POLICY

MEMORANDUM FOR DIRECTOR, DEFENSE INTELLIGENCE AGENCY

SUBJECT: (U) Request for Support

~~(S)~~ We are establishing an ad hoc Policy Counter Terrorism Evaluation Group (PCTEG) to take an independent look at Al-Qaida's worldwide organization and linkages. In addition to cataloging suppliers and analyzing Al-Qaida's relations with states and their supply networks, this group will seek to identify "chokepoints" of cooperation and coordination, identify vulnerabilities, and recommend strategies to render the terrorist networks ineffective. We need the support of the intelligence community for this project to go forward.

(U) My staff has identified three individuals from your organization who I believe would be beneficial to the group:

- [REDACTED] (DIA), [REDACTED]
- [REDACTED] (J-2), [REDACTED]
- [REDACTED] (J-2), [REDACTED]

~~(S)~~ It would be helpful if the above-named individuals could be detailed to the OSD (Policy) organization for a period of 90 days to support our study effort. I understand that [REDACTED] may only be available for 30 days, which would still be useful.

(U) Thank you for your consideration to this matter. My point of contact is [REDACTED] at [REDACTED]
