As we discussed ... Let's not dig into 1A unless asked for specific data from Cmd Grp/G3
 Let's focus on moving the baseline ind training thru DA G3, DA G1 and HRC (and TRADOC)...
 Also, I will ask TRADOC how they ensure DMSOQ of deploting individuals.

Sir,

Have more folks than you can shake a stick at trying to contact TSBs and other folks involved in Post-MOB training for 372nd MP. To prevent a problem with multiple sources and to ensure integrity of information, especially considering the ongoing investigations, 1A is telling its subordinate units and MOBSTAs to forward all such official requests to this headquarters and we will be the sole source of this information. This only applies to Post-MOB training of this unit, not pre-MOB. Inquiries from media sources will be referred to HQDA PAO, per CG's discussion with the DAS yesterday. Once we have all applicable information, will forward to you directly. Would ask that you assist in our effort to ensure accurate information is provided to folks with a need to know.

LTC [Redacted]

Here is the original tasking that came through channels concerning the Schlesinger Panel. The panel is scheduled to meet in early June. Our tasking is simply to conduct a mission analysis of the attached memo to identify specified and implied tasks in preparation for questions when the panel is in session. These questions will likely be very short-fused and time sensitive.

The first page outlines **"training of regular and reserve personnel,"** as the only real specified task. As I read the focus of the panel and the underlying intent, I would submit that the panel, and our responses, will likely focus on the specific training of the 800th MP Brigade and the MI Brigade during Pre and Post Mobilization, to include an assessment of how well they performed during this training. It would be impossible to anticipate every question the panel may send in our direction, however, the previous outline should gather the salient points of interest necessary to accurately respond to the pane in a timely manner.

If you have additional questions please feel free to contact me.

Thanks,

Subject: MP Detainee Ops Training Guidance Question

Sir,

FORSCOM received a list of tasks for MP Detainee Ops training from COL [Redacted] last week that has three tasks that are not contained in the LTG McKiernan white paper. They are:

- Escort Procedures within Detainee Operations
- Meal Operations within Detainee Camps
- Non-Lethal Capabilities during Disorder/Disturbances within Detainee Operations

We have captured all the tasks listed in the LTG McKiernan white paper in our training guidance, but wanted to verify with you if you wanted the 3 additional tasks included as well.

COL [Redacted] is TDY, and asked that this request for clarification be sent to you.

INFORMATION PAPER

Subject: Mobilization and training outline for the 372d Military Police Company

1. The 372d Military Police Company is home stationed at Cumberland, Maryland as part of the 99th Regional Readiness Command (U.S. Army Reserve). They were directed to mobilize in serial 187B to support Operation Iraqi Freedom as a Combat Support Military Police Company, with expected deployment to Silopi, Turkey. The unit reported to their mobilization station at Fort Lee, Virginia on 27 February 2003. On 29 March 2003, FRAGO 5 to DEPORD 187B was issued redirecting the unit to Kuwait as a Combat Support Military Police Company.
2. Mobilization Timeline:
 - a. Alert Date: 06 January 2003
 - b. Mobilization Date: 24 February 2003
 - c. Mobilization Station Arrival Date: 27 February 2003
 - d. Validation Date: 14 April 2003. Validated by the Fort Lee mobilization station commander at T-1.
 - e. Deployment Date: 13 May 2003
 - f. Duty Date: 14 May 2003
3. The unit was required and authorized 180 soldiers.
 - a. Unit arrived at Fort Lee with 180 soldiers.
 - b. Seventy-two of their soldiers had been assigned to the unit since their last annual training (AT).
 - c. Fifty-six of the remaining 108 soldiers had recently returned from a rotation on SFOR 10.
 - d. Ten soldiers were found not medically fit and did not deploy with the unit; 2 later deployed and joined the unit, 6 have already been released from active duty and 2 remain at Fort Lee as Medical Holds (one soldier is being medically separated and will leave in 1-2 weeks; the second Soldier's Medical Evaluation Board (MEB) packet will go to the Physical Evaluation Board (PEB) this week, will potentially be at Fort Lee for another 3-4 months).

e. Fifteen soldiers returned to Fort Lee during the deployment for administrative or medical reasons. Four have redeployed, one was given a Hardship Discharge (Chapter 6), nine were released from active duty and one remains at Fort Lee.

f. Thirty-four soldiers have returned from theater under the 730 day rule and have been released from active duty.

4. Mobilization station activities at Fort Lee and Fort Picket.

a. While mobilized at Fort Lee, the unit completed Soldier Readiness Processing (SRP), which included Medical, Dental, Personnel, Finance, Legal, and Security. All of the units' equipment received a technical inspection and was brought to fully mission capable condition (FMC). All soldiers were issued the required organizational clothing and individual equipment (OCIE) and Joint Service Lightweight Integrated Suit Technology (JSLIST).

b. As required by Forces Command, post mobilization training consisted of:

(1) FY03 Common Task Training Tasks (CTT) for Skill Level 1-4

(2) Individual Readiness Training (Cultural Awareness, Rules of Engagement (ROE), SAEDA, Media Awareness, and AT Level 1). The Rules of Engagement training included general information on the handling and treatment of prisoners.

(3) NBC Tasks

(4) First Aid Tasks

(5) Theater Specific Individual Requirements Training (TSIRT) Briefings (Nine Line Medical Evacuation (Medevac), Depleted Uranium, Force Protection, etc.)

(6) Weapons Qualification (Individual and Crew Served)

c. Collective training consisted of:

(1) Live Fire Exercise (M16/9MM)

(2) Dismounted Combat Maneuver

(3) Military Operations in Urban Terrain (MOUT) Training

d. The unit continued to conduct training after validation for deployment and the shipment of their equipment, however those training records were maintained by the unit.

INFORMATION PAPER

Subject: Mobilization and Training Outline for the Headquarters and Headquarters Company, 320th Military Police Battalion, Enemy Prisoner of War, Counterintelligence, Detachment 2

1. The 320th Military Police Battalion, HHC, (EPW/CI), is home stationed at Ashley, Pennsylvania as part of the 800th Military Police Brigade and is subordinated to the 99th Regional Readiness Command (U.S. Army Reserve) in peacetime. Detachment 2 was directed to mobilize in serial 187B to support Operation Enduring Freedom as an Internment and Resettlement (IR) unit. Initial deployment duty location was identified as Tallil, Iraq. The unit reported to their mobilization station at Fort Dix, New Jersey on 19 February 2003, validated on 11 March 2003 and deployed on 13 March 2003. The unit returned to Fort Dix on 18 March 2004, demobilized and returned to their home station on 24 March 2004.

2. Mobilization Timeline:

- a. Alert Date: 1 January 2003
- b. Mobilization Date: 10 February 2003
- c. Mobilization Station Arrival Date: 19 February 2003
- d. Validation Date: 11 March 2003. Validated by Fort Dix mobilization station commander at T-1.
- e. Deployment Date: 13 March 2003
- f. Duty Date: 14 March 2003
- g. Redeployment Date: 18 March 2004

3. The unit was authorized 148 personnel. It was assigned 148 personnel. One soldier was placed on medical hold, three soldiers were placed on dental hold, and two additional soldiers were identified as nondeployable. The detachment deployed 142 soldiers.

4. Mobilization station activities at Fort Dix:

- a. While mobilized at Fort Dix, the unit completed Soldier Readiness Processing (SRP), which included Medical, Dental, Personnel, Finance, Legal, and Security. All of the units' equipment received a technical inspection and was brought to fully mission capable condition

(FMC). All soldiers were issued the required organizational clothing and individual equipment (OCIE) and Joint Service Lightweight Integrated Suit Technology (JSLIST).

b. As required by Forces Command, post mobilization training consisted of:

(1) FY03 Common Task Training Tasks (CTT) for Skill Level 1-4

(2) Individual Readiness Training (Cultural and Religious Awareness, Rules of Engagement (ROE), SAEDA, Media Awareness, and AT Level 1). The Rules of Engagement training included general information on the handling and treatment of prisoners.

(3) NBC Tasks

(4) First Aid Tasks

(5) Theater Specific Individual Requirements Training (TSIRT) Briefings (Nine Line Medical Evacuation (Medevac), Depleted Uranium, Force Protection, etc.)

(6) Weapons Qualification (Individual and Crew Served)

c. Collective Training. Records indicate that the unit trained on the following collective tasks:

(1) Tactical Operations Center (TOC) Operations

(2) Battle Staff Training

d. Additionally records indicate that the unit was rated as a "P" in the following collective mission essential task list (METL) tasks upon arrival at the mobilization station.

(1) Establish and sustain an internment and resettlement facility

(2) Process and account for internees

(3) Anti terrorist and force protection operations

e. Due to theater requirements, the collective training of this unit was unusually compressed, with a total of 20 days available from arrival at the mobilization station to required validation date, including all soldier readiness processing (SRP) and individual and collective training.

MEMORANDUM FOR C3, MNFI

SUBJECT: Non 31E MP/ILO Pre-Deployment Training Requirements for the Iraqi Theater of Operations

1. Based on a comprehensive review of the 31E / Military Police - Internment/Resettlement Specialist task set and the unique considerations present in this theater for MP / ILO nominated OIF 2/3 units and Individual Augmentees (IAs), we have identified theater (Iraq) specific pre-deployment training requirements for detainee operations. (See enclosure). The task set represents the minimum number of 31E related tasks and other recommended supporting tasks requiring validation during the mobilization process and is in addition to other mandated subject matter / topics required for deployment to the Iraqi theater.
2. Request DIRLAUTH with FORSCOM relative to the deployment cycle training requirements for MPs and ILO MPs identified for duty in the Iraqi theater.
3. MP / ILO units and IAs arriving in support of OIF 2/3 must be trained to standard in the unique task set required in detainee operations in order to facilitate the effective transfer of operations during the rotation of forces without degradation of operational capabilities.
4. Please direct questions regarding this memorandum to the LTC [REDACTED], Detainee Operations at DSN 822- [REDACTED] or e-mail at [REDACTED]@iraq.centcom.smil.mil.

Roger. I am coordinating at light speed. Note the comment by General Helmly below. This helps.

"I believe that members of this unit had the requisite training to ensure that they were aware of and competent in the task needed to secure enemy prisoners of war, and to ensure that they were aware of the requirement for humane treatment of prisoners," Gen. Helmly said.

The Army also has said that all soldiers, regardless of job assignments, learn about the Geneva Conventions prohibiting mistreatment of prisoners of war and others.

These are taken out of the various sections and thus the numbering is not in order. I am printing the entire report minus annexes.

Deputy Chief of Public Affairs
404-[REDACTED] / dsn 367 [REDACTED]

(U) The 800th MP (I/R) units did not receive Internment/Resettlement (I/R) and corrections specific training during their mobilization period. Corrections training is only on the METL of two MP (I/R) Confinement Battalions throughout the Army, one currently serving in Afghanistan, and elements of the other are at Camp Arifjan, Kuwait. MP units supporting JTF-GTMO received ten days of training in detention facility operations, to include two days of unarmed self-defense, training in interpersonal communication skills, forced cell moves, and correctional officer safety. (ANNEX 19)

(U) The 800th MP Brigade has experienced challenges adapting its task organizational structure, training, and equipment resources from a unit designed to conduct standard EPW operations in the COMMZ (Kuwait). Further, the doctrinally trained MP Soldier-to-detainee population ratio and facility layout templates are predicated on a compliant, self-disciplining EPW population, and not criminals or high-risk security internees. (ANNEX 19)

12. (U) I find that prior to its deployment to Iraq for Operation Iraqi Freedom, the 320th MP Battalion and the 372nd MP Company had received no training in detention/internee operations. I also find that very little instruction or training was provided to MP personnel on the applicable rules of the Geneva Convention Relative to the Treatment of Prisoners of War, FM 27-10, AR 190-8, or FM 3-19.40. Moreover, I find that few, if any, copies of the Geneva Conventions were ever made available to MP personnel or detainees. (ANNEXES 21-24, 33, and multiple witness statements)

RECOMMENDATIONS AS TO PART ONE OF THE INVESTIGATION:

1. (U) Immediately deploy to the Iraq Theater an integrated multi-discipline Mobile

Training Team (MTT) comprised of subject matter experts in internment/resettlement operations, international and operational law, information technology, facility management, interrogation and intelligence gathering techniques, chaplains, Arab cultural awareness, and medical practices as it pertains to I/R activities. This team needs to oversee and conduct comprehensive training in all aspects of detainee and confinement operations.

2. (U) That all military police and military intelligence personnel involved in any aspect of detainee operations or interrogation operations in CJTF-7, and subordinate units, be immediately provided with training by an international/operational law attorney on the specific provisions of The Law of Land Warfare FM 27-10, specifically the Geneva Convention Relative to the Treatment of Prisoners of War, Enemy Prisoners of War, Retained Personnel, Civilian Internees, and Other Detainees, and AR 190-8.

10. (U) Camp Bucca, operated by the 310th MP Battalion, had a "Criminal Detainee In-Processing SOP" and a "Training Outline" for transferring and releasing detainees, which appears to have been followed. (ANNEXES 38 and 52)

Several detainees allegedly began to riot at about 1300 in all of the compounds at the Ganci encampment. This resulted in the shooting deaths of 3 detainees, 9 wounded detainees, and 9 injured US Soldiers. A 15-6 investigation by COL Bruce Falcone (220th MP Brigade, Deputy Commander) concluded that the detainees rioted in protest of their living conditions, that the riot turned violent, the use of non-lethal force was ineffective, and, after the 320th MP Battalion CDR executed "Golden Spike," the emergency containment plan, the use of deadly force was authorized. Contributing factors were lack of comprehensive training of guards, poor or non-existent SOPs, no formal guard-mount conducted prior to shift, no rehearsals or ongoing training, the mix of less than lethal rounds with lethal rounds in weapons, no AARs being conducted after incidents, ROE not posted and not understood, overcrowding, uniforms not standardized, and poor communication between the command and Soldiers. (ANNEX 8)

FINDINGS AND RECOMMENDATIONS

(PART THREE)

(U) Investigate the training, standards, employment, command policies, internal procedures, and command climate in the 800th MP Brigade, as appropriate: (Names deleted) (ANNEXES 45-91) REGARDING PART THREE OF THE INVESTIGATION, I MAKE THE FOLLOWING SPECIFIC FINDINGS OF FACT: 1. (U) I find that BG Janis Karpinski took command of the 800th MP Brigade on 30 June 2003 from BG Paul Hill. BG Karpinski has remained in command since that date. The 800th MP Brigade is comprised of eight MP battalions in the Iraqi TOR: 115th MP Battalion, 310th MP Battalion, 320th MP Battalion, 324th MP Battalion, 400th MP Battalion, 530th MP Battalion, 724th MP Battalion, and 744th MP Battalion. (ANNEXES 41 and 45) 2. (U) Prior to BG Karpinski taking command, members of the 800th MP Brigade believed they would be allowed to go home when all the detainees were released from the Camp Bucca Theater Internment Facility following the cessation of major ground combat on 1 May 2003. At one point, approximately 7,000 to 8,000 detainees were held at Camp Bucca. Through Article-5 Tribunals and a screening process, several thousand detainees were released. Many in the command believed they would go home when the detainees were released. In late May-early June 2003 the 800th MP Brigade was given a new mission to manage the Iraqi penal system and several detention centers. This new mission meant Soldiers would not redeploy to CONUS when anticipated. Morale suffered, and over the next few months there did not appear to have been any attempt by the Command to mitigate this morale problem. (ANNEXES 45 and 96) 3. (U) There is abundant evidence in the statements of numerous witnesses that soldiers throughout the 800th MP Brigade were not proficient in their basic MOS skills, particularly regarding internment/resettlement operations. Moreover, there is no evidence that the command, although aware of these deficiencies, attempted to correct them in any systemic manner other than ad hoc training by individuals with civilian corrections experience. (Multiple Witness Statements and the Personal Observations of the Investigation Team) 4. (U) I find that the 800th MP Brigade was not adequately trained for a mission that included operating a prison or penal institution at Abu Ghraib Prison Complex. As the Ryder Assessment found, I also concur that units of the 800th MP Brigade did not receive corrections-specific training during their mobilization period. MP units did not receive pinpoint assignments prior to mobilization and during the post mobilization training, and thus could not train for specific missions. The training that was accomplished at the mobilization sites were developed and implemented at the company level with little or no direction or supervision at the Battalion and Brigade levels, and consisted primarily of common tasks and law enforcement training. However, I found no evidence that the Command, although aware of this deficiency, ever requested specific corrections training from the Commandant of the Military Police School, the US Army Confinement Facility at Mannheim, Germany, the Provost Marshal General of the Army, or the US Army Disciplinary Barracks at Fort Leavenworth, Kansas. (ANNEXES 19 and 76) 5. (U) I

find that without adequate training for a civilian internee detention mission, Brigade personnel relied heavily on individuals within the Brigade who had civilian corrections experience, including many who worked as prison guards or corrections officials in their civilian jobs. Almost every witness we interviewed had no familiarity with the provisions of AR 190-8 or FM 3-19.40. It does not appear that a Mission Essential Task List (METL) based on in-theater missions was ever developed nor was a training plan implemented throughout the Brigade. (ANNEXES 21, 22, 67, and 81) 6. (U) I also find, as did MG Ryder's Team, that the 800th MP Brigade as a whole, was understrength for the mission for which it was tasked. Army Doctrine dictates that an I/R Brigade can be organized with between 7 and 21 battalions, and that the average battalion size element should be able to handle approximately 4000 detainees at a time. This investigation indicates that BG Karpinski and her staff did a poor job allocating resources throughout the Iraq JOA. Abu Ghraib (BCCF) normally housed between 6000 and 7000 detainees, yet it was operated by only one battalion. In contrast, the HVD Facility maintains only about 100 detainees, and is also run by an entire battalion. (ANNEXES 19, 22, and 96) 7. (U) Reserve Component units do not have an individual replacement system to mitigate medical or other losses. Over time, the 800th MP Brigade clearly suffered from personnel shortages through release from active duty (REFRAD) actions, medical evacuation, and demobilization. In addition to being severely undermanned, the quality of life for Soldiers assigned to Abu Ghraib (BCCF) was extremely poor. There was no DFAC, PX, barbershop, or MWR facilities. There were numerous mortar attacks, random rifle and RPG attacks, and a serious threat to Soldiers and detainees in the facility. The prison complex was also severely overcrowded and the Brigade lacked adequate resources and personnel to resolve serious logistical problems. Finally, because of past associations and familiarity of Soldiers within the Brigade, it appears that friendship often took precedence over appropriate leader and subordinate relationships. (ANNEX 101, Multiple Witness Statements, and the Personal Observations of the Investigation Team) 8. (U) With respect to the 800th MP Brigade mission at Abu Ghraib (BCCF), I find that there was clear friction and lack of effective communication between the Commander, 205th MI Brigade, who controlled FOB Abu Ghraib (BCCF) after 19 November 2003, and the Commander, 800th MP Brigade, who controlled detainee operations inside the FOB. There was no clear delineation of responsibility between commands, little coordination at the command level, and no integration of the two functions. Coordination occurred at the lowest possible levels with little oversight by commanders. (ANNEXES 31, 45, and 46)

9. (U) I find that this ambiguous command relationship was exacerbated by a CJTF-7 Fragmentary Order (FRAGO) 1108 issued on 19 November 2003. Paragraph 3.C.8, Assignment of 205th MI Brigade Commander's Responsibilities for the Baghdad Central Confinement Facility, states as follows:

3.C.8. A. (U) 205 MI BRIGADE.

3.C.8. A. 1. (U) EFFECTIVE IMMEDIATELY COMMANDER 205 MI BRIGADE ASSUMES RESPONSIBILITY FOR THE BAGHDAD CONFINEMENT FACILITY (BCCF) AND IS APPOINTED THE FOB COMMANDER. UNITS CURRENTLY AT ABU GHRAIB (BCCF) ARE TACON TO 205 MI BRIGADE FOR "SECURITY OF DETAINEES AND FOB PROTECTION."

Although not supported by BG Karpinski, FRAGO 1108 made all of the MP units at Abu Ghraib TACON to the Commander, 205th MI Brigade. This effectively made an MI Officer, rather than an MP Officer, responsible for the MP units conducting detainee operations at that facility. This is not doctrinally sound due to the different missions and agendas assigned to each of these respective specialties. (ANNEX 31)

10 (U) Joint Publication 0-2, Unified Action Armed Forces (UNAAF), 10 July 2001 defines Tactical Control (TACON) as the detailed direction and control of movements or maneuvers within the operational area necessary to accomplish assigned missions or tasks. (ANNEX 42)

"TACON is the command authority over assigned or attached forces or commands or military capability made available for tasking that is limited to the detailed direction and control of movements or maneuvers within the operational area necessary to accomplish assigned missions or tasks. TACON is inherent in OPCON and may be delegated to and exercised by commanders at any echelon at or below the level of combatant commander."

11. (U) Based on all the facts and circumstances in this investigation, I find that there was little, if any, recognition of this TACON Order by the 800th MP Brigade or the 205th MI Brigade. Further, there was no evidence if the Commander, 205th MI Brigade clearly informed the Commander, 800th MP Brigade, and specifically the Commander, 320th MP Battalion assigned at Abu Ghraib (BCCF), on the specific requirements of this TACON relationship. (ANNEXES 45 and 46)

12. (U) It is clear from a comprehensive review of witness statements and personal interviews that the 320th MP Battalion and 800th MP Brigade continued to function as if they were responsible for the security, health and welfare, and overall security of detainees within Abu Ghraib (BCCF) prison. Both BG Karpinski and COL Pappas clearly

behaved as if this were still the case. (ANNEXES 45 and 46)

Want to publish guidance for specific pre deployment training required for units going over to perform detainee mission ... Previous guidance has stated all units must be proficient in METL derived for mission ... But didn't address each type unit.

Talked w/ MG Barrett yesterday ... He says you all have recommended tasks ... Would appreciate your help here

Also, looking at what training should be required of all soldiers prior to deployment ... Already require Law of Land Warfare and handling of POWs ... Any other tasks you'd recommend?

Thanks,

Subject: RE: TRAINING FOR TREATMENT OF PRISONERS

Sirs

The MP School is currently supporting detention operations training at Fort Dix for units slated to deploy to GTMO to perform the detention mission. I visited this training last week and can attest to the fact that it meets the Army standards.

In addition, there are 26 MOS 31E (Corrections) NCOs deployed to Iraq conducting detention ops training for both MP and non-MP units who are or will be performing the detention mission. They are using a TSP developed by our corrections SME at USAMPS who has conducted three visits to GTMO and two to Iraq in the past year. To date 713 of 1458 Soldiers, airman and marines have been trained. End of training is projected for 24 June 2004.

In both training programs, the instruction makes no distinction based on the technical legalities of the prisoners' Geneva Convention status. In both programs, the requirement for humane treatment of all prisoners at all times as specified under the Geneva Conventions is repeatedly and strongly reinforced.

JB, Ray...to add...

There is a major concern on treatment of detainees at GITMO vice in IZ. In particular, the application of the Geneva Convention to those detained at GITMO since they are categorized as members of terrorists organization, are stateless, and whereby the GC is not applicable. There is specific language in executive order that enumerates this. Members of Congress have questioned this during hearings this week.

MEMORANDUM FOR Commander, 2nd Brigade, 91st Division (TS), Fort Carson, CO 80913

SUBJECT: 220 Military Police Company Post-Mobilization Training Summary.

1. I certify 220 Military Co has completed required post-mobilization training on 18 February 2003 and is prepared to deploy in support of Operation ENDURING FREEDOM.
2. 220 MP Co, Colorado Army National Guard, is a military police unit. The 220 MP Co was alerted for mobilization on 10 January 2003, conducted home station preparations from 13-23 January in Denver, Colorado, and deployed to Fort Carson, CO for post mobilization training from 24 January-18 February 2003.
3. The 220 MP Co successfully conducted 114 of 114 M-16, 120 of 123 M-9, 37 of 37 M-203, 66 of 66 MK-19, and 27 of 27 M249 qualifications, and critical NBC tasks during the post-mobilization training period. The 3 M-9 non qualifications were due to ammunition shortages and will be made up OCONUS.
4. The 220 MP Co is a mission capable unit. Following is a list of trained tasks, strengths, weaknesses, and CDR's Assessment.

4a, d, h. The 220th is proficient in conducting Traffic Control Points (TCPs), route reconnaissance and surveillance, and convoy security after conducting multiple iterations of these tasks during the collective training phase at mob station. Planning and execution of these missions are this unit's strong points. These tasks are executed well from platoon down to squad level.

4k & l. Each platoon is well versed in conducting Area and Zone Recons. The unit conducts mounted sweeps well and they are exceptionally strong at conducting dismounted sweeps. Overall, control and execution of movement techniques are outstanding.

4m, o. The 220th is capable of conducting the Base / Base cluster defense and the crossing of a chemically contaminated area. Where the unit falls short is the coordination of the unit defense plan (within an overall base cluster defense plan) and unmasking procedures at the platoon and squad levels. Each platoon should take some time to conduct some opportunity training in these tasks. Overall the unit is capable of accomplishing these missions.

5. The 220th MP CO has outlined that the following tasks will occur OCONUS for sustainment training. Platoon and Squad level planning and execution of Cordon and Search procedures, Base / Base Cluster Coordination, and Crossing a Chemically Contaminated Area.

6. Equipment. Currently all unit ERC A shortages are due to FORSCOM shortages. By the unit CDR's assessment only the shortage of 26 of 40 CLS Bags are a concern.

7. Personnel. Unit is required to have 180 PAX and currently has 150 PAX deployable. If the unit drops below 136 PAX they will become P-3.

GENEVA CONVENTIONS- BASIC RULES

- > THE GENEVA CONVENTIONS REQUIRE PROPER TREATMENT OF ALL DETAINEES:
- ALL DETAINEES ARE TREATED AS PRISONERS OF WAR. PRISONERS OF WAR HAVE SPECIFIC PROTECTIONS DESIGNED TO PROTECT UNNECESSARY SUFFERING AND TO PROTECT OUR OWN SOLDIERS IN THE EVENT OF CAPTURE.

- Humane Treatment
- No Medical Experiments
- Protect EPWs from Violence, Intimidations and Public Curiosity
- Equality of Treatment
- Provide Medical Care
- Respect for Persons with Special Needs (disabled, elderly, women and children)
- No humiliation or reprisal (pictures only for intelligence purposes)

GENEVA CONVENTIONS- BASIC RULES

- > WHAT ARE THE GENEVA CONVENTIONS?
- > HOW DO THEY RELATE TO THE LAW OF WAR (LAW OF ARMED CONFLICT)?
- > HOW DOES GPW RELATE TO THE CODE OF CONDUCT?
- > WHY DO WE COMPLY WITH THESE RULES?

- Protects our soldiers
- Encourages the enemy to surrender
- Prevents enemy propaganda exploitation

GENEVA CONVENTIONS- BASIC RULES

- > SPECIFIC RESTRICTIONS:

INTERROGATION, CAMP DISCIPLINE AND CAMP LABOR:

THTs can ask EPWs anything, so long as no torture, threats or coercion is used.

EPWs are only required to provide their first and last name, their rank, date of birth and their service number (SSN).

1AD Policy prohibits the use of EPWs to perform labor, except to conduct police calls of their own AO.

Camp Discipline for breaches of Camp Policy is limited to isolation or reasonable control measures to maintain order.

BOTTOM LINE: BCT AND BN HOLDING AREAS ARE TEMPORARY AND ARE DESIGNED TO CARE FOR EPWS AND TO OBTAIN INFORMATION FOR A SHORT TIME UNTIL THEY ARE TRANSFERRED TO A PERMANENT FACILITY OR UNTIL THEY ARE RELEASED.

PRINCIPLES TO REMEMBER

- 1. GENERAL PROTECTIONS REQUIRED UNDER THE GENEVA CONVENTIONS (GPW)
- 2. SPECIFIC COMMAND POLICIES AND GENERAL ORDERS
- 3. ARMY DOCTRINE: THE 5 S's (AR 190-8, FM 27-10)
- 4. RULES OF ENGAGEMENT
- 5. COMMON SENSE = THE MISSION

EPW/DETAINEE HANDLING

APPLY FIVE (5) S's:

- 1. **Search:** (For weapons, intelligence)
- 2. **Silence:** (Discourages coordinated escape)
- 3. **Segregate:** (Separate male/female, military/civilian)
- 4. **Safeguard:** (Move personnel out of harm's way)
- 5. **Speed to the rear:** (Allow more advanced facility to carry the burden of EPWs)

TAG, TAG all personnel with DTG, capturing unit, location, circumstances, weapons, evidence obtained

VIGNETTE # 1

While on cordon and search, your platoon spots two Iraqis carrying AK 47's. One of them lifts his weapon and gets one round off before a member of your squad shoots and kills him. The other Iraqi begins to flee, but eventually stops, throws his weapon down and places his hands in the air to indicate surrender. You learn that one of the members of your platoon was struck in the leg by the enemy round? How do you handle the Iraqi that appears to be surrendering?

RESPONSE # 1

- Approach the Iraqi with his hands the air with caution and treat as an EPW. Remember deadly force is only authorized if they continue to pose a threat. Enemy that indicates surrender is not a legitimate target until demonstrates a contrary intent.
- Apply the 5 S's. Use the minimum force necessary to gain control over the prisoner by ensuring that he has no other weapons. Place him in zip-ties or handcuffs.
- Ensure that the detainee is properly tagged (CPA Form), that sworn statements detailing his capture or provided and that any items taken from the detainee are noted on a DA Form 4137.
- Render medical attention as necessary. Treat remains of deceased Iraqis in accordance with 1AD FRAGO 62A.

VIGNETTE # 2

Back at your Battalion Holding Facility, you are responsible for pulling security on detainees. One of the detainees continues to yell and scream and refuses to remain quiet as instructed. The other detainees are annoyed and begin to complain by banging and kicking their cells. How should you deal with this situation?

RESPONSE # 2

- The detainee does not pose a physical threat to you, but is creating a disturbance in your facility. Ensure you follow facility SOP for security and request assistance from your NCOIC, OIC and an interpreter.
- Use the minimum amount of force to necessary to eliminate the disturbance. If practical, isolate the detainee.
- If he persists consider restraining. Do not gag the detainee unless you are certain he has no medical ailments. Monitor the other detainees closely and provide continuous sitreps if the disturbance persists.

VIGNETTE # 3

You have a large number of detainees in your temporary holding facility. Several detainees begin to complain that they need water to wash up and that they wish to use the latrine. Your major concern is that more detainees are requesting to wash up and use the latrine than you have to ensure proper security. How should you deal with the situation?

RESPONSE # 3

- Your facility should have schedule posted in Arabic to inform the detainees when they can expect to eat, bathe and use the latrine.
- Depending on the circumstances, you facility may have to vary these times. Use your SOP.
- Prioritize according to the needs of the detainees with particular attention to the needs of women, children, the elderly any detainees that may have a disability. Those who need to use the latrine take precedence over those that wish to wash up.
- Always provide medical attention when necessary

VIGNETTE # 4

You are on guard shift at your holding facility, a 5-ton pulls up with new detainees for in-processing. You notice that one of the detainees is barely able to walk and appears to be in severe pain. In fact, his right leg appears to be broken. You review his CPA Apprehension Form and the sworn statements and learn that this detainee attacked another soldier in your Battalion and was injured as a necessary use of force in self-defense. What should you do?

RESPONSE # 4

- Call for medical treatment for the detainee before in-processing any of the other detainees
- According to the Geneva Conventions, EPWs are given medical care in accordance with normal triage procedures. Based on the severity of the injury, this detainee should receive treatment as soon as possible.
- Secure the remainder of the detainees before completing your in-processing procedures, until a medic or surgeon arrives to assist.
- Note: If you suspect any abuse of detainees has occurred, report this immediately to the 2BCT Battle Captain

VIGNETTE # 5

Same situation as before, except now it is 0330 and you are well into your guard shift at the facility. At 0315, you conducted your last walk-by to check on the status of each detainee. All seemed secure and asleep. Though it is late, you are alert and hear a noise coming from inside the facility towards one of the rear detainee cells. As you step through the salley-port, you see that one of the detainees is attempting to escape. He has taken his shirt off and is using in attempt to minimize his injuries has attempts to scale the concertina wire. What do you do?

RESPONSE # 5

- Follow your Facility SOP for handling escape attempts. Notify QRF to cordon off the facility and prevent the detainee from leaving the immediate area.
- Use the minimum force necessary to recapture the detainee. Remember deadly force may only be used as a last resort. If there is a way to regain control of the detainee without resorting to deadly force, use it.
- Ensure that the remaining detainees are secured. Once recaptured apply the procedure for securing detainees and immediately provide a sitrep to higher.

Quicky Vignettes

- 1.A. Detainee encouraged other detainees not to talk to interrogators. Can I put him in solitary confinement?
- 1.B. Detainee threatened to harm other detainees if they spoke with interrogators. Can I put her in solitary confinement?
2. Detainee keeps telling me that one of the US soldiers who detained him stole \$500 USD from him. What should I do?
3. Detainee, who is always causing trouble, demands a copy of the Koran. Must I give him one?
4. Detainee refuses to bathe. Can I force him to bathe?

Quicky Vignettes

5. Detainee facility grounds are covered with standing water. Can I force detainees to squeegee the water off the concrete so they have a place to stand outside?
6. Detainee complains of stomach pains, but I think she is just trying to avoid interrogation. What should I do?
7. 2BCT delivered a detainee here without any shoes. What should I do?
8. 1BCT is attempting to deliver a detainee here without 2 Sworn Statements. What should I do?
9. Unarmed detainee is running out the front gate of the 1AD DIF (located at old DCT HQ). What should I do?
10. After 15 minute exercise break, detainee refuses to follow my order to get back in his cell. What should I do?

FINAL THOUGHTS:

1. Handling Detainees is one of the most difficult missions in OIF.
2. Nothing good can come of mistreating people under your control.
3. Do not jeopardize a year of heroism for five minutes of frustration.

Situation

- More than 900 detainees currently being held at the Corps Holding Area
- Hundreds of others being detained in holding areas within MSC zones
- Most Iraqi criminal courts not currently operational. Coalition forces are holding all detainees until either
 - > release, or
 - > establishment of Iraqi court system and transfer to that system.
- Some detainees are being released because information known to soldiers in the capturing unit is not preserved and delivered to detention facilities.

UNCLASSIFIED

UNCLASSIFIED

Bases for Detention and Release

- Under ROE and V Corps FRAGOs, proper bases for initial detention include
 - > Looting (theft/destruction of property)
 - > More serious common crimes (murder, rape, assault, arson, etc.)
 - > Offenses against coalition forces (e.g. hostile acts, heavy weapons possession, interference with mission), and
 - > Possession of information valuable to the coalition's mission
- Release is IAW V Corps FRAGO 006M to V Corps OPORD 0303-343:
 - > Release is automatic after 21 days unless
 - ✓ a review of their detention has occurred and
 - ✓ continued confinement is deemed necessary by a military magistrate

UNCLASSIFIED

4

UNCLASSIFIED

Standard for Continued Detention Beyond 21 Days

Military magistrate deems continued confinement necessary if:

- probable cause that a crime has been committed or was about to be committed by, or with the aid of the detainee, or
- the detainee is interfering with, or
- is believed to possess information important to coalition mission accomplishment.

○ COALITION PROVISIONAL AUTHORITY FORCES APPREHENSION FORM ○

Why was this person detained? At approx 292350 Jd, 1st Platoon was conducting a patrol in Zone 1. SGT Schmatz heard a woman yelling and upon turning the corner saw the woman pointing to a neighboring building. He then saw D running from the building carrying what looked like electrical wiring and light fixtures. PFC Schmatz and crew of his M1114 chased D, who ran to a red truck, reached in, and then fired a burst of 5-8 rounds from a rifle he pulled out.

Who witnessed this person being detained or the reason for detention? Give names, contact numbers, addresses. The woman who yelled to SGT Schmatz was Fatimah Noor Razak, who had seen D break the door and then rip out the light fixtures and all electrical wiring from the neighboring house, which was empty at the time. Razak's two minor children, Anwar Abdul Razak (18) and Amed Ali Razak (16) also witnessed part of D's activities in the neighboring house. In addition to the three members of the Razak family, three other soldiers who were with SGT Schmatz saw parts of the chase and apprehension of D. These were PFC Jason K. Bull, SPC Harvey L. Wilshire, and PV2 Herman L. Mulville, all of the same platoon and contact information as SGT Schmatz.

- Provide the reason for the detention in a brief narrative.
- Ensure that all key witnesses are identified.

Form Instructions and Sample Completed Form

How was this person traveling (car, bus, on foot)? By foot. He appears to have arrived in the area by vehicle.

Who was with this person? No one. He appears to have been acting on his own.

- In the sample case, the individual detained is a lone offender.
- When two or more individuals are acting together, it is important to annotate this and to identify other detainees by detainee number.

UNCLASSIFIED

18

Form Instructions and Sample Completed Form

What weapons was this person carrying? AK 47, which was fired at coalition forces. See front. Upon search of the vehicle, an RPG was found. Both the rifle and the RPG were evacuated to the Corps Holding Area and evidence/custody forms were completed and annotated with detainee number.

What contraband was this person carrying? Stolen electrical fixtures and wiring. Arms were full with a tangle of wires and light sockets. D's capture was made easier because he could not move as quickly with full arms. The property was evacuated with the detainee and tagged with an evidence/custody form and the detainee number.

- Any additional weapons, not mentioned on the front should be described on the back side.
- Describe other contraband or evidence. Annotate whether Evidence/Property Custody Documents (DA Forms 4137) have been completed and ensure that evidence is linked to the detainee by marking with detainee number.

UNCLASSIFIED

19

Form Instructions and Sample Completed Form

What other weapons were seized? RPG, from vehicle.

What other information did you get from this person? Detainee claimed that his own house was looted by the occupant of the home he was stealing the wiring from. D claimed that he simply want to get his own house running again. D also claimed that he was not firing at coalition troops but that he had been fired upon by another Iraqi. 1st Platoon could find no evidence to support this claim.

Additional helpful information: Fatimah Noor Razak and her two sons, Anwar Abdul Razak and Amed Ali Razak had excellent recall of events. They stated that D had torn down the door to the home next door to theirs at around 2330 and that he proceeded to rip out ceiling tiles to get at the electrical wires. They were able to see his actions through a broken, uncovered window directly across the alleyway between houses. The Razak family is from this part of Baghdad City and has no intention of relocating, so they should be reachable as witnesses for the medium term. They can identify D by face and by the tattoo he has on his left arm. They can also identify the weapon he carried (it contained 3 notches on it) and the bundle of wires and fixtures he removed from the house. Finally, they can remember the car he ran to and the weapon he retrieved and fired. DA Form 2823 Sworn Statement was provided by Fatimah.

- Be sure to describe any likely defenses or extenuation/mitigation the detainee might raise.
- If there is no evidence to support such defenses or extenuation/mitigation, say so.

- d. 1 AD PAM 1-201 Command Inspection Checklist [Detainee Holding Facilities] September 2003

1. Regimental Support Squadron (RSS) will maintain the Regimental Detainee Holding Area (RHA). This guidance will assist in the daily operations of the Facility and ensure its compliance with International Humanitarian Law. RHA personnel will treat the detained personnel with dignity and respect and will handle all detainees with the minimum force necessary as required by the situation.
2. RHA personnel will not assume responsibility for any detainee until such time that all required documentation has been correctly filled out and all personal effects have been inventoried, cataloged, and stored. When appropriate, detainees will be segregated based upon their individual status. Criminal detainees must be segregated from EPWs and internees held for intelligence or security reasons.
3. A RHA advisory counsel will meet NLT 0800 hrs daily to review the detainee case files to ensure compliance with established procedures and that the detainee is processed and ready to be transferred or released. At a minimum, the counsel will consist of the Squadron S-2, and Assistant Operations Officer, and RHA NCOIC. No detainee will be moved, transferred or released from the RHA without the RSS Squadron Commander's approval.
4. RHA guard force will maintain a ratio of 5:1 between detainees and guards with a minimum of 2 guards present at all times. The RHA NCOIC will maintain the guard roster and will ensure that it is posted weekly. At no other time will the roster be altered without the approval of the RHA NCOIC. Sections tasked to provide guards will ensure that the RHA NCOIC is notified of planned missions that require the roster to be altered. Sections will not pull guards without ensuring that there is a replacement.
5. RHA NCOIC will ensure that one guard is on roving duty monitoring the activities of the detainees in their respective cells at all times. This guard will record their initials and time of their check, at a minimum every 30 minutes on the cell inspection form. If available a second guard will be utilized as an outdoor roving guard to ensure secondary perimeter security.
6. At a minimum, the RHA guard force will:
 - a. Treat all detainees with dignity and respect. Detained Foreign Military Officers will be treated as appropriate to their rank.
 - b. Handle all detainees with the minimum force necessary as required by the situation. No form of abuse, physical or mental (including the use of abusive language), will be directed at the detainees.
 - c. Interior guards will check all cells with detainees constantly. At least once every 30 minutes checks will be recorded on cell logs. Guards coming onto shift will ensure the presence of all detainees and their compliance of established guidelines as brief to them upon their reception at RHA.

- d. If a detainee is unaccounted, at any time guards, will IMMEDIATELY report the absence to the Shift NCOIC who will in turn notify Camp Muleskinner FPC at DNVT: 587-5027.
- e. Prior to shift change the outgoing Shift NCOIC will conduct a full inspection of the RHA area and conduct a prisoner count with the incoming Shift NCOIC present. Only after inspections are complete and detainees are accounted for will the outgoing NCOIC and Guards be relieved of duty.
- f. Guards will read and review all special instructions prior to assuming guard duties in RHA.
- g. Ensure that detainees maintain the cleanliness of their respective holding cell. The guard force is responsible for the cleanliness of the common areas and police call around the RHA. Police call and trash removal will be conducted at the change of shifts. Daily inspections of cells will be conducted to ensure integrity, security, and cleanliness of the cells. Any attempts to weaken the cells will result in the detainee being restrained (zip-tied) and removed from the cell so that repairs / corrections can be made.
- h. Ensure that the detainees are provided meals (MREs) and water throughout their shift. Meals will be given out at 0800, 1200, and 1800 hours daily. Empty water bottles will be filled and given to each detainee upon request. Guards will ensure there is enough potable water on hand to re-fill the bottles as needed.
- i. Maintain and enforce the uniform policy. The uniform for inside the RHA is DCUs, but may be upgraded as the situation dictates. At no time will the guards remove their blouse while on duty. RHA guards will enforce this standard.
- j. While out of the ready room guards will not eat, drink soft drinks, read, write letters, or conduct any other business that may distract them while on duty. Guards will perform their duties IAW FM 22-6 and established procedures. Guards are not permitted to leave the RHA without ensuring that the detainee guard ration is maintained. Guards will be permitted to leave the RHA to use the latrine, however, they are not permitted to go to the barracks/ sleeping areas to wake up the next shift.
- k. Maintain an "Amber" weapon status with magazine in well and the selector switch on safe. Upon shift change, the off going guards will move to the nearest clearing barrel and clear their weapon. Guards will maintain positive control of their weapons while on duty. At no time will the weapon be left unattended or under the control of another guard.
- l. The Stand-by guards will escort detainees being transferred to the DIF or Corps Holding Area. The only exception it this is when all detainees are being transferred the current shift will provide the escort.

7. Upon arrival and while detained the detainees will:

- a. Be interviewed by the RHA NCOIC, CI agent, or Squadron S-2 and screened for medical problems or signs of physical abuse.
- b. Have any restraints (hand-cuffs, zip-ties) replaced so that their hands are in front. Zip-ties will be placed so that they secure the detainee's hands, but not to the extent that they pose a medical risk. Restraining devices will be used until the detainee is determined that he/she is no longer a security risk. This determination will be made during the interview with S-2 or CI personnel.
- c. No talking until after the completion of the initial interview. If a detainee refuses to adhere to this policy, the RHA guards are authorized to gag them. By taping his / her mouth. The gag will not be placed so that it poses a medical risk. Detainees will be briefed on this policy upon arrival with the assistance of a qualified translator.
- d. Be permitted, after the initial interview, to walk freely around their respective cell. They will not be permitted outside of the cell unless under escort. The only authorized reasons for leaving the cell are to use the latrine, to be moved for questioning, or as directed by the chain of command.
- e. Be permitted, upon completion of the initial interview, to conduct religious activities (pray). If needed, the RHA guards will un-bind the detainee's hands.

8. If any medical issue is identified, the RHA NCOIC will be notified and proper medical treatment will be given. The medics on site will assess the EPW to determine what is needed. If determined that the detainee has to be transferred to the medical treatment facility, RSS, Transportation will be provided with guards to RSS. The medic will stay with the patient as needed to brief the on call PA of symptoms found.

9. If adequate supplies are available, detainees will be permitted to conduct personal hygiene in the morning under the supervision of the RHA guards.

10. Requests for special privileges, such as smoking, will be brought to the attention of the RHA NCOIC, Squadron Assistant Operations Officer, S-2, or chain of command for action. The decision will be made based on the detainee's status and overall demeanor/ level of cooperation.

11. All EPWs that are of 17 years or younger and or female will be put in a separate cell. At no time will a male soldier search a female EPW. A female soldier will be requested if not available to conduct the search in the presence of an NCO and a translator. At no time will this ever be negotiated to save time.

12. While in the RHA, the detainee will be treated within the guideline established under international humanitarian law and through military channels. RHA guards are permitted to use the appropriate force, including deadly force, if needed. If force is used, it will be reported and if need, an investigation will be conducted by the command. If determined that excessive force or any form of abuse was used on the detainees, the person or persons can be subject to disciplinary actions under the Uniformed Code of Military Justice.

MEMORANDUM FOR CONCERNED PERSONNEL

Subject: RSS/RHA Special Instructions

1. As soldiers and Dragoons, we are expected to maintain our professional standards and individual discipline at all times. Every soldier should execute a high level of initiative, competence, pride and professional excellence in all that we do. Teamwork is the basic building block of RSS and it will take each individual doing a little extra to enable us to accomplish our mission in a professional manner.

2. At a minimum, the RHA guard force will read and review on a daily basis the follow list of special instructions thereby ensuring that they understand their duties as a guard at the RHA.

Basic Duties:

- a. Guards will perform their duties LAW FM 22-6 and established procedures.
- b. Treat all detainees with dignity and respect.
- c. Prisoners shall be separated according to Sex, Rank, Age, Criminal, and intelligence detainees. Detained Foreign Military Officers will be treated as appropriate to their rank.
- d. Handle all detainees with the minimum force necessary as required by the situation. No form of abuse, physical or mental (including the use of abusive language), will be directed at the detainees.
- e. All prisoners will be searched upon reception, every two days (if held beyond 72 hours), and upon transfer to another facility. Ensure that the detainee is not retaining any weapons, personal property, food, tobacco products, or hazardous items (i.e. belts, and shoelaces).
- f. RHA guard force will maintain a ratio of 5:1 between detainees and guards with a minimum of 2 guards present at all times. The RHA NCOIC will ensure that guard force is assigned areas of work to include interior, exterior guard, and RTO.
- g. Interior guards will conduct check all cells with detainees constantly. At least once every 30 minutes checks will be recorded on cell logs. Guards coming onto shift will ensure the presence of all detainees and their compliance of established guidelines as brief to them upon their reception at RHA.
- h. Exterior guards will perform roving patrol outside the RHA structure. Securing access to the RHA facility, inspecting the perimeter integrity, and providing presence to discourage escape.
- i. Prior to shift change the outgoing Shift NCOIC will conduct a full inspection of the RHA area and conduct a prisoner count with the incoming Shift NCOIC present. Only after inspections are complete and detainees are accounted for will the outgoing NCOIC and Guards be relieved of duty.
- j. If a detainee is unaccounted, at any time guards, will IMMEDIATELY report the absence to the Shift NCOIC who will in turn notify Camp Muleskiner FPC at DNV: 587-5027.

Health and Welfare:

- a. Ensure that detainees maintain the cleanliness of their respective holding cell.
- b. The guard force is responsible for the cleanliness of the common areas and police call around the RHA. Police call and trash removal will be conducted at the change of shifts.
- c. Daily inspections of cells will be conducted to ensure integrity, security, and cleanliness of the cells. Any attempts to weaken the cells will result in the detainee being restrained (zip-tied) and removed from the cell so that repairs / corrections can be made.

Subject: RE: Training for Treatment of Prisoners

Want to publish guidance for specific pre deployment training required for units going over to perform detainee mission ... Previous guidance has stated all units must be proficient in METL derived for mission ... But didn't address each type unit.

Talked w/ MG Barrett yesterday ... He says you all have recommended tasks ... Would appreciate your help here

Also, looking at what training should be required of all soldiers prior to deployment ... Already require Law of Land Warfare and handling of POWs ... Any other tasks you'd recommend?

Thanks,
