ODA members and that this mistreatment caused the death of the one detainee. An investigation by the Afghanistan Attorney General's office was initiated and concluded that ODA members may have abused the detainees. Following notification that detainee abuse may have occurred United States Army CID began an investigation into the matter in September 2004 and subsequently concluded that there was enough evidence to title four of the ODA members for offenses under the Uniform Code of Military Justice. [redacted], [redacted], [redacted] and [redacted] were all titled for Voluntary Manslaughter, Aggravated Assault, Maltreatment of a PTJC, and Assault. [redacted] was further titled for Accessory after the Fact, Misprision of a Serious Offense, Dereliction of Duty and Conduct Unbecoming.

Investigation found the available evidence does not support the allegations of detainee

abuse. There is no evidence that any abuse occured at the time of the initial detention and transport back to the firebase. Once they arrived at the firebase it is alleged that the detainees were continually kicked, beaten, punched, and had cold water poured over them. There are also allegations that some of them were burned by a hot stove and made to stay out in the snow in wet clothes for several days without food. The evidence does not support these allegations. CDR [redacted] CDR [redacted] and CDR [redacted] were all present at the firebase throughout the period of detention. All three of them stated they never witnessed any abuse nor saw any signs of abuse, such as bruising and swelling, on the detainees. Further, they never heard any screams or gunshots that may have indicated that abuse was occurring inside the American sector of the compound during questioning sessions with the detainees. They all stated that the detainees, with the exception of the one complaining of stomach pain, were in good physical health upon their arrival at the firebase and in good physical health upon their release from the firebase to the local Gardez police. CDR [redacted] also stated that [redacted] approached him upon the detainee's arrival at the firebase inquiring as to blankets and food for them. When told there were not sufficient food stooks to provide them with local Afghanistan food in lieu of MRE's, [redacted] provided money to CDR [redacted] to procure food locally so that the detainees could be fed with food that they were used to. One of the ANA cooks, [redacted] (Son of [redacted] stated that he prepared food for detainees regularly and washed their prayer clothes. He further stated that he never saw any abuse or signs of abuse on the detainees. The above are eyewitness accounts by local ANA personnel who were present at the time of this incident and corroborate the statements made by ODA personnel. They all state that the detainees were in good physical health at the time they were turned over to local Gardez police and had in fact been well treated during their detention at the firebase. The only other eyewitness account of this incident was made by the local police chief, [redacted] to whom the detainees were released. He told CID investigators that the detainees were bruised and swollen when he received them, and required constant medical attention while they were in his custody. Investigation has discredited his account for two reasons. First, CDR [redacted] stated that he simply did not trust [redacted] although he never stated why, and wanted the ODA to turn them over to Kabul rather than [redacted] Second, [redacted] since October of 2004, which severely undermines his credibility. [redacted] accused of ties to al Qaeda and attacks on US forces. He is accused of being responsible for an attack near Gardez which caused the death of one American and injury of two others. He is also accused of being a former commander of the Lashkar-e-Tayyiba terrorist group. This is an armed wing of the Pakistan-based religious organization, Markaz-ud-Dawa-irshad, a Sunni based anti-US missionary organization formed in 1989. The Pakistani terrorist group Lashkar-e-Tayyiba has been transporting and hiding al Qaeda members who escaped from Afghanistan. [redacted] was identified as working in Quetta, Pakistan, assisting al Qaeda members escape from Afghanistan. All other statements are by persons that only saw the detainees after they had been released into the custody of the local Gardez police. There were no allegations by anyone of abuse until at least two months after the detainees had been released by the ODA to [redacted] These

allegations were first made by the detainees after they had been turned over by the Gardez police chief [redacted] to the Interior Ministry in Kabul. At the time of the allegations, the detainees were being investigated for criminal misconduct at the checkpoint. The investigation into this incident by Afghanistan officials appears to rely primarily on statements by the detainees themselves. The only independent corroboration consists of a statement by Dr. [redacted] of the Kabul Department of Health, a statement by [redacted] head doctor of the Police Department, and a statement by [redacted] a nurse at the Gardez Hospital. Dr. [redacted] states he treated some of the detainees three months after their release by the ODA, and they appear to bear injuries as a result of beating and torturing. It is impossible to determine whether these injuries occurred prior to or after their release by the ODA. [redacted] states that the detainees were provided medical attention and medication by police and civilian health department officials in Paktia province for wounds and injuries, but their wounds could not be diagnosed because of the lack of necessary equipment. He states that these wounds were the result of beating by fists and other objects. [redacted] was not present at the time of their release by the ODA, however, and in fact worked at the Gardez Hospital as the Police doctor. He only saw the detainees after they had been turned over to the Gardez police chief. Additionally, in a recent attempt to locate witnesses during a preliminary investigation by CJTF personnel, [redacted] stated that although he remembered the incident, he was not the treating doctor for these persons. Finally, [redacted] simply states that the body of the deceased detainee had been brought to Gardez hospital and delivered to the family. There are no eyewitness statements that substantiate any abuse prior to the detainees being released by the ODA. During the course of their investigation, CID interviewed persons who claimed that abuse occurred while the detainees were at the firebase. Among those persons were CDR [redacted] CDR [redacted] CDR [redacted], and [redacted] (Son of [redacted]. During interviews with these same personnel, they all stated that they never told investigators that any abuse had occurred at the firebase, and the detainees had been well treated. Both CDR [redacted] and CDR [redacted] said that they had heard water was poured on the detainees, but they may have heard this from CID investigators and they never personally witnessed any such action by the ODA. Reliance by CID investigators is also placed on statements by medical personnel who purportedly treated the detainees and said that they appeared bruised and swollen. As previously noted, they never saw the individuals until well after they had been released by the ODA, and it is impossible to determine when any such injuries may have been incurred. To summarize this finding, it appears from the available evidence the detainees were well treated while detained at the firebase. This is fully supported by several eyewitness accounts. What may have occurred once they left the firebase can not be determined. Additionally, no allegations of abuse were made to United States officials until a year and a half later, well after the incident in question. During the time the individuals in question had been detained by at least two other Afghanistan governmental agencies. There is no indication that the detainees raised any allegation of abuse until at least two months after their release by the ODA. There is no concrete evidence available that suggests that any injuries that the detainees may have suffered occurred while they were detained at

the firebase. Second, continued investigation found that there is no evidence to support the allegation that detainee abuse led to the death of one of the detainees. In addition to the above finding, eyewitness accounts indicate that the detainee who died was suffering from an internal stomach ailment at the time he was detained. He was treated by medical personnel for this while at the firebase. CDR [redacted] stated that he prepared the body for delivery to the Gardez Hospital and during that time he noted no indications of abuse such as bruising or swelling, as had been alleged. CDR [redacted] stated that, although he was not there when he died, he was later told by [redacted] that he had died as a result of the stomach ailment. In further support of this, no allegation that he had died as a result of abuse was ever raised by his family or the other detained persons until well after the incident in question. His body had been released by the Gardez Hospital to his family, but no complaint was raised at that time. No autopsy was performed at the hospital to determine the cause of death and no records are available to document his condition when received by the hospital. The body washer who claimed that the body was bruised and discolored is no longer employed by the hospital. Also, the [redacted] of the deceased claimed that it appeared that he had possibly been beaten with cables, a claim that is not supported by statements of the other detainees. Investigation found that, based on the available evidence, his death is consistent with an internal ailment and was not as a result of any abuse. Third, there is evidence of misconduct that warrants further action. [redacted] as the team leader at the time, failed to report to higher that a death had occurred. Had the death been promptly reported through proper channels this matter would have been resolved immediately. Additionally, he authorized the use of open handed slaps to the face of one of the detainees during questioning. In doing so, he stated that he based this on interrogation or questioning techniques he had learned during SERE training. Although this technique is demonstrated during SERE training, according to current SERE instructors it is used to show what U.S. forces may undergo in captivity and is not taught as a questioning technique for use by American forces.

On 10 April 2006 the prosecution team interviewed Commander (CDR) [redacted] CRD [redacted] has since left the Afghan military [redacted] At the time of this incident he was an Afghan Security Forces (ASF) commander. His duty station was [redacted]. CDR [redacted] had previously provided a verbal statement to CID investigators through an interpreter. In this statement he stated that he had seen the detainees in question placed on their knees facing a wall. If they moved he said they were kicked, punched and had water poured on them. He further stated he heard a gunshot and screams during interrogations, and the detainees were bruised and very badly beaten when they were turned over to local officials. He stated he saw [redacted] drag a detainee through the rocks and hold him over a cliff during the initial checkpoint detention, and saw him threaten to drop him to his death unless he told where their weapons were located. He stated the Americans held [redacted], the checkpoint commander, under a water pump and put water on him.

DETAILS

During the re-interview of CDR [redacted] he stated that the Americans had been very good for Afghanistan. He initially seemed confused as to the event he was questioned about, mixing it up with another action that had occurred about a year earlier. When the name [redacted] was mentioned, however, a broad smile broke out and he immediately remembered the event and began telling his version of what happened. He stated that the detainees had been initially detained because of complaints about their activities at the checkpoint; specifically that they were extorting money from persons and being disrespectful to females persons (i.e., touching them in an inappropriate manner) passing through there. He stated that the detention action had been authorized by the local Governor of the province at that time, and he thought that maybe President Kazi had also approved the operation. He described the situation as a peaceful detention, with no abuse or threats being made by any persons present. He was there with a squad of his soldiers to provide security for the Americans, and it was during their security sweep of the area that the weapons cache was discovered in the nearby mosque. He stated that at first the Americans were planning to blow it in place, but then one of them said to move it outside so the mosque would not be harmed, After that, the detainees were loaded up onto the vehicles and moved back to the firebase. At the firebase, they were made to sit on heir knees in front of the hesco wall until they could be processed. At no time during their detention did he witness any abuse or see any misbehavior of any sort by the Americans. He also stated that when the detainees were turned over to the local police chief, [redacted] he argued that they should instead by turned directly over to the authorities in Bagram. He stated that this was because he did not trust [redacted] but would not elaborate on this. At the time [redacted] received them, all of the detainees were in good physical shape. CDR [redacted] was asked if he recalled talking with other Americans about this incident, specifically the CID investigators. He stated that he had spoken with other Americans about this, and told them the same thing. He was told in the initial CID report, he had stated that the detainees had been beaten and had water poured on them, He said that they must have misunderstood him, that the Americans had been very good to the detainees and there had been no abuse or mistreatment. All of the detainees had been in good physical shape when received by the local police chief. He was asked asked about any mistreatment at the detention site, specifically about someone being dragged over rocks and dangled over a cliff. He stated that he had never said this, and this did not occur, He said that [redacted] the checkpoint commander, was a very bad man and many people were afraid of him. He said the Americans asked for tea, and then peacefully detained the persons at the checkpoint. They flex cuffed them, placed hoods on them and loaded them for movement back to the firebase, but the Americans never hit them or dragged them or threatened to kill them. He stated that his squad had found the weapons in the mosque, and the Americans had been very respectful of their culture by moving them outside before destroying them, so that the mosque would remain unharmed. He was asked if he recalled the death of one of the detainees during this time. He stated that this man, [redacted] had been complaining of stomach problems during the initial detention. The medical personnel at the firebase provided medical treatment for the detainee throughout the period of detention, but at no

time did he witness nor did any of his soldiers tell him of any mistreatment of this or the other detainees by the Americans. He was asked once more if he recalled seeing or hearing about any mistreatment of the detainees by the Americans, and if he would be wiling to testify to his statements. He stated that the detainees had been well treated by the Americans, and he had neither witnessed nor heard of any abuse. Further, he stated that after the return to the firebase, the American medic, [redacted] had approached him in reference to their food situation. CDR [redacted] stated that [redacted] had asked him whether he had enough food to serve the detainees as well as his men. He was concerned that the detainees might prefer their own local food over MRE's. When CDR [redacted] told him that he did not have enough food to feed the detainees also, [redacted] gave him money to go purchase additional food for the detainees. He stated that [redacted] also provided blankets for the detainees to use. He would be willing to testify to this in any proceeding. He stated that the local citizens of the city liked having the Americans there, and that there had not been any beating of any detainees that he knew of. He further stated they must have misunderstood him during the initial interview, that he never stated that there had been abuse. CDR. [redacted] was found to be very credible in his answers. He was extremely nervous talking about this in front of other local Afghanistan citizens, but appeared well at ease and relaxed when away from them. He did not appear to like or trust the local police chief at that time, [redacted] but would not say anything other than he did not trust him.

On 9 April 2006 CDR. [redacted] was located at the ASF camp located outside of the firebase. He was now the commander of the ASF there, but at the t h e time of the event he was an assistant commander to CDR [redacted]. He had previously made statements where he stated he saw "[redacted] throw water on detainees and that they were punched and kicked. A re-interview of CDR [redacted] in his quarters which were just outside of the ASF camp was conducted. CDR [redacted] was asked if he recalled the event in question, which he stated that he did. He was asked if he could relate what he had observed at that time. He stated that the Americans had detained some persons at a checkpoint that were accused of taking things from the local citizens passing through. He was present at the firebase when they returned and the detainees were made to sit on their knees in the snow facing the hesco wall. They were then taken into the American portion of the firebase one at the time and questioned. After they were questioned they were returned to the ANA portion of the compound and guarded by ANA personnel. At no time did he see or hear of any abuse by the Americans. He was asked if he had been at the checkpoint where they were initially detained, to which he said no, that he first saw them when they arrived at the firebase. He was asked if he saw any mistreatment when they were unloaded from the trucks, to which he replied no. He stated they got off of the trucks and were lined up facing the hesco wall, and then made to kneel down in the snow facing the wall. He further stated that this was standard procedure for all detainees that were brought into the compound. After that, they were taken one at a time into the American portion of the compound, and questioned. After that they were returned to the wall. He was asked if he either saw water being poured on the detainees or

heard any screams while they were being questioned, or saw anyone being struck in any way, to which he replied no. He stated that the detainees were in good health when they first arrived, and were in good health when they left a couple of weeks later. He did state that one of them, [redacted] was sick when he arrived and later died. He was not present at the firebase when he died, but was later told by [redacted] that he had apparently died of some type of stomach infection, possibly as a result of having sex with a young boy who had been detained at the checkpoint but was subsequently released. He was asked where the detainees were kept while at the firebase. He stated that they were kept in a bunker outside of the American portion of the firebase, and were guarded by his ANA soldiers. The only interaction the Americans had with the detainees was when the detainees were taken inside the American portion for questioning, or were being medically treated (specifically the sick detainee). CDR [redacted] stated that the detainees never appeared to be bruised or hurt at anytime they were at the firebase. He was asked if he recalled his previous statements to CID personnel, in which he said that water had been poured on them and they had been beaten. He stated that he never said that, that they must have misunderstood him if that was what they thought he had said. He stated that he had heard from the CID investigators that water was poured on them, but he had never seen this. CDR [redacted] said that the Americans were well liked by everyone in the area, and they were very respectful of their local culture. They treated everyone with respect, and respected the local customs. He also stated that the ODA was well liked by the local population, especially [redacted] and the medics. He said that [redacted] was very skilled in his interpersonal relationship with the Afghan people and that the medics handled every problem on the firebase quickly and efficiently. He added that [redacted] was a very bad man, and everyone in the local area was very afraid of him. He again stated the detainees were not beaten or tortured by the Americans, and he was willing to testify to this. He was asked if he had an opinion as to why people were saying the Americans had beaten and tortured these individuals if it hadn't really occurred, to which he stated that it was probably [redacted] or his people trying to do this to the Americans. He stated that the bad people had mostly left the city now because of the Americans, and this might be something to try and get the Americans out of Gardez. CDR [redacted] was found to be very credible. He was forthright in all of his answers and never hesitated or appeared to be trying to evade any questions.

On 9 April 2006 CDR [redacted] was interviewed. At the time of the incident, he was an assistant commander to Cdr. [redacted] He is now an assistant commander to CDR [redacted] He had previously made statements in which he stated that the detainees had been very badly beaten the first day and then moved behind the compound where no one could see what happened. He stated that he had wrapped the body of the deceased detainee in white cloth and transported him to the house of the father of the deceased. He also said that he saw [redacted] throw water on the detainees and kick them. CDR [redacted] was asked if he recalled this particular incident, he said that he did, and then proceeded to give his version of what happened. He told me that when they arrived at the firebase the detainees were offloaded and made to sit on their knees in front of the hesco wall. They were

taken one at the time into the American side of the firebase and questioned. They were then returned to the ANA side and guarded by ANA soldiers. He did not see any abuse at anytime during their detention at the firebase. The detainees were guarded by ANA soldiers during the entire time they were at the firebase, The detainees were provided blankets and local Afghanistan food while they were there. When the detainee died, he recalled wrapping the body in white cloth which was the custom, and then the body was taken to the local hospital. There were no marks or any signs of beating on the body. The American medics at the firebase kept trying to resuscitate the deceased, but were not successful. He also stated that [redacted] was a very bad man and not to be trusted. CDR [redacted] was asked if he recalled making a statement to CID investigators and if so, what he told them. He replied that he told them the same thing during his re-interview, that the detainees had been well treated by the ODA members. He was asked if he recalled saying that the detainees had been badly beaten the first day and then moved behind the compound where they could not be seen. He replied that he had never said that, that in fact the detainees were guarded by ANA soldiers the entire time other than when they were questioned. I asked him if he recalled saying that he witnessed cold water being poured on them, to which he replied that he had never said that. He stated he had heard that cold water may have been poured on them but he personally never witnessed this. CDR [redacted] was found to be very credible in his answers. He was very relaxed in manner and said that the Americans had been doing a very good job and were well liked by the Afghanistan people.

On 9 April 2006 a re-interview of [redacted] a cook at the firebase at the time the incident is alleged to have occurred was conducted. He had previously made a statement to CID in which he said that he saw water poured on the prisoners, and that one night after [redacted] group was taken prisoner an American called [redacted] came to his hut and told him to bring cold water which he constantly put on [redacted] He also stated that he saw [redacted] who was alive and badly bruised and swollen. He did not see any other abuse. He was asked if he remembered this incident, to which he replied that he did. He was asked what he recalled about it, and he stated that he prepared food for the detainees and washed their prayer clothes. He was asked if he remembered any abuse, to which he replied that he did not. He was asked if he recalled making an earlier statement reference this, and he replied that he did. He was asked if he recalled telling investigators that he had witnessed cold water being poured on the deceased, and that he had seen a detainee very bruised and swollen prior to his death. He stated that he did not say this, He said he stated he told them that he had prepared food for them and washed their prayer clothes, but he never witnessed anyone pouring water on them. He was asked if he recalled the condition of the detainees, to include the deceased, while they were at the firebase. He stating that they were in good health, but the one who died appeared to have some type of stomach problem. He never saw any bruises or swelling on them, and never saw anyone strike them or mistreat them. He was asked if he ever saw any of the American soldiers pour cold water on the detainees, to which he stated that he never saw any of the

Americans pour water on the detainees. [redacted] was found to be credible as a witness in that he appeared honest in his answers and did not evade the questions presented to him.

On 9 April 2006 the interpreter [redacted] was interviewed. He had been employed as an interpreter at the firebase [redacted] and had previously made statements to CID investigators in which he stated that [redacted] and another American soldier repeatedly beat PUCs and burn them with a hot stove. He said that these soldiers repeatedly doused the PUCs with cold water and then left them exposed outside in the snow and cold. He further stated that [redacted] told everyone not to talk about the death of the detainee, and that he had heard a gunshot during one of [redacted] interviews of the detainees.

[redacted] stated he could not remember the incident. [redacted] was told he was not in any kind of trouble and his knowledge of and his recollections of the incident were important to determining the truth. He calmed down but still could not remember the event or making any previous statements. He was given a day or so to see if he could recall anything. [redacted] was contacted two days later and he couldn't recall the incident, He was asked him if he remembered talking to a CID investigator, which he replied he didn't. He was asked if something like this had happened, did he think he would recall it. He stated that he should, but he didn't remember any abuse happening while he was at the firebase. [redacted] was found not to be very credible. He appeared to be evading the questions, and was continually looking around while he was interviewed.

The result of the ongoing CID investigation as well as the findings of the prosecution team who conducted follow up preparation in Afghanistan was forwarded to the Staff Judge Advocate, US Army Special Forces Command (Airborne), Fort Bragg, North Carolina. Based on these findings the SJA made the following findings:

a. Probable cause does not exist to support the allegation that [redacted] showed disrespect to human remains. [redacted] statement in which he denies showing disrespect to human remains is credible. In contrast, his accuser, the sole eyewitness to this allegation, has made contradictory and unreliable statements on this and other matters.

b. Probable cause exist to believe [redacted] committed the the offense of dereliction of duty for failure to report to his chain of command a detainee died of natural causes while in his care and custody.
